GARDENER SHOOTS HIMSELF

ANTHONY WILLIAMS, 43, ATTEMPTS SUICIDE AT FATHER-IN-LAW'S HOME

Akron Man, Spending Yuletide Holidays in District, Fires .25 Calibre Automatic Revolver Bullet Into Left Side After Making Trip to See Wife From Whom he is Separated.

SHOT FOLLOWS RIB AND COMES OUT IN BACK; VICTIM WILL LIVE

Declines to Discuss Motive After Removal to Hospital, But it is Said Shooting Was Prompted by Jealousy Following Discovery That Estranged Woman Was Entertaining Friend.

Anthony Williams, 43, gardener, of Akron, is in the City hospital, suffering from a bullet wound in the left breast, sustained at 7 o'clock last evening, when he attempted to commit suicide at the home of his father-in-law, Charles Alford, about four miles from Chester, near Hookstown.

Jealousy over his wife, from whom he has been separated, is said to have prompted the shooting.

The bullet, from a .25 calibre automatic revolver entered just above his breast, but was deflected when it struck his third rib, It followed the rib around his side and emerged from his back, near the left arm pit. He will recover, physicians say.

Shooting Occurs In Yard.

Williams since last fall is said to have been working in Akron, but came to the East Liverpool district Christmas eve to visit friends and relatives. He went to the Alford home Friday evening, where his wife has been visiting, and it is claimed found her entertaining company.

Stepping around to the back yard, Williams placed the muzzle of the revolver against his left breast and pulled the trigger. Members of the Alford family, hearing the report of the shot, rushed to the yard and found him. He was carried into the house, and Dr. Charles R. Campbell of Chester was summoned.

Dr. Campbell went to the Alford home in the Arner ambulance and after examining the wound ordered Williams' removal to the hospital. When questioned by relatives and friends, who visited the hospital last night, Williams would make no statement other than to say that he was ill.

Ten Suicides, 30 Attempts in Berlin On Christmas Day

BERLIN, Dec. 27—Ten persons ended their own lives and 30, including five women, made unsuccessful attempts at suicide in Berlin on Christmas. Unhappy married experiences or unemployment were the principal incentives. Hanging, gas and fire arms were the methods chosen.

The total of suicides was the largest for Christmas Day in ten years.

WOMAN IS OHIO FIRE VICTIM

Man, Burned in Cleveland Blaze, is Dying.

CLEVELAND, Dec. 27.—Mrs. Jessie Brown, 55, suffocated in a fire that swept her home in St. Clair avenue, today, died while being rushed to the hospital. John Lochfelm, 60, residing at the same address was believed to be dying from burns received in the same fire.

The fire, which broke out shortly after 8 o'clock, was of unexplained origin.

Six others narrowly escaped suffocation during the night from the fumes thrown off by a gas stove in a tightly closed apartment. They were Henry Schmidt, his wife and four children, who had closed up their rooms tightly to avoid the wintery cold, and left the gas stove in the kitchen going full blast. Schmidt, half dazed, awakened and summoned aid. His wife and children were nearly unconscious when carried from the building.

Fierce Gale Sweeps England; Rhymney Valley, Wales, Flooded

LONDON, Dec. 27.—A fierce gale was sweeping England today and had whipped the English channel into a seething cauldron of water. Cross channel traffic was disagreed and almost suspended.

Unprecedented floods were sweeping Rhymney valley in South Wales. Houses were flooded and inhabitants had taken refuge in the upper stories.

The Thames river was at flood stage and had left is banks at several points.

Newspaper Man's Wife Drops Dead In Capital Home

WASHINGTON, Dec. 28.—Mrs. Jay G. Hayden, wife of the Washington correspondent of the Detroit News, dropped dead suddenly in her home here last night, while conversing with members of her family. Heart disease was said to have been the cause. She was 33 years old and a native of Detroit.

Jury in "Kid" McCoy Case in Deadlock For Nine Hours

LOS ANGELES, Cal., Dec. 27—After being deadlocked for more than nine hours over the fate of "Kid" McCoy on a charge of murdering his "Light O'Love" the jury trying the case was today apparently no nearer a verdict than when it went out yesterday.

Disheveled and visibly weary from the long hours said to have been spent in the bitterest argument over whether the "Kid" should be adjudged not guilty or sentenced to death for his alleged crime, the jurors this morning sent word to Superior Judge Crail that they had not reached a decision and wanted something to eat.

From reports, the jurors are evenly divided over McCoy's guilt and innocence. It was reported that with the fluctuation of a single vote or two the jurymen and women have stuck by the first votes they cast shortly after 11 o'clock yesterday morning.

After being given breakfast, the jury was to be locked in again.

KALGAN LOOTERS ARE EXECUTED

PEKING, Dec. 27. — Two hundred soldiers, participants in the recent looting at Kalgan when American Tobacco and Oil companies suffered damage, were summarily executed, according to advices received this afternoon, on orders of officials investigating the affair.

DeMolay Dancing Party.

The first annual dinner dance of Harding Chapter, Order of DeMolay, will be held in the Masonic Temple, Broadway, Friday evening, January 2. Master Masons are requested to forward their reservations to the committee in charge.

DRY DETECTIVE ORDINANCE HITS SNAG

Aquitania, Giant Liner, is Buffeted By Atlantic Storm

LONDON, Dec. 27.—A radio message from the Giant liner Aquitania, bound for New York with many American passengers aboard received this afternoon, said that the vessel was being buffeted by heavy seas.

Incomplete phrases of the Aquitania's wireless message were picked up by seaport stations and led to a widespread rumor that the vessel had met disaster.

At the office of the Cunard company which operates the Aquitania, it was said:

"Any report that the Aquitania has met with disaster is false and silly. The story probably had its origin in the 'rumor factories' of the seacoast towns."

AWARDS MADE AT TRI-STATE POULTRY SHOW

Prize-winning Birds are Selected by Judges.

CUPS ARE GIVEN

Second Annual Exhibit Will Close at 10 O'clock Tonight.

Awards in the second annual poultry show, being conducted on the second floor of the Harris-Buick garage, West Fifth street, this week, under the auspices of the Tri-State Poultry and Pet Stock association, were announced today.

Owners of the prize winning birds will be given articles of merchandise, furnished by local merchants. The Chamber of Commerce and its members have offered five attractive loving cups.

Judging was completed Wednesday. Frank Ricketts, Coshocton, and Ira Farbar, Sandyville, judged the fancy stock, while the utility stock awards were made by Prof. E. C. Foreman, East Lansing, Mich., a member of the Michigan Agriculture College.

Eggs For Visitors.

The show will close at 10 o'clock tonight. Fair sized crowds have attended the exhibit this year. In addition to the display of chickens, a number of dealers in feed supplies are maintaining booths at the show.

Several dozens of eggs, gathered during the show, will be distributed to holders of tickets who visit the show tonight. The drawing will take place at the close of the exhibit.

The awards follow:

The awards are:

Barred Plymouth Rocks

Frank Johnson, Lisbon—1-3 cockerel, 1-2 pullet.

Fred Nicholson, Lisbon—2 cockerel, 5 pullet.

Elmer Brandon, Irondale—4 cockerel, 3-4 pullet.

White Plymouth Rocks

Woods Blaney, Roney's Point, W. Va.—1 cock, 3 hen, 2-3-4-5 cockerel, 1-2-3-4-5 pullet.

Robt. Walker, Sebring—2 cock, 1-2 hen, 1 cockerel, 1 old pen.

R. T. McNicol, East Liverpool—1 young pen.

NO BRITISH BAN ON U. S. POTATOES

WASHINGTON, Dec. 27.—The British government has not placed any embargo on American potatoes, the department of commerce announced today, but has required all imports of potatoes to be accompanied by a certificate showing them free of plant disease. Certificates of state departments of agriculture to the British ministry of agriculture are accepted.

TAX REVISION BOARD TO ACT ON COMPLAINTS NEXT TUESDAY

Five Suggestions are Given on Valuation Protests.

BLANKS READY

Urge Payment of Taxes Before January 20, 1925.

The Columbiana county board of tax review will begin to hear complaints regarding property valuations in the recent reappraisement of all real estate in the county at the court house at Lisbon, next Tuesday, County Auditor C. E. Hamilton announced today.

All complaints must be made in writing on blanks furnished by the county auditor and must be filed either with the board or with the county auditor not later than January 20, 1925.

The following advice is given complainants:

First—That evidence must be submitted of sales of similar property or the identical property, tending to show that the assessment is too high.

Second—That a mere statement that the assessment is "too high" is of no value or assistance.

Third—Complaints as to over-valuation of the land or the improvement are irrelevant when the aggregate assessment is not excessive.

Fourth—The fact that the assessment exceeds the cost price (unless recent) is of little valuation.

Fifth—That a bonafide offer to sell at less than the appraised value is the best evidence of overvaluation.

Records Are Now Open.

Taxpayers are urged to pay their taxes for the first half of the year as assessed before January 20, 1925, as it will be impossible for the board to adjust all complaints in the inter-

Unable to Keep up With Studies, School Girl Takes Poison

CLEVELAND, Dec. 27.—Despondent because continued illness prevented her from keeping up with her studies, Ruth Williams, 16, high school student, ended her life today with poison. She took the deadly draught at the home of a neighbor, then staggered dying to the home of her uncle nearby.

Norman Schulte, 22, unwilling to live when his sweetheart jilted him, was reported to be dying in a hospital here. A bullet wound is above his heart. At his bedside was the sweetheart, with whom he had quarreled. During the morning a reconciliation had been affected, and it was said that if he recovered from the self-inflicted wound a wedding ceremony would follow.

Publishers Attack Second Class Mail Increase Proposal

WASHINGTON, Dec. 27.—Any increase in second class mail rates will force newspaper publishers to cease using the mails and will result in a loss in revenue to the post office department, representatives of the American Newspaper Publishers' association charges today before the joint congress and the postal committee.

Through J. D. Barnum, Syracuse, N. Y., the publishers also formally protested the committee's action in rushing heatings on the Sterling Omnibus Postal Rate Increase bill.

New York City Is Preparing For 'Dripping Wet' New Year's

Cabarets, Hotels and Restaurants Have Long "Reserved Table" List Despite Impressing December Poison 'Hootch' Toll.

By DAVID SENTNER.

NEW YORK, Dec. 27—With the spectre of stricter prohibition enforcement for 1925 looming, New York today was preparing to celebrate a "dripping wet" New Year's Eve. This despite an impressive December poison "hootch" toll, the bottling up of rum row by the coast guard and an intensive raiding crusade in New Jersey, termed "the wettest state in the union," by Wm. H. Walker, assistant chief enforcement agent.

Cabarets, hotels and restaurants in the White Light District here have already "reserved table" bookings for New Year's Eve as long as a bootleggers' calling list.

POISON LIQUOR CLAIMS ANOTHER

NEW YORK, Dec. 27. — Poison rum claimed its eighth victim of the week, when John Cleary, 32, died after suffering for days from alcoholic poisoning.

Nineteen new cases have been recorded in the alcoholic ward at Bellevue hospital during the last 24 hours. One patient, William Cunningham, 53, slashed his throat with a razor in an ambulance.

Hotel managers were emphatic in declaring no "booze" would be served, but the majority of the hotels admitted it "was not in their province" to peer under table cloths for wandering hip flasks.

Speed Boats on Job.

Twenty-five new speed boats today joined the fleet of rum chasers oper-

SOLON FARRALL VOTES AGAINST MEASURE AFTER FIRST READING

Chambers, Rowe, Hayes, Eardley and Larcombe O. K. It.

KERR IS ABSENT

Proposal Appropriates 10 Per Cent of Fines For Sleuths.

Opposed by Councilman Thomas Farrall, an ordinance authorizing the appointment of prohibition detectives was held up on second reading after being placed on first reading at the solons' meeting last night.

Sponsors of the ordinance lacked the necessary three-fourths vote to suspend the rules, when Farrall voted "nay." The legislation probably will be considered on second reading at the next session.

Mayor Endorses Plan.

The measure which authorizes the employment of detectives to secure enforcement of laws prohibiting the manufacture, sale and transportation of intoxicating liquors," has the endorsement of Mayor Charles Brown. Detectives, employed under the provision of the measure are to be paid ten per cent of fines collected from violators.

Because of "the numerous violations of the prohibition laws taking place within the city limits," the proposal is declared to be an emergency measure and becomes operative as soon as it is signed by Mayor Brown. This clause eliminates the possibility of a referendum.

Councilman Farrall, in opposing the measure, declared the step to be 'unnecessary." Councilmen Chambers, Rowe, Eardley, Larcombe and Hayes

CARNEGIE STEEL CO. PLANS HUGE ADDITION TO MINGO JUNCTION PLANT

Colonel Thompson Will be Legion Speaker on Monday

Colonel Joseph Thompson, Beaver Falls, holder of Distinguished Service Cross and a number of other war decorations for bravery, will address an open meeting of East Liverpool Post No. 4, American Legion in the Legion hall, 633 Dresden avenue, at 8 o'clock Monday evening.

Col. Thompson, who maintains a law office in Pittsburgh, will also speak at the weekly luncheon meeting of the Lion's Club in the Larkins annex at 6 o'clock.

Members of the Legion, their wives, families and friends have been invited to hear Col. Thompson. Refreshments will be served during the evening.

Weds Newark Girl Month After First Love Spurned Him

COLUMBUS, Dec. 27.—Although his intended bride eloped with another sweetheart the night before their expected wedding—Thanksgiving day—Frank Strear, Philadelphia, is happy today.

Frank wedded Miss Eva Jones, Newark, at Philadelphia, yesterday.

On the day before last Thanksgiving day, Miss Elizabeth Jane Conley, of this city, whom Strear had expected to marry, disappeared. It was several days before relatives and friends learned she had eloped with and married Arthur House, who at that time was a merchant here.

200 Attend Reunion Dance of '23 Class Of High School

Members of the high school graduating class of 1923 held their first reunion dance at the East Liverpool Country club, last night. About 100 couples attended.

The music was furnished by the Black Cat orchestra, of Pittsburgh. The grand march was led by Charles Perrott, class president, and Miss Sarah Turnbull.

U. S. CUTTER RACE WITH DEATH ON

WASHINGTON, Dec. 27. — A race with death was started today by a coast guard cutter.

The cutter left her berth as Boston to save two fishermen reported stranded and in danger of freezing in a small boat off Westport, Nova Scotia. The fishermen are from South Addison, Maine, according to a report from coast guard headquarters here.

Expenditure of $6,000,000 for Seven New Open Hearth Furnaces Means Job for 1,400 More Men.

STEUBENVILLE, Dec. 27.—What comes as this community's biggest Yuletide gift is the announcement today of the appropriation of $6,000,000 for a huge addition to the Carnegie Steel company's Mingo Junction plant near here. The building plans call for seven new open hearth furnaces and other additions. The work is to begin immediately, according to President Williams of the Carnegie company.

When the enlargement is completed, the present working force of 2,600 men will be increased to over 4,000.

Official announcement was also made that the Steubenville plant of the Weirton steel company, employing 1,000 men, will resume in full Monday, January 5, after a seven months' shutdown, with prospects for steady operations.

Local plants are now operating on a basis of 80 per cent., the best in over a year, and steel men say prospects for 1925 are the best in six years.

Two large industries are contemplating locating here, official announcement being withheld for a few days. The plants will employ thousands.

Salvation Army Gives Christmas Party for Children

The Christmas entertainment given by the young people of the Salvation Army was conducted at the Third street citadel, last evening. A capacity crowd attended.

The citadel was attractively decorated for the occasion. Two large Christmas trees on the platform added to the effectivness of the effects.

Major Frank Croft, Cleveland, division young people's secretary, was in charge. Oscar Swan, Young People's Legion secretary, drilled and led the chorus choir. An orchestra composed of Miss May Foden, Eggerdon Dean, Alton Jones, E. J. Weaver, Harold Allison, Arch Craven and Lena Hare assisted in the program.

The Cradle Roll held its Yuletide entertainment Friday afternoon. The exercise were in charge of Major Croft assisted by Cradle Roll Sergeant Mrs. Flora Holden and her assistant, Mrs. Myrtle Hutchinson.

Cleveland Coal Operator Dies.

CLEVELAND, Dec. 27.—James Vincent Maher, president of the Rosemary Coal company, operating mines at Lafferty and Flushing, O., is dead at his home here. He was 60 years of age.

ANOTHER COLD WAVE ON WAY

From 5 to 10 Below Forecast for Ohio Tonight.

WASHINGTON, Dec. 27. — Much colder weather will overspread all sections east of the Mississippi river, except the extreme south, within the next 36 hours, the United States weather bureau announced today.

Cold wave warnings have been issued for all sections as far south as Tennessee, Virginia and North Carolina.

Generally fair weather was forecost tonight and Sunday, except for local snows in the lower lake region.

COLUMBUS, Dec. 27.—That the severe cold wave hitting Ohio tonight and tomorrow may be marked by a temperature as low as 10 below zero in the rural sections of the state and five below in cities, with not better than 10 above at any time Sunday, is the anticipation voiced here today by officials at the United States weather bureau.

The only consolation the weather forecasters held out was that it might

100 Reservations Made for Rotary's Anniversary Party

More than 100 guests are expected to attend the fourth anniversary party of the Rotary Club, which will take the form of a dinner-dance, to be held at the East Liverpool Country Club, Monday evening at 6:30 o'clock.

Reservation lists will close tonight.

W. E. Wells will be the speaker and master of ceremonies. Arrangements for the affair are in charge of a committee made up of Mr. Wells, H. B. Barth and Attorney Blaine H. Cochran.

MOTHER, TOUCHED BY APPEALS IN NEWSPAPER, RECLAIMS BABY BOY SHE ABANDONED ON CINDER PILE

CLEVELAND, Dec. 27.—Bobby "Cinders" and his mother were reunited today.

Last night a girl of 20, touched by the appeals printed in local newspapers, tears in her pretty blue eyes, went to Fairview Park hospital, and took Bobby in her arms. Her son, sturdy tot of nine months, gurgled and cooed to see the mother he had never known.

Last March, authorities at the hospital found a new born babe on a pile of cinders in the hospital yard. No clue to the identity of the mother was found, but when newspapers told of the case and announced the babe had been named "Bobby Cinders," letters signed "Bobby's Mother" arrived at intervals. Christmas eve a complete outfit for the boy was received with a note from his mother.

Sobs Out Her Story.

Yesterday, Judge George E. Addams, of the juvenile court, announced that if his mother wanted to reclaim the boy no prosecution would follow for his abandonment.

The mother, a blonde, whose auburn locks were bobbed in the prevailing fashion, sobbed out her story to the superintendent.

Bobby, it seemed, was a love child, and, according to the girl-mother, she left him on the cinder pile where he was born because in her desperation she did not know what else to do.

Although the spark of life was burning very low when the babe was picked up from the ashes, he grew and thrived and wealthy visitors to the hospital have more than once expressed a desire to adopt him.

Rev. Phillip Vollmer, the Superintendent, however, has remained firm in his wish that his mother reclaim "Bobby."

"I've gone through hell for Bobby, already, and now I'm willing to do it again," the young mother said as she clasped her babe in her arms. "They'll never take Bobby from me now."

She plans to take him to the home where she lives with her own mother, who is not yet aware that she is a grandmother.

"I know mother will love him as I do," the young mother declared confidently. Judge Adams will be asked to decide the case possibly today.

Spanish City Rebukes Ibanez.

VALENCIA, Spain, Dec. 27.—The city council today voted to change the name of Ibanez Square, as a rebuke to the author for his attacks on King Alfonso of Spain.

WEATHER
Ohio and West Virginia — Severe cold wave tonight; Sunday, fair and colder.

NEW YORK, Dec. 27. — Poison rum claimed its eighth victim of the week, when John Cleary, 32, died after suffering for days from alcoholic poisoning.

Nineteen new cases have been recorded in the alcoholic ward at Bellevue hospital during the last 24 hours. One patient, William Cunningham, 53, slashed his throat with a razor in an ambulance.

CARNEGIE STEEL CO. PLANS HUGE ADDITION TO MINGO JUNCTION PLANT

Expenditure of $6,000,000 for Seven New Open Hearth Furnaces Means Job for 1,400 More Men.

STEUBENVILLE, Dec. 27.—What comes as this community's biggest Yuletide gift is the announcement today of the appropriation of $6,000,000 for a huge addition to the Carnegie Steel company's Mingo Junction plant near here. The building plans call for seven new open hearth furnaces and other additions. The work is to begin immediately, according to President Williams of the Carnegie company.

When the enlargement is completed, the present working force of 2,600 men will be increased to over 4,000.

Official announcement was also made that the Steubenville plant of the Weirton steel company, employing 1,000 men, will resume in full Monday, January 5, after a seven months' shutdown, with prospects for steady operations.

Local plants are now operating on a basis of 80 per cent., the best in over a year, and steel men say prospects for 1925 are the best in six years.

Two large industries are contemplating locating here, official announcement being withheld for a few days. The plants will employ thousands.

Colonel Thompson Will be Legion Speaker on Monday

Colonel Joseph Thompson, Beaver Falls, holder of Distinguished Service Cross and a number of other war decorations for bravery, will address an open meeting of East Liverpool Post No. 4, American Legion in the Legion hall, 633 Dresden avenue, at 8 o'clock Monday evening.

Col. Thompson, who maintains a law office in Pittsburgh, will also speak at the weekly luncheon meeting of the Lion's Club in the Larkins annex at 6 o'clock.

Members of the Legion, their wives, families and friends have been invited to hear Col. Thompson. Refreshments will be served during the evening.

Weds Newark Girl Month After First Love Spurned Him

COLUMBUS, Dec. 27.—Although his intended bride eloped with another sweetheart the night before their expected wedding—Thanksgiving day—Frank Strear, Philadelphia, is happy today.

Frank wedded Miss Eva Jones, Newark, at Philadelphia, yesterday.

On the day before last Thanksgiving day, Miss Elizabeth Jane Conley, of this city, whom Strear had expected to marry, disappeared. It was several days before relatives and friends learned she had eloped with and married Arthur House, who at that time was a merchant here.

200 Attend Reunion Dance of '23 Class Of High School

Members of the high school graduating class of 1923 held their first reunion dance at the East Liverpool Country club, last night. About 100 couples attended.

The music was furnished by the Black Cat orchestra, of Pittsburgh. The grand march was led by Charles Perrott, class president, and Miss Sarah Turnbull.

U. S. CUTTER RACE WITH DEATH ON

WASHINGTON, Dec. 27. — A race with death was started today by a coast guard cutter.

The cutter left her berth as Boston to save two fishermen reported stranded and in danger of freezing in a small boat off Westport, Nova Scotia. The fishermen are from South Addison, Maine, according to a report from coast guard headquarters here.

Salvation Army Gives Christmas Party for Children

The Christmas entertainment given by the young people of the Salvation Army was conducted at the Third street citadel, last evening. A capacity crowd attended.

The citadel was attractively decorated for the occasion. Two large Christmas trees on the platform added to the effectivness of the effects.

Major Frank Croft, Cleveland, division young people's secretary, was in charge. Oscar Swan, Young People's Legion secretary, drilled and led the chorus choir. An orchestra composed of Miss May Foden, Eggerdon Dean, Alton Jones, E. J. Weaver, Harold Allison, Arch Craven and Lena Hare assisted in the program.

The Cradle Roll held its Yuletide entertainment Friday afternoon. The exercise were in charge of Major Croft assisted by Cradle Roll Sergeant Mrs. Flora Holden and her assistant, Mrs. Myrtle Hutchinson.

Cleveland Coal Operator Dies.

CLEVELAND, Dec. 27.—James Vincent Maher, president of the Rosemary Coal company, operating mines at Lafferty and Flushing, O., is dead at his home here. He was 60 years of age.

SOLON FARRALL VOTES AGAINST MEASURE AFTER FIRST READING

Chambers, Rowe, Hayes, Eardley and Larcombe O. K. It.

KERR IS ABSENT

Proposal Appropriates 10 Per Cent of Fines For Sleuths.

Opposed by Councilman Thomas Farrall, an ordinance authorizing the appointment of prohibition detectives was held up on second reading after being placed on first reading at the solons' meeting last night.

Sponsors of the ordinance lacked the necessary three-fourths vote to suspend the rules, when Farrall voted "nay." The legislation probably will be considered on second reading at the next session.

Mayor Endorses Plan.

The measure which authorizes the employment of detectives to secure enforcement of laws prohibiting the manufacture, sale and transportation of intoxicating liquors," has the endorsement of Mayor Charles Brown. Detectives, employed under the provision of the measure are to be paid ten per cent of fines collected from violators.

Because of "the numerous violations of the prohibition laws taking place within the city limits," the proposal is declared to be an emergency measure and becomes operative as soon as it is signed by Mayor Brown. This clause eliminates the possibility of a referendum.

Councilman Farrall, in opposing the measure, declared the step to be 'unnecessary." Councilmen Chambers, Rowe, Eardley, Larcombe and Hayes

ANOTHER COLD WAVE ON WAY

From 5 to 10 Below Forecast for Ohio Tonight.

WASHINGTON, Dec. 27. — Much colder weather will overspread all sections east of the Mississippi river, except the extreme south, within the next 36 hours, the United States weather bureau announced today.

Cold wave warnings have been issued for all sections as far south as Tennessee, Virginia and North Carolina.

Generally fair weather was forecast tonight and Sunday, except for local snows in the lower lake region.

COLUMBUS, Dec. 27.—That the severe cold wave hitting Ohio tonight and tomorrow may be marked by a temperature as low as 10 below zero in the rural sections of the state and five below in cities, with not better than 10 above at any time Sunday, is the anticipation voiced here today by officials at the United States weather bureau.

The only consolation the weather forecasters held out was that it might

100 Reservations Made for Rotary's Anniversary Party

More than 100 guests are expected to attend the fourth anniversary party of the Rotary Club, which will take the form of a dinner-dance, to be held at the East Liverpool Country Club, Monday evening at 6:30 o'clock.

Reservation lists will close tonight.

W. E. Wells will be the speaker and master of ceremonies. Arrangements for the affair are in charge of a committee made up of Mr. Wells, H. B. Barth and Attorney Blaine H. Cochran.

MOTHER, TOUCHED BY APPEALS IN NEWSPAPER, RECLAIMS BABY BOY SHE ABANDONED ON CINDER PILE

CLEVELAND, Dec. 27.—Bobby "Cinders" and his mother were reunited today.

Last night a girl of 20, touched by the appeals printed in local newspapers, tears in her pretty blue eyes, went to Fairview Park hospital, and took Bobby in her arms. Her son, sturdy tot of nine months, gurgled and cooed to see the mother he had never known.

Last March, authorities at the hospital found a new born babe on a pile of cinders in the hospital yard. No clue to the identity of the mother was found, but when newspapers told of the case and announced the babe had been named "Bobby Cinders," letters signed "Bobby's Mother" arrived at intervals. Christmas eve a complete outfit for the boy was received with a note from his mother.

Sobs Out Her Story.

Yesterday, Judge George E. Addams, of the juvenile court, announced that if his mother wanted to reclaim the boy no prosecution would follow for his abandonment.

The mother, a blonde, whose auburn locks were bobbed in the prevailing fashion, sobbed out her story to the superintendent.

Bobby, it seemed, was a love child, and, according to the girl-mother, she left him on the cinder pile where he was born because in her desperation she did not know what else to do.

Although the spark of life was burning very low when the babe was picked up from the ashes, he grew and thrived and wealthy visitors to the hospital have more than once expressed a desire to adopt him.

Rev. Phillip Vollmer, the Superintendent, however, has remained firm in his wish that his mother reclaim "Bobby."

"I've gone through hell for Bobby, already, and now I'm willing to do it again," the young mother said as she clasped her babe in her arms. "They'll never take Bobby from me now."

She plans to take him to the home where she lives with her own mother, who is not yet aware that she is a grandmother.

"I know mother will love him as I do," the young mother declared confidently. Judge Adams will be asked to decide the case possibly today.

Spanish City Rebukes Ibanez.

VALENCIA, Spain, Dec. 27.—The city council today voted to change the name of Ibanez Square, as a rebuke to the author for his attacks on King Alfonso of Spain.

WEATHER
Ohio and West Virginia — Severe cold wave tonight; Sunday, fair and colder.

FINAL EDITION

VOL. XLV. NO. 48. EAST LIVERPOOL, OHIO, SATURDAY, DECEMBER 27, 1924. 2c A COPY

GARDENER SHOOTS HIMSELF

ANTHONY WILLIAMS, 43, ATTEMPTS SUICIDE AT FATHER-IN-LAW'S HOME

Akron Man, Spending Yuletide Holidays in District, Fires .25 Calibre Automatic Revolver Bullet Into Left Side After Making Trip to See Wife From Whom he is Separated.

SHOT FOLLOWS RIB AND COMES OUT IN BACK; VICTIM WILL LIVE.

Declines to Discuss Motive After Removal to Hospital, But it is Said Shooting Was Prompted by Jealousy Following Discovery That Estranged Woman Was Entertaining Friend.

Anthony Williams, 43, gardener, of Akron, is in the City hospital, suffering from a bullet wound in the left breast, sustained at 7 o'clock last evening, when he attempted to commit suicide at the home of his father-in-law, Charles Alford, about four miles from Chester, near Hookstown.

Jealousy over his wife, from whom he has been separated, is said to have prompted the shooting.

The bullet, from a .25 calibre automatic revolver entered just above his breast, but was deflected when it struck his third rib, It followed the rib around his side and emerged from his back, near the left arm pit. He will recover, physicians say.

Shooting Occurs In Yard.

Williams since last fall is said to have been working in Akron, but came to the East Liverpool district Christmas eve to visit friends and relatives. He went to the Alford home Friday evening, where his wife has been visiting, and it is claimed found her entertaining company.

Stepping around to the back yard, Williams placed the muzzle of the revolver against his left breast and pulled the trigger. Members of the Alford family, hearing the report of the shot, rushed to the yard and found him. He was carried into the house, and Dr. Charles R. Campbell of Chester was summoned.

Dr. Campbell went to the Alford home in the Arner ambulance and after examining the wound ordered Williams' removal to the hospital. When questioned by relatives and friends, who visited the hospital last night, Williams would make no statement other than to say that he was ill.

Ten Suicides, 30 Attempts in Berlin On Christmas Day

BERLIN, Dec. 27—Ten persons ended their own lives and 30, including five women, made unsuccessful attempts at suicide in Berlin on Christmas. Unhappy married experiences or unemployment were the principal incentives. Hanging, gas and fire arms were the methods chosen.

The total of suicides was the largest for Christmas Day in ten years.

WOMAN IS OHIO FIRE VICTIM

Man, Burned in Cleveland Blaze, is Dying.

CLEVELAND, Dec. 27.—Mrs. Jessie Brown, 55, suffocated in a fire that swept her home in St. Clair avenue, today, died while being rushed to the hospital. John Lochfelm, 60, residing at the same address was believed to be dying from burns received in the same fire.

The fire, which broke out shortly after 8 o'clock, was of unexplained origin.

Six others narrowly escaped suffocation during the night from the fumes thrown off by a gas stove in a tightly closed apartment. They were Henry Schmidt, his wife and four children, who had closed up their rooms tightly to avoid the wintery cold, and left the gas stove in the kitchen going full blast. Schmidt, half dazed, awakened and summoned aid. His wife and children were nearly unconscious when carried from the building.

Fierce Gale Sweeps England; Rhymney Valley, Wales, Flooded

LONDON, Dec. 27.—A fierce gale was sweeping England today and had whipped the English channel into a seething cauldron of water. Cross channel traffic was disagreed and almost suspended.

Unprecedented floods were sweeping Rhymney valley in South Wales. Houses were flooded and inhabitants had taken refuge in the upper stories.

The Thames river was at flood stage and had left is banks at several points.

Newspaper Man's Wife Drops Dead In Capital Home

WASHINGTON, Dec. 28.—Mrs. Jay G. Hayden, wife of the Washington correspondent of the Detroit News, dropped dead suddenly in her home here last night, while conversing with members of her family. Heart disease was said to have been the cause. She was 33 years old and a native of Detroit.

Jury in "Kid" McCoy Case in Deadlock For Nine Hours

LOS ANGELES, Cal., Dec. 27—After being deadlocked for more than nine hours over the fate of "Kid" McCoy on a charge of murdering his "Light O'Love" the jury trying the case was today apparently no nearer a verdict than when it went out yesterday.

Disheveled and visibly weary from the long hours said to have been spent in the bitterest argument over whether the "Kid" should be adjudged not guilty or sentenced to death for his alleged crime, the jurors this morning sent word to Superior Judge Crail that they had not reached a decision and wanted something to eat.

From reports, the jurors are evenly divided over McCoy's guilt and innocence. It was reported that with the fluctuation of a single vote or two the jurymen and women have stuck by the first votes they cast shortly after 11 o'clock yesterday morning.

After being given breakfast, the jury was to be locked in again.

KALGAN LOOTERS ARE EXECUTED

PEKING, Dec. 27. — Two hundred soldiers, participants in the recent looting at Kalgan when American Tobacco and Oil companies suffered damage, were summarily executed, according to advices received this afternoon, on orders of officials investigating the affair.

DeMolay Dancing Party.

The first annual dinner dance of Harding Chapter, Order of DeMolay, will be held in the Masonic Temple, Broadway, Friday evening, January 2. Master Masons are requested to forward their reservations to the committee in charge.

DRY DETECTIVE ORDINANCE HITS SNAG

Aquitania, Giant Liner, is Buffeted By Atlantic Storm

LONDON, Dec. 27.—A radio message from the Giant liner Aquitania, bound for New York with many American passengers aboard received this afternoon, said that the vessel was being buffeted by heavy seas.

Incomplete phrases of the Aquitania's wireless message were picked up by seaport stations and led to a widespread rumor that the vessel had met disaster.

At the office of the Cunard company which operates the Aquitania, it was said:

"Any report that the Aquitania has met with disaster is false and silly. The story probably had its origin in the 'rumor factories' of the seacoast towns."

AWARDS MADE AT TRI-STATE POULTRY SHOW

Prize-winning Birds are Selected by Judges.

CUPS ARE GIVEN

Second Annual Exhibit Will Close at 10 O'clock Tonight.

Awards in the second annual poultry show, being conducted on the second floor of the Harris-Buick garage, West Fifth street, this week, under the auspices of the Tri-State Poultry and Pet Stock association, were announced today.

Owners of the prize winning birds will be given articles of merchandise, furnished by local merchants. The Chamber of Commerce and its members have offered five attractive loving cups.

Judging was completed Wednesday. Frank Ricketts, Coshocton, and Ira Farbar, Sandyville, judged the fancy stock, while the utility stock awards were made by Prof. E. C. Foreman, East Lansing, Mich., a member of the Michigan Agriculture College.

Eggs For Visitors.

The show will close at 10 o'clock tonight. Fair sized crowds have attended the exhibit this year. In addition to the display of chickens, a number of dealers in feed supplies are maintaining booths at the show.

Several dozens of eggs, gathered during the show, will be distributed to holders of tickets who visit the show tonight. The drawing will take place at the close of the exhibit.

The awards follow:

The awards are:

Barred Plymouth Rocks

Frank Johnson, Lisbon—1-3 cockerel, 1-2 pullet.

Fred Nicholson, Lisbon—2 cockerel, 5 pullet.

Elmer Brandon, Irondale—4 cockerel, 3-4 pullet.

White Plymouth Rocks

Woods Blaney, Roney's Point, W. Va.—1 cock, 3 hen, 2-3-4-5 cockerel, 1-2-3-4-5 pullet.

Robt. Walker, Sebring—2 cock, 1-2 hen, 1 cockerel, 1 old pen.

R. T. McNicol, East Liverpool—1 young pen.

NO BRITISH BAN ON U. S. POTATOES

WASHINGTON, Dec. 27.—The British government has not placed any embargo on American potatoes, the department of commerce announced today, but has required all imports of potatoes to be accompanied by a certificate showing them free of plant disease. Certificates of state departments of agriculture to the British ministry of agriculture are accepted.

TAX REVISION BOARD TO ACT ON COMPLAINTS NEXT TUESDAY

Five Suggestions are Given on Valuation Protests.

BLANKS READY

Urge Payment of Taxes Before January 20, 1925.

The Columbiana county board of tax review will begin to hear complaints regarding property valuations in the recent reappraisement of all real estate in the county at the court house at Lisbon, next Tuesday, County Auditor C. E. Hamilton announced today.

All complaints must be made in writing on blanks furnished by the county auditor and must be filed either with the board or with the county auditor not later than January 20, 1925.

The following advice is given complainants:

First—That evidence must be submitted of sales of similar property or the identical property, tending to show that the assessment is too high.

Second—That a mere statement that the assessment is "too high" is of no value or assistance.

Third—Complaints as to over-valuation of the land or the improvement are irrelevant when the aggregate assessment is not excessive.

Fourth—The fact that the assessment exceeds the cost price (unless recent) is of little valuation.

Fifth—That a bonafide offer to sell at less than the appraised value is the best evidence of overvaluation.

Records Are Now Open.

Taxpayers are urged to pay their taxes for the first half of the year as assessed before January 20, 1925, as it will be impossible for the board to adjust all complaints in the inter-

Unable to Keep up With Studies, School Girl Takes Poison

CLEVELAND, Dec. 27.—Despondent because continued illness prevented her from keeping up with her studies, Ruth Williams, 16, high school student, ended her life today with poison. She took the deadly draught at the home of a neighbor, then staggered dying to the home of her uncle nearby.

Norman Schulte, 22, unwilling to live when his sweetheart jilted him, was reported to be dying in a hospital here. A bullet wound is above his heart. At his bedside was the sweetheart, with whom he had quarreled. During the morning a reconciliation had been affected, and it was said that if he recovered from the self-inflicted wound a wedding ceremony would follow.

Publishers Attack Second Class Mail Increase Proposal

WASHINGTON, Dec. 27.—Any increase in second class mail rates will force newspaper publishers to cease using the mails and will result in a loss in revenue to the post office department, representatives of the American Newspaper Publishers' association charges today before the joint congress and the postal committee.

Through J. D. Barnum, Syracuse, N. Y., the publishers also formally protested the committee's action in rushing heatings on the Sterling Omnibus Postal Rate Increase bill.

New York City Is Preparing For 'Dripping Wet' New Year's

Cabarets, Hotels and Restaurants Have Long "Reserved Table" List Despite Impressing December Poison 'Hootch' Toll.

By DAVID SENTNER.

NEW YORK, Dec. 27—With the spectre of stricter prohibition enforcement for 1925 looming, New York today was preparing to celebrate a "dripping wet" New Year's Eve. This despite an impressive December poison "hootch" toll, the bottling up of rum row by the coast guard and an intensive raiding crusade in New Jersey, termed "the wettest state in the union," by Wm. H. Walker, assistant chief enforcement agent.

Cabarets, hotels and restaurants in the White Light District here have already "reserved table" bookings for New Year's Eve as long as a bootleggers' calling list.

Hotel managers were emphatic in declaring no "booze" would be served, but the majority of the hotels admitted it "was not in their province" to peer under table cloths for wandering hip flasks.

Speed Boats on Job.

Twenty-five new speed boats today joined the fleet of rum chasers oper-

100 Reservations Made for Rotary's Anniversary Party

More than 100 guests are expected to attend the fourth anniversary party of the Rotary Club, which will take the form of a dinner-dance, to be held at the East Liverpool Country Club, Monday evening at 6:30 o'clock.

Reservation lists will close tonight.

W. E. Wells will be the speaker and master of ceremonies. Arrangements for the affair are in charge of a committee made up of Mr. Wells, H. B. Barth and Attorney Blaine H. Cochran.

MOTHER, TOUCHED BY APPEALS IN NEWSPAPER, RECLAIMS BABY BOY SHE ABANDONED ON CINDER PILE

CLEVELAND, Dec. 27.—Bobby "Cinders" and his mother were reunited today.

Last night a girl of 20, touched by the appeals printed in local newspapers, tears in her pretty blue eyes, went to Fairview Park hospital, and took Bobby in her arms. Her son, sturdy tot of nine months, gurgled and cooed to see the mother he had never known.

Last March, authorities at the hospital found a new born babe on a pile of cinders in the hospital yard. No clue to the identity of the mother was found, but when newspapers told of the case and announced the babe had been named "Bobby Cinders," letters signed "Bobby's Mother" arrived at intervals. Christmas eve a complete outfit for the boy was received with a note from his mother.

Sobs Out Her Story.

Yesterday, Judge George E. Addams, of the juvenile court, announced that if his mother wanted to reclaim the boy no prosecution would follow for his abandonment.

The mother, a blonde, whose auburn locks were bobbed in the prevailing fashion, sobbed out her story to the superintendent.

Bobby, it seemed, was a love child, and, according to the girl-mother, she left him on the cinder pile where he was born because in her desperation she did not know what else to do.

Although the spark of life was burning very low when the babe was picked up from the ashes, he grew and thrived and wealthy visitors to the hospital have more than once expressed a desire to adopt him.

Rev. Phillip Vollmer, the Superintendent, however, has remained firm in his wish that his mother reclaim "Bobby."

"I've gone through hell for Bobby, already, and now I'm willing to do it again," the young mother said as she clasped her babe in her arms. "They'll never take Bobby from me now."

She plans to take him to the home where she lives with her own mother, who is not yet aware that she is a grandmother.

"I know mother will love him as I do," the young mother declared confidently. Judge Adams will be asked to decide the case possibly today.

Spanish City Rebukes Ibanez.

VALENCIA, Spain, Dec. 27.—The city council today voted to change the name of Ibanez Square, as a rebuke to the author for his attacks on King Alfonso of Spain.

ALLIES WILL HOLD COLOGNE

Ambassadors Decide They Will Not Quit City Jan. 10.

PARIS, Dec. 27.—The council of ambassadors unanimously voted today it was impossible to evacuate Cologne January 10.

The action of the ambassador's council was based on data compiled by the military control commission. The final report of the commission had not been completed today, and this was one reason the council advanced for delaying evacuation on the date which the allies had set.

The ambassador's council decided it would send a provisional note to Germany before January 10, setting forth its decision. The note will be a definite statement of the council's attitude toward Germany and will be beased on the report of the inter-allied military control commission. All of the allies' ambassadors in Berlin will present the note to Germny.

The discovery of a cache of guns in Germany was said to be one of the main paragraphs of the data supplied the ambassadors' council by the military commission.

The council will meet again next Wednesday to draw up the next note to Germany and approve the text of the provisional note.

New York City

(Continued from Page One)

ating along the coast, according to coast guard officials who said that bootleggers have recognized the futility of depending further on rum row for their source of supply.

"Seventy-five per cent of this so-called foreign liquor is nothing but synthetic alcohol," declared Federal Prohibition Director Roy A. Haynes.

Harbor police corroborated this statement with the report that a bevy of liquor "stills" were put in operation recently in the lonely vicinity of Long Island, the dock fronts of Weehawken and the "bad man's section of South Brooklyn."

Planes, Trucks Carry Suply

Whatever outside supply is pouring into the holiday market is coming via Canada, prohibition agents said. Aeroplanes are used to some extent, but motor trucks are preferred.

Prohibition officials have been informed of a new and profitable profession developing near the Canadian border. Natives of Malone and other border towns are hiring out as "truck pilots." At $50 a load these "pilots" guide the rum trucks safely across the danger zone over unchartered roads. Their success is aided by their knowledge of the habits of the state troopers.

The tightening of the liquor blockade has raised the price and lowered the quality, according to Times Square bootleggers. "A dollar a swallow," is the New Year's Eve agreement among the industry.

Power Company Submits Bill.

The Ohio Power company submitted an unpaid balance of $602 97 on a street lighting bill, which had its beginning back in 1921, and a balance of $1,826.13 on the November street lighting bill. Both accounts will be taken care of when the 1925 budget is considered. Service Director Ellis reported the street lighting fund depleted about six weeks ago.

The depository commission reported $404.12 on deposit in local banks during November. Twelve property holders of Harker avenue submitted a petition asking that the thoroughfare be graded so as to give the proper drainage. The petition was referred to Service Director Ellis.

City Engineer John George submitted a report estimating the cost of a sewer between Sylvan alley and Central street at $7,450. Residents of this street recently appeared before council expressing their willingness to bear a part of the expense in constructing the sewer.

Tax Revision

(Continued from Page One)

im. Any adjustments which are made on valuation will be returned with the tax payment due in June.

Tax statements and returns are now open for inspection at the office of the county auditor in Lisbon. The auditor, upon request, will furnish any person with the valuation figures on any piece of real estate in the county upon receipt of postage.

Property valuations in Columbiana county were increased by $24 013,020 in the reappraisement, bringing the tax duplicate to $132,642,080. East Liverpool's property valuation was boosted to $32,765,800.

Steamer Wrecked By Hurricane; 13 Of Crew Missing

CHRISTIANA, Norway, Dec. 27.—The Norwegian steamer Northland was wrecked by a hurricane today outside of the Port of Bodo, near the Lofeten islands, reports received here today said. Nine of the crew were saved and thirteen were missing.

DEATH ROLL

Mrs. Albinina Bolton.

Mrs. Albinina Bolton, 60 years old, wife of Lewis Bolton, died yesterday at her home, 416 Grove alley. Death followed a brief illness.

She is survived besides her husband by the following children: Dale, Goldie, William, Helen and Thelma, also three sisters, Mrs. John Tinson of Steubenville, Mrs. John Whittenberger and Mrs. Robert Beatty of Chester.

Funeral services will be held at the home at 2 o'clock Monday afternoon. Burial will be made in Riverview cemetery.

Wealthy Orphan's Beneficiary Arrives For Quiz Into Death

Intensity of Interest in "Billie" McClintock Case Heightened as W. D. Shepherd Returns to Chicago.

CHICAGO, Dec. 27. — With the arrival today of Wm. D. Shepherd, principal beneficiary in the will of "Billie" McClintock, the quiz into the death of the "millionaire orphan" is heightened in intensity of interest.

Shepherd, who has been in Albuquerque, N. M., returned voluntarily after he learned that an inquiry had been launched and the bbody of his foster son had been exhumed for analysis of the vital organs.

The statement of a bacteriologist that Shepherd had interested himself in the laboratory examination of germs over a period of two years, made public at the state's attorneys office last night, was denied by Shepherd while enroute to Chicago.

Foster Father's Story

The statement was issued by First Assistant State's Attorney George Gorman, and was made by F. T. Breidigan, now of Battle Creek, Mich., but formerly at the Illinois research laboratory.

Shepherd said he was acquainted with Breidigan.. He denied he had interested himself in laboratory examination of germs, and said he went to the laboratory where Breidigan was employed to have a blood test for an anemic condition on advice of his physician.

"I am ready to answer to any questions that may be asked regarding the death of my foster son, Wm. Nelson McClintock," Shepherd said.

"In 1919 I was under the care of Dr. Oscar Olson, a brother of Chief Justice Olson. Dr. Olson had offices in the laboratory where Breidigan worked. The laboratory was owned by a personal friend, Mr. May.

Explains Boy's Attitude.

"At the time I was there it was during Dr. Olson's office hours, where I went to consult him. I had a laboratory diagnosis made of my case and the records of the American hospital will show I entered the hospital for treatment for an amoebic infection.

"Later on, at the hospital, I had my tonsil removed and an operation was performed on my nose. After that for several weeks by nose bled almost continually and I went to Dr. Olson's laboratory for treatment. There I met Breidigan, but I saw only the few Misroscopic plates and as I recall that was a tubercular germ. The typhus germ was never mentioned."

Shepherd when asked regarding the boy's attitude toward him before his death said:

"I know he had the utmost love for Mrs. Shepherd and myself. I had an opportunity to see a letter he wrote to Rev. C. A. Nauman, Evanston, pastor of St. Paul's Lutheran church, which we all attended.

"In the letter he told of how much he loved us and said he wanted us always to have all we desired. He signed the latter 'Your Friend and Pal.'"

Answers All Questions.

Shepherd was asked what he really thought caused the boy's last illness.

"I think the real cause of his going," he said, "was due to the strain of going to business college early every day and then remaining out until 1, 2 and 3 o'clock every morning at social functions. He was a frail boy, anyway, and the strain was too much, I believe.

"We slept in twin beds in the same room and I used to wake when he arrived and joke and warn him about staying out so late. He was out late seven nights a week.

"If it had not been for the money Billie was worth, nothing ever would have been said about the case."

Shepherd talked freely and courteously and answered all questions asked him. He told of the many visits the family, with Billie, had made to Kansas.

Ordinance Hits Snag

(Continued from Page One)

supported it, while Councilman Kerr was not present.

Firemen Ask Pay Boost.

In asking that council enact the measure, Mayor Brown at a recent conference with the solons, declared that the work of apprehending liquor violators was handicapped because of the lack of sleuths, unknown to the professional bootlegger. A previous ordinance enacted by council sets aside a fund of ten per cent of fines collected from liquor violators with which to employ the detectives. A state examiner recently ruled that this money could not be legally expended unless council adopted legislation creating the detective places.

Little other business was considered at the brief session. The councilmen discussed the application of members of the fire department for an increase in salary but deferred action until they consider the 1925 budget. Until the January taxes are collected, the city will be uncertain of its income for the coming year.

Councilmen Farrall, Hayes and Larcombe spoke in favor of a pay increase for the firemen. Farrall also urged that additional police officers be employed, asserting that the present police force is not sufficient to give merchants the protection they deserve during the night season.

Wheeling Man Dies After Being Struck By Traction Car

WHEELING, W. Va., Dec. 27.—Lee Miltonberger, 29, of West Wheeling, B. & O. fireman, died this morning in a hospital here of injuries sustained a few hours earlier when struck by a street car not far from his home. Miltonberger was running for the car, slipped on a bank and skidded down to the track in front of it and was hit.

DON'T CHEER YET

REPORTS FROM STOCK MARKET

NEW YORK, Dec. 27—Stock prices moved vigorously to higher price levels today in another remarkable demonstration of the strength of the market and the stability of the present price structure. All traces of the holiday spirit disappeared and the stock market was again the scene of a raging, plunging buying movement in which prices rushed up to new high levels for the year and in some cases the highest prices in a decade.

The coppers and steel stocks were the leaders in the early advance in prices but trading had not proceeded very far before the equipment, motor, specialty stocks and high priced industrial leaders joined the movement and under the impetus of an extraordinary buying movement were swept on to higher price levels.

The copper stocks had apparently not fully discounted the effect of the Anaconda unexpected dividend resumption, and the gradual advance in the price of copper metal. Heavy trading in the copper stocks, including Magma, Anaconda, Kennecott, American Smelters and Cerro De Pasco and Chile, was also featured by the rise of most of these stocks to higher prices for the year.

With United States Steel above 120 for the first time since 1917 and larger operations reported for steel mills, it was natural that speculative interest should be attracted to the independent steel stocks. Bethlehem Steel sold above 50 per cent for the first time in the current movement. Republic was up two points to above 60; Gulf States, Colorado Fuel and Vanadium about a point higher.

Market leaders like Cast Iron Pipe, Pullman, Worthington Pump, Texas Gulf Sulphur and American Can continued the forward movement which started early in Friday's session. Baldwin Locomotive sold at a new 1924 high above 134; Cast Iron Pipe around 168, a gain of 10 points from yesterday's low; Texas Gulf Sulphur sold above 110 and General Motors above 66.

The oil stocks were fairly steady, with some of the low priced issues like Simms and Pure Oil making fractional gains. The Pan-Americans were active at slightly higher prices. Rails were firm with the exception of the St. Pauls, which was sold on the disappointing earnings report for November.

Sterlings exchange sold up one cent at $4.72½ for cables. Cotton was strong and grain markets steady.

Pittsburgh Live Stock.

PITTSBURGH, Dec. 27.—Cattle—Supply light Market steady.

Sheep and Lambs—Supply light, market steady.

Hogs—Receipts 3,000 market strong, 10@50c higher. Prime heavy hogs, 10.95@11G.25, meniums 10.80@10.90, heavy yorkers 10.00@10.50, light Yorkers 9.75@10.00, pigs 9.00@9.50, roughs 8.50@9.25, stags 4.00@5.50.

Another Cold Wave

(Continued from Page One)

be a few degrees warmer Sunday night than tonight.

The Saturday night-Sunday cold wave, probably will be accompanied by northwest to northerly winds, it was stated.

CHICAGO, Dec. 27—After basking in a short respite from zero temperature, Chicago and the middle west were braced today for another cold wave coming out of the bleak expanse of the frozen northwest.

Already early today the mercury had dropped from its height of 26 degrees above to about six above.

High winds are interfering with telegraph an telephone communication.

Heavy ice has formed in Rivers of the middle west. During the night the far northwest reported the temperature well below zero.

At Winnipeg it was 30 below. Minneapolis reported 22 below, a drop of 42 degrees in 12 hours. At Fond Du Lac, Wis., it was 10 below, 20 degrees colder than at midnight. It was 27 below at Fargo, N. D.

NEW YORK, Dec. 27—Another cold wave will arrive here tomorrow from the northwest, the weather bureau announced today. It was predicted that gales would send the mercury down for a new low record for this time of the year.

Yesterday the theremometer registered 11, the coldest December 26 since 1872.

Warmer weather was predicted for today.

Toledo Live Stock

TOLEDO, Dec. 27.—Hogs—Receipts light; market higher. Good mediums 10.75-11.00; heavy yorkers 10.25-10.75; good mixed 10.75-10.85; bulk of sales 10.85-11.00; common to light pigs 8.50-9.00; roughs 8.75-9.00.

ALLIES WILL HOLD COLOGNE

Ambassadors Decide They Will Not Quit City Jan. 10.

PARIS, Dec. 27.—The council of ambassadors unanimously voted today it was impossible to evacuate Cologne January 10.

The action of the ambassador's council was based on data compiled by the military control commission. The final report of the commission had not been completed today, and this was one reason the council advanced for delaying evacuation on the date which the allies had set.

The ambassador's council decided it would send a provisional note to Germany before January 10, setting forth its decision. The note will be a definite statement of the council's attitude toward Germany and will be beased on the report of the inter-allied military control commission. All of the allies' ambassadors in Berlin will present the note to Germny.

The discovery of a cache of guns in Germany was said to be one of the main paragraphs of the data supplied the ambassadors' council by the military commission.

The council will meet again next Wednesday to draw up the next note to Germany and approve the text of the provisional note.

New York City

(Continued from Page One)

ating along the coast, according to coast guard officials who said that bootleggers have recognized the futility of depending further on rum row for their source of supply.

"Seventy-five per cent of this so-called foreign liquor is nothing but synthetic alcohol," declared Federal Prohibition Director Roy A. Haynes.

Harbor police corroborated this statement with the report that a bevy of liquor "stills" were put in operation recently in the lonely vicinity of Long Island, the dock fronts of Weehawken and the "bad man's section of South Brooklyn."

Planes, Trucks Carry Suply

Whatever outside supply is pouring into the holiday market is coming via Canada, prohibition agents said. Aeroplanes are used to some extent, but motor trucks are preferred.

Prohibition officials have been informed of a new and profitable profession developing near the Canadian border. Natives of Malone and other border towns are hiring out as "truck pilots." At $50 a load these "pilots" guide the rum trucks safely across the danger zone over unchartered roads. Their success is aided by their knowledge of the habits of the state troopers.

The tightening of the liquor blockade has raised the price and lowered the quality, according to Times Square bootleggers. "A dollar a swallow," is the New Year's Eve agreement among the industry.

Power Company Submits Bill.

The Ohio Power company submitted an unpaid balance of $602 97 on a street lighting bill, which had its beginning back in 1921, and a balance of $1,826.13 on the November street lighting bill. Both accounts will be taken care of when the 1925 budget is considered. Service Director Ellis reported the street lighting fund depleted about six weeks ago.

The depository commission reported $404.12 on deposit in local banks during November. Twelve property holders of Harker avenue submitted a petition asking that the thoroughfare be graded so as to give the proper drainage. The petition was referred to Service Director Ellis.

City Engineer John George submitted a report estimating the cost of a sewer between Sylvan alley and Central street at $7,450. Residents of this street recently appeared before council expressing their willingness to bear a part of the expense in constructing the sewer.

Tax Revision

(Continued from Page One)

im. Any adjustments which are made on valuation will be returned with the tax payment due in June.

Tax statements and returns are now open for inspection at the office of the county auditor in Lisbon. The auditor, upon request, will furnish any person with the valuation figures on any piece of real estate in the county upon receipt of postage.

Property valuations in Columbiana county were increased by $24 013,020 in the reappraisement, bringing the tax duplicate to $132,642,080. East Liverpool's property valuation was boosted to $32,765,800.

Steamer Wrecked By Hurricane; 13 Of Crew Missing

CHRISTIANA, Norway, Dec. 27.—The Norwegian steamer Northland was wrecked by a hurricane today outside of the Port of Bodo, near the Lofeten islands, reports received here today said. Nine of the crew were saved and thirteen were missing.

DEATH ROLL

Mrs. Albinina Bolton.

Mrs. Albinina Bolton, 60 years old, wife of Lewis Bolton, died yesterday at her home, 416 Grove alley. Death followed a brief illness.

She is survived besides her husband by the following children: Dale, Goldie, William, Helen and Thelma, also three sisters, Mrs. John Tinson of Steubenville, Mrs. John Whittenberger and Mrs. Robert Beatty of Chester.

Funeral services will be held at the home at 2 o'clock Monday afternoon. Burial will be made in Riverview cemetery.

Wealthy Orphan's Beneficiary Arrives For Quiz Into Death

Intensity of Interest in "Billie" McClintock Case Heightened as W. D. Shepherd Returns to Chicago.

CHICAGO, Dec. 27. — With the arrival today of Wm. D. Shepherd, principal beneficiary in the will of "Billie" McClintock, the quiz into the death of the "millionaire orphan" is heightened in intensity of interest.

Shepherd, who has been in Albuquerque, N. M., returned voluntarily after he learned that an inquiry had been launched and the bbody of his foster son had been exhumed for analysis of the vital organs.

The statement of a bacteriologist that Shepherd had interested himself in the laboratory examination of germs over a period of two years, made public at the state's attorneys office last night, was denied by Shepherd while enroute to Chicago.

Foster Father's Story

The statement was issued by First Assistant State's Attorney George Gorman, and was made by F. T. Breidigan, now of Battle Creek, Mich., but formerly at the Illinois research laboratory.

Shepherd said he was acquainted with Breidigan.. He denied he had interested himself in laboratory examination of germs, and said he went to the laboratory where Breidigan was employed to have a blood test for an anemic condition on advice of his physician.

"I am ready to answer to any questions that may be asked regarding the death of my foster son, Wm. Nelson McClintock," Shepherd said.

"In 1919 I was under the care of Dr. Oscar Olson, a brother of Chief Justice Olson. Dr. Olson had offices in the laboratory where Breidigan worked. The laboratory was owned by a personal friend, Mr. May.

Explains Boy's Attitude.

"At the time I was there it was during Dr. Olson's office hours, where I went to consult him. I had a laboratory diagnosis made of my case and the records of the American hospital will show I entered the hospital for treatment for an amoebic infection.

"Later on, at the hospital, I had my tonsil removed and an operation was performed on my nose. After that for several weeks by nose bled almost continually and I went to Dr. Olson's laboratory for treatment. There I met Breidigan, but I saw only the few Misroscopic plates and as I recall that was a tubercular germ. The typhus germ was never mentioned."

Shepherd when asked regarding the boy's attitude toward him before his death said:

"I know he had the utmost love for Mrs. Shepherd and myself. I had an opportunity to see a letter he wrote to Rev. C. A. Nauman, Evanston, pastor of St. Paul's Lutheran church, which we all attended.

"In the letter he told of how much he loved us and said he wanted us always to have all we desired. He signed the latter 'Your Friend and Pal.'"

Answers All Questions.

Shepherd was asked what he really thought caused the boy's last illness.

"I think the real cause of his going," he said, "was due to the strain of going to business college early every day and then remaining out until 1, 2 and 3 o'clock every morning at social functions. He was a frail boy, anyway, and the strain was too much, I believe.

"We slept in twin beds in the same room and I used to wake when he arrived and joke and warn him about staying out so late. He was out late seven nights a week.

"If it had not been for the money Billie was worth, nothing ever would have been said about the case."

Shepherd talked freely and courteously and answered all questions asked him. He told of the many visits the family, with Billie, had made to Kansas.

Ordinance Hits Snag

(Continued from Page One)

supported it, while Councilman Kerr was not present.

Firemen Ask Pay Boost.

In asking that council enact the measure, Mayor Brown at a recent conference with the solons, declared that the work of apprehending liquor violators was handicapped because of the lack of sleuths, unknown to the professional bootlegger. A previous ordinance enacted by council sets aside a fund of ten per cent of fines collected from liquor violators with which to employ the detectives. A state examiner recently ruled that this money could not be legally expended unless council adopted legislation creating the detective places.

Little other business was considered at the brief session. The councilmen discussed the application of members of the fire department for an increase in salary but deferred action until they consider the 1925 budget. Until the January taxes are collected, the city will be uncertain of its income for the coming year.

Councilmen Farrall, Hayes and Larcombe spoke in favor of a pay increase for the firemen. Farrall also urged that additional police officers be employed, asserting that the present police force is not sufficient to give merchants the protection they deserve during the night season.

Wheeling Man Dies After Being Struck By Traction Car

WHEELING, W. Va., Dec. 27.—Lee Miltonberger, 29, of West Wheeling, B. & O. fireman, died this morning in a hospital here of injuries sustained a few hours earlier when struck by a street car not far from his home. Miltonberger was running for the car, slipped on a bank and skidded down to the track in front of it and was hit.

REPORTS FROM STOCK MARKET

NEW YORK, Dec. 27—Stock prices moved vigorously to higher price levels today in another remarkable demonstration of the strength of the market and the stability of the present price structure. All traces of the holiday spirit disappeared and the stock market was again the scene of a raging, plunging buying movement in which prices rushed up to new high levels for the year and in some cases the highest prices in a decade.

The coppers and steel stocks were the leaders in the early advance in prices but trading had not proceeded very far before the equipment, motor, specialty stocks and high priced industrial leaders joined the movement and under the impetus of an extraordinary buying movement were swept on to higher price levels.

The copper stocks had apparently not fully discounted the effect of the Anaconda unexpected dividend resumption, and the gradual advance in the price of copper metal. Heavy trading in the copper stocks, including Magma, Anaconda, Kennecott, American Smelters and Cerro De Pasco and Chile, was also featured by the rise of most of these stocks to higher prices for the year.

With United States Steel above 120 for the first time since 1917 and larger operations reported for steel mills, it was natural that speculative interest should be attracted to the independent steel stocks. Bethlehem Steel sold above 50 per cent for the first time in the current movement. Republic was up two points to above 60; Gulf States, Colorado Fuel and Vanadium about a point higher.

Market leaders like Cast Iron Pipe, Pullman, Worthington Pump, Texas Gulf Sulphur and American Can continued the forward movement which started early in Friday's session. Baldwin Locomotive sold at a new 1924 high above 134; Cast Iron Pipe around 168, a gain of 10 points from yesterday's low; Texas Gulf Sulphur sold above 110 and General Motors above 66.

The oil stocks were fairly steady, with some of the low priced issues like Simms and Pure Oil making fractional gains. The Pan-Americans were active at slightly higher prices. Rails were firm with the exception of the St. Pauls, which was sold on the disappointing earnings report for November.

Sterlings exchange sold up one cent at $4.72½ for cables. Cotton was strong and grain markets steady.

Pittsburgh Live Stock.

PITTSBURGH, Dec. 27.—Cattle—Supply light Market steady.

Sheep and Lambs—Supply light, market steady.

Hogs—Receipts 3,000 market strong, 10@50c higher. Prime heavy hogs, 10.95@11G.25, mediums 10.80@10.90, heavy yorkers 10.00@10.50, light Yorkers 9.75@10.00, pigs 9.00@9.50, roughs 8.50@9.25, stags 4.00@5.50.

Opening Liberty Bonds.

NEW YORK, Dec. 27.—Opening Liberty bonds:

Another Cold Wave

(Continued from Page One)

be a few degrees warmer Sunday night than tonight.

The Saturday night-Sunday cold wave, probably will be accompanied by northwest to northerly winds, it was stated.

CHICAGO, Dec. 27—After basking in a short respite from zero temperature, Chicago and the middle west were braced today for another cold wave coming out of the bleak expanse of the frozen northwest.

Already early today the mercury had dropped from its height of 26 degrees above to about six above.

High winds are interfering with telegraph an telephone communication.

Heavy ice has formed in Rivers of the middle west. During the night the far northwest reported the temperature e well below zero.

At Winnipeg it was 30 below. Minneapolis reported 22 below, a drop of 42 degrees in 12 hours. At Fond Du Lac, Wis., it was 10 below, 20 degrees colder than at midnight. It was 27 below at Fargo, N. D.

NEW YORK, Dec. 27—Another cold wave will arrive here tomorrow from the northwest, the weather bureau announced today. It was predicted that gales would send the mercury down for a new low record for this time of the year.

Yesterday the therometer registered 11, the coldest December 26 since 1872.

Warmer weather was predicted for today.

Ogilvie's Store News

EAST LIVERPOOL, OHIO, SATURDAY, DEC. 27, 1924

The Best and Warmest Blanket Made

What is it?

The Ogilvie answer is the "Kenwood." Sold at Ogilvie's.

Woven of pure, selected, new wool in a variety of handsome decorative color effects.

Warp and weft are of equal weight and substance, the best weave known in Blanket making. All have an unusually long, fleecy nap that will not wash away.

Single bed size, 3½ pounds, finished 60x84, priced at $9.00 each.

Double bed size woven 102 inches wide, and shrunk to 72 inches—84 inches long—priced at $12.00. Lustrous satin binding on all blankets.

Both single and double can be had in plain tan, gold, orchid or apricot; three tone plaids in blue, rose and white or tan, rose and white; two tone plaids in rose, tan, pink or blue with white.

—Second Floor.

English Broadcloth Overblouses

The vogue of English broadcloth Overblouses increases as the cold weather comes. They are warm and comfortable, always look fresh and are easily laundered.

Some are plain white, with tucked fronts, collars and cuffs. Others have stripes of blue or tangerine on white, still others are white with colored stripes on collars and cuffs.

Also plain blue or tan English Broadcloth.

All overblouse styles, single or double breasted.

Sizes 34 to 46. Priced at $2.00 and $3.00.

Mannish, roll, Peter Pan and Buster Brown collars.

—Second Floor.

The All-Purpose Sweeper-Vac

$5.00 down, the balance in easy monthly payments delivers the Sweeper-Vac complete with all attachments and its exclusive Vac Mop for hardwood floors. If you wish, an instructive demonstration will be given to the recipient.

Good Housekeeping and all testing institutes have approved this fully guaranteed three-in-one cleaner.

ALLIES WILL HOLD COLOGNE

Ambassadors Decide They Will Not Quit City Jan. 10.

PARIS, Dec. 27.—The council of ambassadors unanimously voted today it was impossible to evacuate Cologne January 10.

The action of the ambassador's council was based on data compiled by the military control commission. The final report of the commission had not been completed today, and this was one reason the council advanced for delaying evacuation on the date which the allies had set.

The ambassador's council decided it would send a provisional note to Germany before January 10, setting forth its decision. The note will be a definite statement of the council's attitude toward Germany and will be beased on the report of the inter allied military control commission. All of the allies' ambassadors in Berlin will present the note to Germny.

The discovery of a cache of guns in Germany was said to be one of the main paragraphs of the data supplied the ambassadors' council by the military commission.

The council will meet again next Wednesday to draw up the next note to Germany and approve the text of the provisional note.

New York City

(Continued from Page One)

ating along the coast, according to coast guard officials who said that bootleggers have recognized the futility of depending further on rum row for their source of supply.

"Seventy-five per cent of this so-called foreign liquor is nothing but synthetic alcohol," declared Federal Prohibition Director Roy A. Haynes.

Harbor police corroborated this statement with the report that a bevy of liquor "stills" were put in operation recently in the lonely vicinity of Long Island, the dock fronts of Weehawken and the "bad man's section of South Brooklyn."

Planes, Trucks Carry Suply

Whatever outside supply is pouring into the holiday market is coming via Canada, prohibition agents said. Aeroplanes are used to some extent, but motor trucks are preferred.

Prohibition officials have been informed of a new and profitable profession developing near the Canadian border. Natives of Malone and other border towns are hiring out as "truck pilots." At $50 a load these "pilots" guide the rum trucks safely across the danger zone over unchartered roads. Their success is aided by their knowledge of the habits of the state troopers.

The tightening of the liquor blockade has raised the price and lowered the quality, according to Times Square bootleggers. "A dollar a swallow," is the New Year's Eve agreement among the industry.

Power Company Submits Bill.

The Ohio Power company submitted an unpaid balance of $602 97 on a street lighting bill, which had its beginning back in 1921, and a balance of $1,826.13 on the November street lighting bill. Both accounts will be taken care of when the 1925 budget is considered. Service Director Ellis reported the street lighting fund depleted about six weeks ago.

The depository commission reported $404.12 on deposit in local banks during November. Twelve property holders of Harker avenue submitted a petition asking that the thoroughfare be graded so as to give the proper drainage. The petition was referred to Service Director Ellis.

City Engineer John George submitted a report estimating the cost of a sewer between Sylvan alley and Central street at $7,450. Residents of this street recently appeared before council expressing their willingness to bear a part of the expense in constructing the sewer.

Tax Revision

(Continued from Page One)

im. Any adjustments which are made on valuation will be returned with the tax payment due in June.

Tax statements and returns are now open for inspection at the office of the county auditor in Lisbon. The auditor, upon request, will furnish any person with the valuation figures on any piece of real estate in the county upon receipt of postage.

Property valuations in Columbiana county were increased by $24 013,020 in the reappraisement, bringing the tax duplicate to $132,642,080. East Liverpool's property valuation was boosted to $32,765,800.

Steamer Wrecked By Hurricane; 13 Of Crew Missing

CHRISTIANA, Norway, Dec. 27.—The Norwegian steamer Northland was wrecked by a hurricane today outside of the Port of Bodo, near the Lofeten islands, reports received here today said. Nine of the crew were saved and thirteen were missing.

DEATH ROLL

Mrs. Albinina Bolton.

Mrs. Albinina Bolton, 60 years old, wife of Lewis Bolton, died yesterday at her home, 416 Grove alley. Death followed a brief illness.

She is survived besides her husband by the following children: Dale, Goldie, William, Helen and Thelma, also three sisters, Mrs. John Tiuson of Steubenville, Mrs. John Whittenberger and Mrs. Robert Beatty of Chester.

Funeral services will be held at the home at 2 o'clock Monday afternoon. Burial will be made in Riverview cemetery.

Wealthy Orphan's Beneficiary Arrives For Quiz Into Death

Intensity of Interest in "Billie" McClintock Case Heightened as W. D. Shepherd Returns to Chicago.

CHICAGO, Dec. 27. — With the arrival today of Wm. D. Shepherd, principal beneficiary in the will of "Billie" McClintock, the quiz into the death of the "millionaire orphan" is heightened in intensity of interest.

Shepherd, who has been in Albuquerque, N. M., returned voluntarily after he learned that an inquiry had been launched and the bbody of his foster son had been exhumed for analysis of the vital organs.

The statement of a bacteriologist that Shepherd had interested himself in the laboratory examination of germs over a period of two years, made public at the state's attorneys office last night, was denied by Shepherd while enroute to Chicago.

Foster Father's Story

The statement was issued by First Assistant State's Attorney George Gorman, and was made by F. T. Breidigan, now of Battle Creek, Mich., but formerly at the Illinois research laboratory.

Shepherd said he was acquainted with Breidigan.. He denied he had interested himself in laboratory examination of germs, and said he went to the laboratory where Breidigan was employed to have a blood test for an anemic condition on advice of his physician.

"I am ready to answer to any questions that may be asked regarding the death of my foster son, Wm. Nelson McClintock," Shepherd said.

"In 1919 I was under the care of Dr. Oscar Olson, a brother of Chief Justice Olson. Dr. Olson had offices in the laboratory where Breidigan worked. The laboratory was owned by a personal friend, Mr. May.

Explains Boy's Attitude.

"At the time I was there it was during Dr. Olson's office hours, where I went to consult him. I had a laboratory diagnosis made of my case and the records of the American hospital will show I entered the hospital for treatment for an amoebic infection.

"Later on, at the hospital, I had my tonsil removed and an operation was performed on my nose. After that for several weeks by nose bled almost continually and I went to Dr. Olson's laboratory for treatment. There I met Breidigan, but I saw only the few Misroscopic plates and as I recall that was a tubercular germ. The typhus germ was never mentioned."

Shepherd when asked regarding the boy's attitude toward him before his death said:

"I know he had the utmost love for Mrs. Shepherd and myself. I had an opportunity to see a letter he wrote to Rev. C. A. Nauman, Evanston, pastor of St. Paul's Lutheran church, which we all attended.

"In the letter he told of how much he loved us and said he wanted us always to have all we desired. He signed the latter 'Your Friend and Pal.'"

Answers All Questions.

Shepherd was asked what he really thought caused the boy's last illness.

"I think the real cause of his going," he said, "was due to the strain of going to business college early every day and then remaining out until 1, 2 and 3 o'clock every morning at social functions. He was a frail boy, anyway, and the strain was too much, I believe.

"We slept in twin beds in the same room and I used to wake when he arrived and joke and warn him about staying out so late. He was out late seven nights a week.

"If it had not been for the money Billie was worth, nothing ever would have been said about the case."

Shepherd talked freely and courteously and answered all questions asked him. He told of the many visits the family, with Billie, had made to Kansas.

Ordinance Hits Snag

(Continued from Page One)

supported it, while Councilman Kerr was not present.

Firemen Ask Pay Boost.

In asking that council enact the measure, Mayor Brown at a recent conference with the solons, declared that the work of apprehending liquor violators was handicapped because of the lack of sleuths, unknown to the professional bootlegger. A previous ordinance enacted by council sets aside a fund of ten per cent of fines collected from liquor violators with which to employ the detectives. A state examiner recently ruled that this money could not be legally expended unless council adopted legislation creating the detective places.

Little other business was considered at the brief session. The councilmen discussed the application of members of the fire department for an increase in salary but deferred action until they consider the 1925 budget. Until the January taxes are collected, the city will be uncertain of its income for the coming year.

Councilmen Farrall, Hayes and Larcombe spoke in favor of a pay increase for the firemen. Farrall also urged that additional police officers be employed, asserting that the present police force is not sufficient to give merchants the protection they deserve during the night season.

Wheeling Man Dies After Being Struck By Traction Car

WHEELING, W. Va., Dec. 27.—Lee Miltonberger, 29, of West Wheeling, B. & O. fireman, died this morning in a hospital here of injuries sustained a few hours earlier when struck by a street car not far from his home. Miltonberger was running for the car, slipped on a bank and skidded down to the track in front of it and was hit.

REPORTS FROM STOCK MARKET

NEW YORK, Dec. 27—Stock prices moved vigorously to higher price levels today in another remarkable demonstration of the strength of the market and the stability of the present price structure. All traces of the holiday spirit disappeared and the stock market was again the scene of a raging, plunging buying movement in which prices rushed up to new high levels for the year and in some cases the highest prices in a decade.

The coppers and steel stocks were the leaders in the early advance in prices but trading had not proceeded very far before the equipment, motor, specialty stocks and high priced industrial leaders joined the movement and under the impetus of an extraordinary buying movement were swept on to higher price levels.

The copper stocks had apparently not fully discounted the effect of the Anaconda unexpected dividend resumption, and the gradual advance in the price of copper metal. Heavy trading in the copper stocks, including Magma, Anaconda, Kennecott, American Smelters and Cerro De Pasco and Chile, was also featured by the rise of most of these stocks to higher prices for the year.

With United States Steel above 120 for the first time since 1917 and larger operations reported for steel mills, it was natural that speculative interest should be attracted to the independent steel stocks. Bethlehem Steel sold above 50 per cent for the first time in the current movement. Republic was up two points to above 60; Gulf States, Colorado Fuel and Vanadium about a point higher.

Market leaders like Cast Iron Pipe, Pullman, Worthington Pump, Texas Gulf Sulphur and American Can continued the forward movement which started early in Friday's session. Baldwin Locomotive sold at a new 1924 high above 134; Cast Iron Pipe around 168, a gain of 10 points from yesterday's low; Texas Gulf Sulphur sold above 110 and General Motors above 66.

The oil stocks were fairly steady, with some of the low priced issues like Simms and Pure Oil making fractional gains. The Pan-Americans were active at slightly higher prices. Rails were firm with the exception of the St. Pauls, which was sold on the disappointing earnings report for November.

Sterlings exchange sold up one cent at $4.72⅓ for cables. Cotton was strong and grain markets steady.

Pittsburgh Live Stock.

PITTSBURGH, Dec. 27.—Cattle—Supply light Market steady.

Sheep and Lambs—Supply light, market steady.

Hogs—Receipts 3,000 market strong, 10@50c higher. Prime heavy hogs, 10.95@11G.25, meniums 10.80@10.90, heavy yorkers 10.00@10.50, light Yorkers 9.75@10.00, pigs 9.00@9.50, roughs 8.50@9.25, stags 4.00@5.50.

Steamer Engineer Burns to Death

GENOA, Dec. 27.—The body of engineer MacGordon of the Steamship Agremont was enroute back to Boston Mass., Today in charge of his brother. MacGordon was burned to death in the explosion of a steam pipe.

Another Cold Wave

(Continued from Page One)

be a few degrees warmer Sunday night than tonight.

The Saturday night-Sunday cold wave, probably will be accompanied by northwest to northerly winds, it was stated.

CHICAGO, Dec. 27—After basking in a short respite from zero temperature, Chicago and the middle west were braced today for another cold wave coming out of the bleak expanse of the frozen northwest.

Already early today the mercury had dropped from its height of 26 degrees above to about six above.

High winds are interfering with telegraph an telephone communication.

Heavy ice has formed in Rivers of the middle west. During the night the far northwest reported the temperature well below zero.

At Winnipeg it was 30 below. Minneapolis reported 22 below, a drop of 42 degrees in 12 hours. At Fond Du Lac, Wis., it was 10 below, 20 degrees colder than at midnight. It was 27 below at Fargo, N. D.

NEW YORK, Dec. 27—Another cold wave will arrive here tomorrow from the northwest, the weather bureau announced today. It was predicted that gales would send the mercury down for a new low record for this time of the year.

Yesterday the theromeler registered 11, the coldest December 26 since 1872.

Warmer weather was predicted for today.

Ogilvie's Store News

EAST LIVERPOOL, OHIO, SATURDAY, DEC. 27, 1924

The Best and Warmest Blanket Made

What is it?

The Ogilvie answer is the "Kenwood." Sold at Ogilvie's.

Woven of pure, selected, new wool in a variety of handsome decorative color effects.

Warp and weft are of equal weight and substance, the best weave known in Blanket making. All have an unusually long, fleecy nap that will not wash away.

Single bed size, 3½ pounds, finished 60x84, priced at $9.00 each.

Double bed size woven 102 inches wide, and shrunk to 72 inches—84 inches long—priced at $12.00. Lustrous satin binding on all blankets.

Both single and double can be had in plain tan, gold, orchid or apricot; three tone plaids in blue, rose and white or tan, rose and white; two tone plaids in rose, tan, pink or blue with white.

—Second Floor

English Broadcloth Overblouses

The vogue of English broadcloth Overblouses increases as the cold weather comes. They are warm and comfortable, always look fresh and are easily laundered.

Some are plain white, with tucked fronts, collars and cuffs. Others have stripes of blue or tangerine on white, still others are white with colored stripes on collars and cuffs.

Also plain blue or tan English Broadcloth.

All overblouse styles, single or double breasted.

Sizes 34 to 46. Priced at $2.00 and $3.00.

Mannish, roll, Peter Pan and Buster Brown collars.

—Second Floor.

The All-Purpose Sweeper-Vac

$5.00 down, the balance in easy monthly payments delivers the Sweeper-Vac complete with all attachments and its exclusive Vac Mop for hardwood floors. If you wish, an attractive demonstration will be given to the recipient.

Good Housekeeping and all testing institutes have approved this fully guaranteed three-in-one cleaner.

SEALS DRIVE STILL ON HERE

City Chairman Urges Action Before Next Thursday.

With the Christmas rush practically over, Wellsville citizens can devote their attention to putting across the city's seal campaign which has for its objective the disposition of 90,000 stickers.

Approximately $300 has been collected by various committees in charge of the work, according to Mrs. Frank E. Vernia, city chairman.

This is still two-thirds short of the goal, it was pointed out, and an instant response will be necessary to push the figures to the top before the drive comes to an end.

Mrs. Vernia announced today that sales efforts will cease on January 1 and issued a request that persons who received a quantity of seals through the mails return either the seals or cash in order that reports can be made.

Seals in quantities of 100 were sent to a large portion of the citizens here and larger quantities to business houses and manufacturing plants.

On account of the Christmas shopping rush which characterized the present week, the seals, it is believed, have been forgotten temporarily, but will be recalled to permit the city to put the drive over.

Mrs. Vernia will report to the county headquarters at Lisbon and consequently must have definite figures by January 1. The manner in which the city responds will determine the manner in which the city can take part in the fresh air camp program next summer.

WATCH SERVICES AT U. P. CHURCH

Watch night services will be held on Wednesday evening, Dec. 31, in the First United Presbyterian church, Rev. R. W. Ustick announced today.

A varied program is being arranged for the affair by the young people's group. A social hour and refreshments are listed among the events. The program, which will start at 9 o'clock, will close with consecration.

Rev. Ustick will be in charge of services on Thursday morning, beginning at 11:30 and concluding at 12:05. An invitation has been extended to members of the congregation and their friends.

PASTORS STRESS NEW YEAR THEMES

New Year's theme will be stressed by local pastors at services Sunday.

"Facing the Unknown" will be the subject of a sermon by Rev. R. W. Ustick, pastor of the First United Presbyetrian church, at the evening services.

The usual order of services follows: Bible school at 9:45, superintendent L. F. Burris; morning worship 11 o'clock, sermon, "The Crown of Character;" junior missionary society at 2:30 p. m.; Y. P. C. U. at 6:30 p. m.; topic "The Old Year and the New," Psalm 37:1-5 and Phil. 3:12-14.

Rev. Thomas Berger, pastor of the Second Presbyterian church, has chosen for his morning subject, "Possibilities of New Year's." Bible school will convene at 9:45, J. S. McLane, superintendent; junior Christian Endeavor 6; Senior Christian Endeavor 6.

OPEN REVIVAL MEETS DEC. 31

With Evangelist Anna McGhie, of Akron, in charge, the annual series of revival services in the First Evangelical church will get under way on Wednesday night, December 31, New Year's eve, with a watch party, according to announcement today by Rev. C. W. Johnson, pastor.

The services, according to present arrangements, will continue for approximately three weeks, with meetings each evening in the church. Rev. Johnson has extended an invitation to the public to attend the watch party meeting.

The regular order of services for Sunday follows: Morning prayer meeting at 9; Sunday school at 9:30; morning worship at 11; Junior Endeavor at 2:30 p. m.; Senior Endeavor at 6:30; evangelistic services at 7:30; subject, "Christ Receiving Sinners."

HOUSEHOLD HINTS
BY MRS. MORTON

Breakfast.
Oranges or Grape Fruits.
Wheat Cereal with Top Milk.
Buttered Toast. Coffee.

Dinner.
Roast Chicken. Mashed Potatoes.
Spinach Canape. Cranberry Jelly
Mince Dessert. Coffee.

Supper.
Bacon Butter Sandwiches.
Holiday Salad. Nut Bread Squares.
Fruit. Milk. Coffee.

TODAY'S RECIPES.

Spinach Canapes—Take one-half cup cold cooked spinach chopped finely with a bit of onion and seasoned with a drop of Worcestershire sauce and a mild French dressing. Spread hot buttered toast oblong with grated cheese, then spinach. Border this with pimento strips and top the center with a white of egg star or crescent.

HARVEY CRANBERRY PUDDING.

This is the season of the rich, red cranberry and we should utilize this berry as much as possible in our menus. This pudding recipe combines cranberries with raisins.

One cup cranberries, one and one-half cups flour, two tablespoons shortening, one cup sugar, two teaspoons baking powder, one-half cup water, one-half cup seeded raisins, one-fourth teaspoon salt.

Sift flour, baking powder and salt, rub in shortening and mix with one-half cup cold water. Roll out on a floured board to one-quarter inch thickness.

Wash cranberries and raisins. Boil sugar and two tablespoons water two minutes. Let cool. Put in center of paste, bring up corners, lap over to keep juice from coming out. Put pudding in a well buttered bowl. Tie in a cloth, leaving plenty of room to swell. Place in a pot of boiling water, having enough water to cover. Boil 40 minutes. Serve hot with hard sauce.

Holiday Salad—This has a foundation of raspberry gelatine made from the granulated gelatin and raspberry juice from canned berries. Pour a little warm gelatin mixture in generous individual molds and when fairly firm press down to bottom a white of egg star. Ring this with peas and chopped onion. Then add more liquid. When this is firm add chopped celery and string beans. Then fill molds with gelatin. Turn onto salad leaves and serve with mayonaise in a seperate dish.

Mince Dessert—This is a mince pie made into individual patties with a layer of chopped nuts instead of top crust. Make these patties very small because of their extreme richness.

Bacon Butter Sandwiches—One half inch white bread strips spread with softened butter mixed with chopped crisp bacon, and toasted on two sides in a hot oven.

Suggestions.

All rubber goods should be kept in a cool dark place. If two pieces of rubber are likely to stick together, wipe them as dry as you can, and dust them with talcum powder. If you use kerosene to clean any rubber product—such as a syringe—wash it off at once, for kerosene is apt to dissolve rubber.

"Eat a variety of foods and plenty of fats," is the latest advice of Dr. William D. Richardson, Chicago. Dr. Richardson warns against food faddism and tells us that in the United States at least, we need not worry about not getting enough vitamines. He says:

"What is the best advice that a physician could give the average man as a result of all this work of scientific men specializing in nutrition? In broad, general terms the answer is simply this: That for the best development of the human organism a varied diet is desirable such a diet as would be afforded by consumption of meat and fats, green leaves, fruits and vegetables, cereals and dairy products."

Glasgow Town Council Selects Two Women As Police Judges

GLASGOW.—Glasgow town council, for the first time in the city's municipal history, selected two women members, one Laborite and one Moderate, as bailies, both new being eligible as police court judges.

Later, when other appointments were under discussion, the Labor group protested against being systematically outvoted by the Moderates, and complained that each Moderate had received a typed document as to who should be elected for goverorship.

In a bungalow recently built in Boulder, Colo., are 40 electrically operated household conveniences.

China has no domestic animals and therefore has to buy its bones for mah jongg sets from this country.

British manufacturers will construct the huge trans-Atlantic airship recently ordered by the British government

AMERICAN THEATRE

3 Days Starting Monday

Colleen Moore in Her Latest and Greatest—Popular Actress is Co-Featured With Conway Tearle in First National Picture.

That bit of flame in "Flaming Youth," the exposer of "Painted People," and the perfect flapper of "The Perfect Flapper" will enact a temperamental actress in "Flirting With Love" at the American theatre, beginning next week.

For the benefit of the few uninitiated it is no other than Colleen Moore, who is co-featured with Conway Tearle in this latest First National production, "Flirting With Love," based on Leroy Scott's story "Counterfeit," and directed by John Francis Dillon.

Earl Hudson, under whose supervision the picture was produced, could not have devised a better acting combination than these two players, who have leaped to the highest screen fame in little more than a year. Only those who see them in "Flirting With Love" will appreciate the greater histrionic heights they are certain to attain.

COLD WEATHER HITS REFUGEES

Scores Reported Dying Daily From Exposure In Bulgaria.

SOFIA—Premature Winter is causing intense suffering among the scores of thousands of refugees from Thrace and Macedonia now trying to exist in Southern Bulgaria.

So serious is the situation that the Bulgarian Government has decreed that henceforth no alien is to be allowed to enter the country without the consent of the State Department.

Dr. Vateff, who has just retruned from a tour of inspection of the refugee region, reports the situation as appalling. There are five refugees to every native Bulgar in the district. Most of them have no shelter and are scantly dressed. Scores are dying daily from exposure and lack of nourishment.

Although the refugees have come from adjoining Jugo-Slavia, they comprise more than a dozen nationalities. More than 40,000 Russians alone are included in the lot.

The press is demanding that the Government take steps to care for these refugees. Especially bitter opposition newspapers attack what they call the Government's "lack of foresight" and "criminal negligence."

Armed mail trucks are being used in large cities to protect pouches of registered mail against bandits.

One may carry a newly-invented hook in the pocket and hang his hat anywhere desired.

SEALS DRIVE STILL ON HERE

City Chairman Urges Action Before Next Thursday.

With the Christmas rush practically over, Wellsville citizens can devote their attention to putting across the city's seal campaign which has for its objective the disposition of 90,000 stickers.

Approximately $300 has been collected by various committees in charge of the work, according to Mrs. Frank E. Vernia, city chairman.

This is still two-thirds short of the goal, it was pointed out, and an instant response will be necessary to push the figures to the top before the drive comes to an end.

Mrs. Vernia announced today that sales efforts will cease on January 1 and issued a request that persons who received a quantity of seals through the mails return either the seals or cash in order that reports can be made.

Seals in quantities of 100 were sent to a large portion of the citizens here and larger quantities to business houses and manufacturing plants.

On account of the Christmas shopping rush which characterized the present week, the seals, it is believed, have been forgotten temporarily, but will be recalled to permit the city to put the drive over.

Mrs. Vernia will report to the county headquarters at Lisbon and consequently must have definite figures by January 1. The manner in which the city responds will determine the manner in which the city can take part in the fresh air camp program next summer.

WATCH SERVICES AT U. P. CHURCH

Watch night services will be held on Wednesday evening, Dec. 31, in the First United Presbyterian church, Rev. R. W. Ustick announced today.

A varied program is being arranged for the affair by the young people's group. A social hour and refreshments are listed among the events. The program, which will start at 9 o'clock, will close with consecration.

Rev. Ustick will be in charge of services on Thursday morning, beginning at 11:30 and concluding at 12:05. An invitation has been extended to members of the congregation and their friends.

PASTORS STRESS NEW YEAR THEMES

New Year's theme will be stressed by local pastors at services Sunday.

"Facing the Unknown" will be the subject of a sermon by Rev. R. W. Ustick, pastor of the First United Presbyetrian church, at the evening services.

The usual order of services follows: Bible school at 9:45, superintendent L. F. Burris; morning worship 11 o'clock, sermon, "The Crown of Character;" junior missionary society at 2:30 p. m.; Y. P. C. U. at 6:30 p. m.; topic "The Old Year and the New," Psalm 37:1-5 and Phil. 3:12-14.

Rev. Thomas Berger, pastor of the Second Presbyterian church, has chosen for his morning subject, "Possibilities of New Year's." Bible school will convene at 9:45, J. S. McLane, superintendent; junior Christian Endeavor 6; Senior Christian Endeavor 6.

OPEN REVIVAL MEETS DEC. 31

With Evangelist Anna McGhie, of Akron, in charge, the annual series of revival services in the First Evangelical church will get under way on Wednesday night, December 31, New Year's eve, with a watch party, according to announcement today by Rev. C. W. Johnson, pastor.

The services, according to present arrangements, will continue for approximately three weeks, with meetings each evening in the church. Rev. Johnson has extended an invitation to the public to attend the watch party meeting.

The regular order of services for Sunday follows: Morning prayer meeting at 9; Sunday school at 9:30; morning worship at 11; Junior Endeavor at 2:30 p. m.; Senior Endeavor at 6:30; evangelistic services at 7:30; subject, "Christ Receiving Sinners."

AMERICAN THEATRE

3 Days Starting Monday

Colleen Moore in Her Latest and Greatest—Popular Actress is Co-Featured With Conway Tearle in First National Picture.

That bit of flame in "Flaming Youth," the exposer of "Painted People," and the perfect flapper of "The Perfect Flapper" will enact a temperamental actress in "Flirting With Love" at the American theatre, beginning next week.

For the benefit of the few uninitiated it is no other than Colleen Moore, who is co-featured with Conway Tearle in this latest First National production, "Flirting With Love," based on Leroy Scott's story "Counterfeit," and directed by John Francis Dillon.

Earl Hudson, under whose supervision the picture was produced, could not have devised a better acting combination than these two players, who have leaped to the highest screen fame in little more than a year. Only those who see them in "Flirting With Love" will appreciate the greater histrionic heights they are certain to attain.

WELLSVILLE

J. C. Lambing, Newsdealer, Third and Main streets, has charge of The Review-Tribune circulation. Leave orders, advertising, etc., with him. Bell Phone 54-R.

SEALS DRIVE STILL ON HERE

City Chairman Urges Action Before Next Thursday.

With the Christmas rush practically over, Wellsville citizens can devote their attention to putting across the city's seal campaign which has for its objective the disposition of 90,000 stickers.

Approximately $300 has been collected by various committees in charge of the work, according to Mrs. Frank E. Vernia, city chairman.

This is still two-thirds short of the goal, it was pointed out, and an instant response will be necessary to push the figures to the top before the drive comes to an end.

Mrs. Vernia announced today that sales efforts will cease on January 1 and issued a request that persons who received a quantity of seals through the mails return either the seals or cash in order that reports can be made.

Seals in quantities of 100 were sent to a large portion of the citizens here and larger quantities to business houses and manufacturing plants.

On account of the Christmas shopping rush which characterized the present week, the seals, it is believed, have been forgotten temporarily, but will be recalled to permit the city to put the drive over.

Mrs. Vernia will report to the county headquarters at Lisbon and consequently must have definite figures by January 1. The manner in which the city responds will determine the manner in which the city can take part in the fresh air camp program next summer.

WATCH SERVICES AT U. P. CHURCH

Watch night services will be held on Wednesday evening, Dec. 31, in the First United Presbyterian church, Rev. R. W. Ustick announced today.

A varied program is being arranged for the affair by the young people's group. A social hour and refreshments are listed among the events. The program, which will start at 9 o'clock, will close with consecration.

Rev. Ustick will be in charge of services on Thursday morning, beginning at 11:30 and concluding at 12:05. An invitation has been extended to members of the congregation and their friends.

PASTORS STRESS NEW YEAR THEMES

New Year's theme will be stressed by local pastors at services Sunday.

"Facing the Unknown" will be the subject of a sermon by Rev. R. W. Ustick, pastor of the First United Presbyetrian church, at the evening services.

The usual order of services follows: Bible school at 9:45, superintendent L. F. Burris; morning worship 11 o'clock, sermon, "The Crown of Character;" junior missionary society at 2:30 p. m.; Y. P. C. U. at 6:30 p. m.; topic "The Old Year and the New," Psalm 37:1-5 and Phil. 3:12-14.

Rev. Thomas Berger, pastor of the Second Presbyterian church, has chosen for his morning subject, "Possibilities of New Year's." Bible school will convene at 9:45, J. S. McLane, superintendent; junior Christian Endeavor 6; Senior Christian Endeavor 6.

OPEN REVIVAL MEETS DEC. 31

With Evangelist Anna McGhie, of Akron, in charge, the annual series of revival services in the First Evangelical church will get under way on Wednesday night, December 31, New Year's eve, with a watch party, according to announcement today by Rev. C. W. Johnson, pastor.

The services, according to present arrangements, will continue for approximately three weeks, with meetings each evening in the church. Rev. Johnson has extended an invitation to the public to attend the watch party meeting.

The regular order of services for Sunday follows: Morning prayer meeting at 9; Sunday school at 9:30; morning worship at 11; Junior Endeavor at 2:30 p. m.; Senior Endeavor at 6:30; evangelistic services at 7:30; subject, "Christ Receiving Sinners."

Ricardo Cortez, Virginia Lee Corbin and Louise Dresser in a scene from James Cruze's Paramount Picture 'The City That Never Sleeps'

HOUSEHOLD HINTS
By MRS. MORTON

Breakfast.
Oranges or Grape Fruits.
Wheat Cereal with Top Milk.
Buttered Toast. Coffee.

Dinner.
Roast Chicken. Mashed Potatoes.
Spinach Canape. Cranberry Jelly
Mince Dessert. Coffee.

Supper.
Bacon Butter Sandwiches.
Holiday Salad. Nut Bread Squares.
Fruit. Milk. Coffee.

TODAY'S RECIPES.

Spinach Canapes—Take one-half cup cold cooked spinach chopped finely with a bit of onion and seasoned with a drop of Worcestershire sauce and a mild French dressing. Spread hot buttered toast oblong with grated cheese, then spinach. Border this with pimento strips and top the center with a white of egg star or crescent.

HARVEY CRANBERRY PUDDING.

This is the season of the rich, red cranberry and we should utilize this berry as much as possible in our menus. This pudding recipe combines cranberries with raisins.

One cup cranberries, one and one-half cups flour, two tablespoons shortening, one cup sugar, two teaspoons baking powder, one-half cup water, one-half cup seeded raisins, one-fourth teaspoon salt.

Sift flour, baking powder and salt, rub in shortening and mix with one-half cup cold water. Roll out on a floured board to one-quarter inch thickness.

Wash cranberries and raisins. Boil sugar and two tablespoons water two minutes. Let cool. Put in center of paste, bring up corners, lap over to keep juice from coming out. Put pudding in a well buttered bowl. Tie in a cloth, leaving plenty of room to swell. Place in a pot of boiling water, having enough water to cover. Boil 40 minutes. Serve hot with hard sauce.

Holiday Salad—This has a foundation of raspberry gelatine made from the granulated gelatin and raspberry juice from canned berries. Pour a little warm gelatin mixture in generous individual molds and when fairly firm press down to bottom a white of egg star. Ring this with peas and chopped onion. Then add more liquid. When this is firm add chopped celery and string beans. Then fill molds with gelatin. Turn onto salad leaves and serve with mayonaise in a seperate dish.

Mince Dessert—This is a mince pie made into individual patties with a layer of chopped nuts instead of top crust. Make these patties very small because of their extreme richness.

Bacon Butter Sandwiches—One half inch white bread strips spread with softened butter mixed with chopped crisp bacon, and toasted on two sides in a hot oven.

Suggestions.

All rubber goods should be kept in a cool dark place. If two pieces of rubber are likely to stick together, wipe them as dry as you can, and dust them with talcum powder. If you use kerosene to clean any rubber product—such as a syringe—wash it off at once, for kerosene is apt to dissolve rubber.

"Eat a variety of foods and plenty of fats," is the latest advice of Dr. William D. Richardson, Chicago. Dr. Richardson warns against food faddism and tells us that in the United States at least, we need not worry about not getting enough vitamines. He says:

"What is the best advice that a physician could give the average man as a result of all this work of scientific men specializing in nutrition? In broad, general terms the answer is simply this: That for the best development of the human organism a varied diet is desirable such a diet as would be afforded by consumption of meat and fats, green leaves, fruits and vegetables, cereals and dairy products."

Glasgow Town Council Selects Two Women As Police Judges

GLASGOW.—Glasgow town council, for the first time in the city's municipal history, selected two women members, one Laborite and one Moderate, as bailies, both new being eligible as police court judges.

Later, when other appointments were under discussion, the Labor group protested against being systematically outvoted by the Moderates, and complained that each Moderate had received a typed document as to who should be elected for goverorship.

In a bungalow recently built in Boulder, Colo., are 40 electrically operated household conveniences.

China has no domestic animals and therefore has to buy its bones for mah jongg sets from this country.

British manufacturers will construct the huge trans-Atlantic airship recently ordered by the British government

COLD WEATHER HITS REFUGEES

Scores Reported Dying Daily From Exposure In Bulgaria.

SOFIA—Premature Winter is causing intense suffering among the scores of thousands of refugees from Thrace and Macedonia now trying to exist in Southern Bulgaria.

So serious is the situation that the Bulgarian Government has decreed that henceforth no alien is to be allowed to enter the country without the consent of the State Department.

Dr. Vateff, who has just returned from a tour of inspection of the refugee region, reports the situation as appalling. There are five refugees to every native Bulgar in the district. Most of them have no shelter and are scantly dressed. Scores are dying daily from exposure and lack of nourishment.

Although the refugees have come from adjoining Jugo-Slavia, they comprise more than a dozen nationalities. More than 40,000 Russians alone are included in the lot.

The press is demanding that the Government take steps to care for these refugees. Especially bitter opposition newspapers attack what they call the Government's "lack of foresight" and "criminal negligence."

Armed mail trucks are being used in large cities to protect pouches of registered mail against bandits.

One may carry a newly-invented hook in the pocket and hang his hat anywhere desired.

Rails Up

No feature of the remarkable rise in security values of late has been more notable than the jump in railroad stocks. Railroads in general have gained about 20 points over last year, rising on an average from a little under $80 a share to practically par. That increase of 20 per cent of face value represents 25 per cent of last year's market value.

It is an almost unprecedented gain for such a great aggregation of properties in so short a period. It means the addition of several billion dollars to the selling value of the railroad lines in 12 months. It means fortunes won by thousands of investors and a very comfortable feeling on the part of the hundreds of thousands of share-holders. It means new borrowing power and virtual assurance of a new era of railroad prosperity.

This practical evidence of public esteem for the railroads may be explained in many ways. Chief among the reasons for it, perhaps, are these. First, the railroads themselves have striven manfully to improve their equipment and service since the property was returned to them and they were deprived of further government aid. Second, because of their success, there is tacit agreement on the part of government and public that they are to be allowed to operate from now on with the least possible interference, and enjoy their increased volume of patronage, as long as they observe sound moral and business principles.

The railroads have learned their lesson, and the public has learned its lesson. From now on, it may be assumed that each will be willing to give the other a square deal. Hence the outlook is prosperity for both.

Silent Airplanes

The most conspicuous feature of the airplane, so far in its development, is its noise. Nearly always a flying plane is heard before it is seen. Its roar is unmistakable. When a plane flies low, that roar is unpleasant to everyone below. At all times it is deafening to pilots and passengers. It has been one of the admitted defects of the airplane, tolerated because it was considered inevitable and necessary.

Now comes the glad news that this roar has been done away with, as the roar of automobiles and motorboats was long ago. It is no more necessary, say London engineers, to operate an airplane engine without a muffler than it is to operate any other gas engine without one. It merely requires a different type of muffler, which will stop the noise of internal explosions without checking the escape of the exhaust fumes and interfering with the speed of the engine.

At the same time, the engineers say, they have overcome the other characteristic airplane noises made by the whirring propellers and the wind rushing through wires and spars. It is mainly a matter of simplifying surfaces and eliminating friction.

Now it will be possible to be really "bird men." Flying birds do not roar. Flying machines could not compete with them except in power until they attained the silent smoothness of bird flight. With that accomplished, the air plane will be destined to far more rapid and general popularity.

Hand-Kissing

A big fuss has been made in our eastern cities over the wife of the exiled Grand Duke Cyril, who claims the Russian crown. Whereupon Serge Yourowsky, another Russian exile in Paris, who really amounts to something, has this to say about it:

"It seems extraordinary to me that the social leaders of the great democracy must seek to bask in the shadow of one whose light, never really legitimate, has already begun to dim.

"I wonder if they really know how ridiculous they look to the friends of the grand duchess, and even to herself, if the truth were known.

"The Grand Duchess Victoria is a fine woman, but even she must realize the falsity of the position in which the American social climbers have placed her."

Still, climbers must have something to climb by, and in this king-hating county any representative of royalty, real or imaginary, serves the purpose. The only trouble is that foreigners sometimes imagine the hand-kissing is done by real Americans.

What Russia needs most is somebody to crack a joke once in a while.

TODAY

BY ARTHUR BRISBANE

(The opinions expressed in this column are strictly those of Mr. Brisbane and not necessarily in consonance with the policies of The Review-Tribune).

On such a day as yesterday, the usual run of the world's news seems unimportant. If men really believed what they profess and hear in sermons, if they thought that Gabriel, at any moment, might arrive, blowing his horn, raising the dead, and taking the living up with him, how unimportant the closing price of "Steel" would seem.

But the stock market is real; we know it, buy and sell it. The things of the spirit and of faith we cannot grasp, so we postpone giving them serious attention.

LA FOLLETTE BEAT ROOSEVELT

The final accurate figures on the election are not exactly related to the Christmas solemnity, but they interest you.

Those that were half scared to death by the La Follette campaign will be surprised at his vote, and that refers especially to those badly frightened patriots, friends of the late Theodore Roosevelt, who explained carefully that La Follette's independent campaign bore no likeness to the holy Bull Moose T. R.'s campaign.

Holy or not, La Follette's vote as an independent was bigger than the vote cost for Theodore Roosevelt as an independent.

La Follette got 4,822,319 votes, 696,299 more than Roosevelt got. And La Follette had all the corporation newspapers lying about him and had no rich men like Munsey and Perkins spending their cash to help him.

President Coolidge was elected by the biggest plurality ever given to any president, greater even than Harding's plurality.

John W. Davis got fewer votes than Sox got in his attempt. Both their votes combined would have been about enough to bet Coolidge. The Democrats ought to do some thinking before 1928, unless they are content, as they were last June, to pick out a candidate satisfactory to "big interests" and run him, not to be elected, but just in case of accidents.

FOR CAMP FIRE GIRLS

Advice given to the Camp Fire Girls for 1925, is good advice. It includes these items:

Sleep with windows open.

Eat green vegetables.

Use no slang. That's to improve the mind. Slang stupifies the brain.

Speaking in a low tone. A voice soft and low as King Lear said, when he lost his good daughter, is an excellent thing in woman, and it encourages marriage. A human fog horn, with bobbed hair, a painted face and conspicuous legs, may be amusing for a while, but is not chosen, by the intelligent, as a steady matrimonial diet.

DARK SPOT IN EUROPE

The one dark spot, as the New Year approaches, is in Europe. The English refuse to withdraw their troops from Cologne, on the ground that Germany is secretly preparing for war. Britain formally charges that Germany's Green police and reichswehr are part of much bigger secret armed force.

That charge coming from the British, anxious only to forget war and begin selling goods, is disturbing to the world's peace of mind.

REVENGE, OF COURSE

Germany, of course, wants revenge, just as the French wanted it after 1870, and got it.

Young Germans are trained for war, as a matter of course. Germany is doing exactly what the United States would be doing if, through our own fault, or otherwise, we had been crushed, humiliated and robbed by a coalition of nations.

Copyright, 1924, by Star Co.
Copyright, 1924, by Star Co.

DINNER STORIES

The head of a large business house noticed that one of his clerks had been looking off color for some months, and one morning, when he was looking rather paler than usual, he tackled him on the subject.

"You look tired this morning, Jones," he said kindly. "Don't you sleep well?"

"No, sir," was the reply. "The fellow I share a room with and I suffer from alternate insomnia."

"Alternate insomnia! What is that?"

"Whichever gets to sleep first keeps the other awake all night!"

A London lawyer, examining a Lanarkshire farmer, said: "You'll affirm that when this happened you were going home to a meal. Let us be quite certain on this point, because it is a very important one, and be good enough to tell me, sir, with as little prevarication as possible, what meal it was you were going home to."

"You would like to know what meal it was?" said the Scotsman.

"Yes, sir, I should like to know," replied the counsel, sternly and impressively, "and be sure you tell the truth."

"Well, then," said the Scotsman, "it was just oatmeal."

Sam, impaneled for jury service at a murder trial, had seemed little too anxious to serve.

"Do you know the accused?" he was asked.

"Yassuh—dat is—nossuh," he replied, realizing that if he hade an affirmative answer he would be disbarred from serving.

"Have you made up your mind as to his guilt or innocence?"

"Oh, no, suh."

"You think, then, that you could give his case a fair hearing?"

"Yassuh," replied Sam. "Least-ways, ez fairl ez ed ole scamp deserves."

They arrived home late from the summer party. Wife took off her hat and slammed it on the floor. Then she confronted her hubby.

"I'll never take you to another party as long as I live!" she said.

"Why?" he calmly wanted to know.

"You asked Mrs. Jones how her husband has been standing the heat."

"Well?"

"Well, her husband has been dead two months."

A wild-eyed, disheveled-looking woman burst into the local police station.

"My husband has been threatening to drown himself for some time," she cried hysterically, "and he's been missing now for two days. I want you to have the canal dragged."

"Anything peculiar about him by which he can be recognized, supposing we find a body?" inquired the inspector.

The woman hesitated and seemed at a loss for a minute or two. Then a look of relief slowly overspread her face.

"Why, yes," she exclaimed at last, "he's deaf!"

In a small town in the south lives a physician noted for his reckless automobile driving. One day when he answered the telephone, a woman's voice asked him if he was going out driving that afternoon.

"No, I hardly think I have time this afternoon," replied the doctor. "But why do you ask?"

"Well," replied the anonymous questioner, "I want to send my little daughter downtown for some thread, if you're not."

At a lecture, the speaker orated reverently:

"He drove straight to his goal. He looked neither to the right nor to the left, but pressed forward, moved by a definite purpose. Neither friend nor foe could delay him, nor turn him from his course. All who crossed his path did so at their own peril. What would you call such a man?"

"A truck driver!" shouted a voice from the bored audience.

The minister had dictated his sermon to a new stenographer. The subject was "The Joy of Youth," and he quoted as his text a well known sentence from the 127th Psalm.

Being better acquainted with modern transportation facilities than with ancient archery, the typist rendered the passage, "Happy is the man that hath his flivver full of them."

Which, after all, simply expressed the sentiment in a more literal way.

Mickey (Himself) McGuire— By Fontaine Fox

NEWSY GOSSIP OF BIG CITIES

By ETHEL MARSHALL.

LONDON, Dec. 27.—England is just beginning to feel the first effects of the cross-word puzzle epidemic.

A few wives have written to the newspapers complaining against this fad, which has virtually caused their husbands to go into isolation; but thousands of others have written demanding more and better cross-word puzzles.

The epidemic has spread here from the United States and is treated as an alien disease; but, as a matter of fact, the English cross-worders have not yet reached the proficiency of the Americans, and English puzzles still contain many "words of three letters, which are of the feline family and are considered pets."

American debutantes in London are forming their own exclusive club, with an age limit of 27. Any "maid of 28" will be ineligible.

The new club will have quarters in a modern building which is now being erected on the site of Devonshire house, opposite the Berkley hotel, in Piccadilly.

Miss Agatha Carnegie and Miss Madeline Jordan, of Los Angeles, are prime movers in the new venture, an innovation for London, which up to now has had no clubs exclusively for young people.

Hundreds of thousands of dollars' worth of Christmas presents were sent from London to the United States. Every sort of English glass and chinaware was sought this year as Christmas gifts for friends in America. Many summer tourists left orders for gifts to be delivered in the United States by Christmas. Mrs. Carey Beck, who is on her way to Palm Beach, took back to the United States with her $2,000 worth of old glass and chinaware. Much of this is from Queen Mary collection. The queen has sold a number of her pieces in order that she may replace them with more-to-be-desired pieces.

Nick Mockett, the major domo of the Savoy foyer, is glad that Christmas is at hand, because among his many duties he has recently been shepherding 11 expensive Pekingese, which Harry Lorimer, of St. Louis, bought to take home for Christmas presents. Nick is a dog lover; but he was considerably worried over his charges, for one of them was the son of Sun-Wei, the favorite Pekingese of the ex-boy emperor of China.

Lady Cunard, formerly Maude Alice Burke, of New York, has adopted the new monocle fashion, which is driving horn-rimmed glasses far into the background.

Queen Mary has entered a magazine competition. The editor of an art magazine, running a competition for the identification of a picture, was surprised, indeed, when he opened his morning mail and found that the queen had sent in a solution to his puzzle. Now everyone is anxiously awaiting the result, to learn whether the queen has won a prize.

Young men about town are adopting beards. Soft, silky beards, of the "Captain Kettle" variety, are now greatly favored among the youths who frequent the smart cafes. "Harry," London's most famous barber, says he's not a bit discouraged for the fad won't last more than a month, he predicts.

NEW YORK DAY BY DAY

O. O. McINTYRE

NEW YORK, Dec. 27.—The police in trying to solve a series of jewel robberies that had their inception in glittering cafes discovered that there are at least 1,000 young men in the Roaring Forties who have no visible means of support but who live in style.

They are the insolvent but jolly lads who keep up to the minute in clothes and are found where the candles burn brightest. And never pay a check. They are not sons of the rich nor are they remittance men. Most of them have escaped clutches of the law.

They are of a certain mould well oiled hair, meticulously polished nails and freshly barbered. Wise cracking is their specialty and they know all the answers. They call all the stage stars by their first names and speak of Schwab as Charlie.

Of course, they are social parastites, but the police have not been able exactly to fathom just where the money comes from. If it is polite blackmail the victims never squawk. One thing is certain they are found where husbands are liable to be on the loose.

The idea that a personal loan is a debt of honor is tosh to them, although it is not conceivable they could go on indefintely borrowing from this chance acquaintance or that. Although there is one cafe hound who admits he has been living for three years on quick touches.

But he is an idiot in his attack and there are not 999 more like him. They are harmless enough appearing and their conversation could be unleashed in the most ultra drawing room. They are known as Freddy, Jack, Phil and the like. You never hear their last names.

Their attitude toward the opposite sex is courteous but rather remote. One gains the impression that their credo is that the "heart must play no part."

The most difficult task on the stage, so actors say, is that of the "straight" man. He is the buffer for the comedian, feeds him the lines that wafts the wheeze and otherwise assists to make the act ludicrous. It is said that with a good "straight" man a mediocre comedian may be lifted to superlative comedy. There are only about five first class "straight" men in the business and the demand is heavy.

The most finished of the "straight" men perhaps is Jay Brennan for years the partner of the late Bert Savoy. Brennan has trained a new partner for the jovial common part that Savoy once played. At the first night here in a revue he carried the novice on his back, so to speak. Once when the act looked as though it might be a sure flop he turned to the audience and said, "He'll be all right in a minute," and by leading him over the rough places with deft skill he saved the skit.

Old Fred Ovington was found in a charitable institution the other day by a reporter. For years he tramped across the country with a trained bear, enlivening Main Streets of a thousand villages. Each spring he took to the open road sleeping where night found him and picking up pitched coins here and there. His bear died this winter and Old Fred was forced to seek charity. He has been in every state in the union except one. He first

She is one of those cabaret dancers who looks as though she had been trying to fill herself straight in a strip poker game. She picks out some old party and a table and "hot mamas" him with amusing gestures. The other night she picked the wrong victim. He happened to own the building and he had the lease revoked because of liquor violations. So she found herself out of a job. The moral is: "Never kid an old party."

BY FREDERIC J. HASKIN

OLD IRONSIDE'S FATE

WASHINGTON, Dec. 27.—The frigate Constitution, the most famous ship in American history, is again in the limelight. The navy department says that the old ship is rapidly rotting, and that unless funds for extensive repairs are forthcoming, the Ironsides will soon be a thing of the past.

For some years the frigate has been lying in the Charlestown navy yard, and has been pointed out as one of the sights of Boston. Each year thousands of visitors go aboard to see for themselves the vessel which showed proud British warships that America would, and could, contest Britain's claim to dominion over the high seas. Old Ironsides was not the only American ship which played an important part in the War of 1812, but, without this particular star of the navy, the War of 1812 and America's subsequent history might have been quite different. From the time the frigate was built in 1797 her record was a succession of naval victories and triumphal cruises.

But the vessel's claim to America's interest does not rest on her fighting history alone. The Constitution is distinguished because almost from the beginning of her career she was held up by the people as a smybol of American pluck and achievement.

Her victory over the British frigate, the Guerriere, in the beginning of the War of 1812, occurred just at the critical time when the American people were discouraged over British victories in land battles. The British themselves admitted that for America to win the first battle at sea would give this country confidence in its power. And so it did. The Constitution went on to other victories.

Years after, when the Civil war broke out, and Annapolis, haste was made to tow the frigate back. Old Ironsides was being used as a training ship at north. This was done because of the rumor that the Maryland confederates were going to make special efforts to capture the ship. It was said that seeing the confederate flag flying on Old Ironsides would have powerful influence in strengthening the morale of the southern forces.

DESTRUCTION ONCE PROPOSED

A century plus almost 30 years is a long lifetime for a ship. The Constitution would have been hacked to pieces or sent down to Davy Jones' locker in 1828 if the suggestion of a secretary of the navy and his consulting board had been followed. At that time the frigate had fought the Barbary pirates, and had seen hard war service. She was on a Mediterranean cruise when she suddenly went out of commission, and experts said that the cost of repairs would be more than the original cost of building the ship.

But the proposed destruction of Old Ironsides was mentioned by chance in a newspaper, and Oliver Wendall Holmes immediately wrote his stirring poem, beginning "Aye, tear her tattered ensign down," and had it printed in the Boston Advertiser. Public resentment at the idea of sinking the ship rose so high that congress provided the necessary appropriation.

After that the Constitution had many other adventures. She made a trip around the world between 1844 and 1848, and in the 495 days at sea she traveled 52,279 miles, or an average of 106 miles a day. She was the flagship of Admiral George Dewey, later of Manila Bay fame, between 1867 and 1870. In 1878 she made a trip to France to carry goods sent by Americans to the Universal Exposition at Paris. Four years later Old Ironsides went permanently out of commission, but she had served the country for half a century after the naval board of 1822 read her death warrant.

From time to time since Holmes' poem was written the old bark has been in urgent need of repairs, and patriotic sentiment has always demanded that she be patched up and preserved.

Last spring the naval board of inspection and survey looked the old Constitution over, and reported that she is in decidedly bad shape. The main topmast is twisted, the mizzentop is slued, and the mizzen topmast is badly checked, to mention only a few of the disabilities from which the aged frigate is suffering. The general diagnosis was that Old Ironsides is unseaworthy, the rigging is unsafe and the spars not secure. Temporary repairs would save the ship only for a brief time.

CAN BE SAVED FOR MANY YEARS

In its report the board said: "The Old Constitution can be placed in a dry dock and can be rebuilt, part by part, in a way still to be the Old Constitution. That object will not be attained if the present vessel is allowed to go to ruin, and if at a later date, a replica is built from plans and data taken from the present vessel. By rebuilding, if proper material is used, the Old Constitution can be saved for an indefinite number of years, 30 to 50, without further extensive overhal."

The board further suggested that a part of the lower deck could well be used for exhibition of naval relics from the early days.

In 1916 the navy department asked for and received $150,000 for the purpose of restoring the old ship. Now $475,000 is needed to recondition and maintain the vessel for a time. Whether an economically congress will consent to dig into the national coffers for nearly half a million dollars for an unseaworthy ship is questionable. A bill for the purpose would be very likely to get pushed aside, as was the bill introduced by Senator Lodge at the last session. Undoubtedly, congress approved the idea of preserving the famous ship, but the matter is apt to be postponed to what legislators like to call a more seasonable time.

The Constitution, however, continues to leak and to get in worse condition from dry rot, and if anything is to be done it must be done shortly. Secretary of the Navy Wilbur is now considering ways and means of raising the $475,000. The Massachusetts branch of the Daughter of 1812 has offered to conduct a campaign among the school children in order to make up the fund. Secretary Wilbur likes this plan, and he may ask congress to authorize the acceptance of the fund if the Daughters of 1812 will raise it.

An objection to the plan, if it is carried out as a nation-wide campaign, is that in some states and cities the public school regulations do not permit the children to bring contributions for any purpose to school. Still, throughout her career, the luck of Old Ironsides has been proverbial, and probably she will be taken care of somehow.

Even when she was built this ship, which was one of six frigates, had a special appeal for the people. A published account of the launching of the Constitution said: "The best judges have pronounced the Constitution, like her archetype (the Federal Constitution), to be a perfect model of elegance and strength, and every individual employed in her construction appears to pride himself in having assisted at the production of this chef d'oeuvre of naval architecture."

Rails Up

No feature of the remarkable rise in security values of late has been more notable than the jump in railroad stocks. Railroads in general have gained about 20 points over last year, rising on an average from a little under $80 a share to practically par. That increase of 20 per cent of face value represents 25 per cent of last year's market value.

It is an almost unprecedented gain for such a great aggregation of properties in so short a period. It means the addition of several billion dollars to the selling value of the railroad lines in 12 months. It means fortunes won by thousands of investors and a very comfortable feeling on the part of the hundreds of thousands of share-holders. It means new borrowing power and virtual assurance of a new era of railroad prosperity.

This practical evidence of public esteem for the railroads may be explained in many ways. Chief among the reasons for it, perhaps, are these. First, the railroads themselves have striven manfully to improve their equipment and service since the property was returned to them and they were deprived of further government aid. Second, because of their success, there is tacit agreement on the part of government and public that they are to be allowed to operate from now on with the least possible interference, and enjoy their increased volume of patronage, as long as they observe sound moral and business principles.

The railroads have learned their lesson, and the public has learned its lesson. From now on, it may be assumed that each will be willing to give the other a square deal. Hence the outlook is prosperity for both.

Silent Airplanes

The most conspicuous feature of the airplane, so far in its development, is its noise. Nearly always a flying plane is heard before it is seen. Its roar is unmistakable. When a plane flies low, that roar is unpleasant to everyone below. At all times it is deafening to pilots and passengers. It has been one of the admitted defects of the airplane, tolerated because it was considered inevitable and necessary.

Now comes the glad news that this roar has been done away with, as the roar of automobiles and motorboats was long ago. It is no more necessary, say London engineers, to operate an airplane engine without a muffler than it is to operate any other gas engine without one. It merely requires a different type of muffler, which will stop the noise of internal explosions without checking the escape of the exhaust fumes and interfering with the speed of the engine.

At the same time, the engineers say, they have overcome the other characteristic airplane noises made by the whirring propellers and the wind rushing through wires and spars. It is mainly a matter of simplifying surfaces and eliminating friction.

Now it will be possible to be really "bird men." Flying birds do not roar. Flying machines could not compete with them except in power until they attained the silent smoothness of bird flight. With that accomplished, the air plane will be destined to far more rapid and general popularity.

Hand-Kissing

A big fuss has been made in our eastern cities over the wife of the exiled Grand Duke Cyril, who claims the Russian crown. Whereupon Serge Yourowsky, another Russian exile in Paris, who really amounts to something, has this to say about it:

"It seems extraordinary to me that the social leaders of the great democracy must seek to bask in the shadow of one whose light, never really legitimate, has already begun to dim.

"I wonder if they really know how ridiculous they look to the friends of the grand duchess, and even to herself, if the truth were known.

"The Grand Duchess Victoria is a fine woman, but even she must realize the falsity of the position in which the American social climbers have placed her."

Still, climbers must have something to climb by, and in this king-hating county any representative of royalty, real or imaginary, serves the purpose. The only trouble is that foreigners sometimes imagine the hand-kissing is done by real Americans.

What Russia needs most is somebody to crack a joke once in a while.

TODAY

BY ARTHUR BRISBANE

(The opinions expressed in this column are strictly those of Mr. Brisbane and not necessarily in consonance with the policies of The Review-Tribune).

On such a day as yesterday, the usual run of the world's news seems unimportant. If men really believed what they profess and hear in sermons, if they thought that Gabriel, at any moment, might arrive, blowing his horn, raising the dead, and taking the living up with him, how unimportant the closing price of "Steel" would seem.

But the stock market is real; we know it, buy and sell it. The things of the spirit and of faith we cannot grasp, so we postpone giving them serious attention.

LA FOLLETTE BEAT ROOSEVELT

The final accurate figures on the election are not exactly related to the Christmas solemnity, but they interest you.

Those that were half scared to death by the La Follette campaign will be surprised at his vote, and that refers especially to those badly frightened patriots, friends of the late Theodore Roosevelt, who explained carefully that La Follette's independent campaign bore no likeness to the holy Bull Moose T. R.'s campaign.

Holy or not, La Follette's vote as an independent was bigger than the vote cost for Theodore Roosevelt as an independent.

La Follette got 4,822,319 votes, 696,299 more than Roosevelt got. And La Follette had all the corporation newspapers lying about him and had no rich men like Munsey and Perkins spending their cash to help him.

President Coolidge was elected by the biggest plurality ever given to any president, greater even than Harding's plurality.

John W. Davis got fewer votes than Sox got in his attempt. Both their votes combined would have been about enough to bet Coolidge. The Democrats ought to do some thinking before 1928, unless they are content, as they were last June, to pick out a candidate satisfactory to "big interests" and run him, not to be elected, but just in case of accidents.

FOR CAMP FIRE GIRLS

Advice given to the Camp Fire Girls for 1925, is good advice. It includes these items:

Sleep with windows open.

Eat green vegetables.

Use no slang. That's to improve the mind. Slang stupifies the brain.

Speaking in a low tone. A voice soft and low as King Lear said, when he lost his good daughter, is an excellent thing in woman, and it encourages marriage. A human fog horn, with bobbed hair, a painted face and conspicuous legs, may be amusing for a while, but is not chosen, by the intelligent, as a steady matrimonial diet.

DARK SPOT IN EUROPE

The one dark spot, as the New Year approaches, is in Europe. The English refuse to withdraw their troops from Cologne, on the ground that Germany is secretly preparing for war. Britain formally charges that Germany's Green police and reichswehr are part of much bigger secret armed force.

That charge coming from the British, anxious only to forget war and begin selling goods, is disturbing to the world's peace of mind.

REVENGE, OF COURSE

Germany, of course, wants revenge, just as the French wanted it after 1870, and got it.

Young Germans are trained for war, as a matter of course. Germany is doing exactly what the United States would be doing if, through our own fault, or otherwise, we had been crushed, humiliated and robbed by a coalition of nations.

DINNER STORIES

The head of a large business house noticed that one of his clerks had been looking off color for some months, and one morning, when he was looking rather paler than usual, he tackled him on the subject.

"You look tired this morning, Jones," he said kindly. "Don't you sleep well?"

"No, sir," was the reply. "The fellow I share a room with and I suffer from alternate insomnia."

"Alternate insomnia! What is that?"

"Whichever gets to sleep first keeps the other awake all night!"

A London lawyer, examining a Lanarkshire farmer, said: "You'll affirm that when this happened you were going home to a meal. Let us be quite certain on this point, because it is a very important one, and be good enough to tell me, sir, with as little prevarication as possible, what meal it was you were going home to."

"You would like to know what meal it was?" said the Scotsman.

"Yes, sir, I should like to know," replied the counsel, sternly and impressively, "and be sure you tell the truth."

"Well, then," said the Scotsman, "it was just oatmeal."

Sam, impaneled for jury service at a murder trial, had seemed little too anxious to serve.

"Do you know the accused?" he was asked.

"Yassuh—dat is—nossuh," he replied, realizing that if he hade an affirmative answer he would be disbarred from serving.

"Have you made up your mind as to his guilt or innocence?"

"Oh, no, suh."

"You think, then, that you could give his case a fair hearing?"

"Yassuh," replied Sam. "Least-ways, ez fairl ez ed ole scamp deserves."

They arrived home late from the summer party. Wife took off her hat and slammed it on the floor. Then she confronted her hubby.

"I'll never take you to another party as long as I live!" she said.

"Why?" he calmly wanted to know.

"You asked Mrs. Jones how her husband has been standing the heat."

"Well?"

"Well, her husband has been dead two months."

A wild-eyed, disheveled-looking woman burst into the local police station.

"My husband has been threatening to drown himself for some time," she cried hysterically, "and he's been missing now for two days. I want you to have the canal dragged."

"Anything peculiar about him by which he can be recognized, supposing we find a body?" inquired the inspector.

The woman hesitated and seemed at a loss for a minute or two. Then a look of relief slowly overspread her face.

"Why, yes," she exclaimed at last, "he's deaf!"

In a small town in the south lives a physician noted for his reckless automobile driving. One day when he answered the telephone, a woman's voice asked him if he was going out driving that afternoon.

"No, I hardly think I have time this afternoon," replied the doctor. "But why do you ask?"

"Well," replied the anonymous questioner, "I want to send my little daughter downtown for some thread, if you're not."

At a lecture, the speaker orated reverently:

"He drove straight to his goal. He looked neither to the right nor to the left, but pressed forward, moved by a definite purpose. Neither friend nor foe could delay him, nor turn him from his course. All who crossed his path did so at their own peril. What would you call such a man?"

"A truck driver!" shouted a voice from the back of the audience.

The minister had dictated his sermon to a stenographer. The subject was "The Joys of Life," and he quoted as his text a well known passage from the 127th Psalm.

Being better acquainted with modern translation facilities than with ancient archaeology, she rendered the passage, "Happy is the man that hath his flivver full of them."

Which, after all, simply expressed the same thought in a more literal way.

A good naval oil reserve is one that doesn't go dry by the time the government recovers it.—Akron (O.) Beacon-Journal.

It would seem that to build a prison for women exclusively is carrying the equal rights proposition to the extreme.—Newark (O.) American-Tribune.

Moscow taxes visitors. Something like our winter resorts, doubtless.—Columbus (O.) Dispatch.

Dr. Frank Crance says people can get along without grandmothers. We wouldn't have gone that far, but we are willing to agree that they have to have 'em at some old time or other.—Akron (O.) Beacon-Journal.

NEWSY GOSSIP OF BIG CITIES

By ETHEL MARSHALL.

LONDON, Dec. 27.—England is just beginning to feel the first effects of the cross-word puzzle epidemic.

A few wives have written to the newspapers complaining against this fad, which has virtually caused their husbands to go into isolation; but thousands of others have written demanding more and better cross-word puzzles.

The epidemic has spread here from the United States and is treated as an alien disease; but, as a matter of fact, the English cross-worders have not yet reached the proficiency of the Americans, and English puzzles still contain many "words of three letters, which are of the feline family and are considered pets."

American debutantes in London are forming their own exclusive club, with an age limit of 27. Any "maid of 28" will be ineligible.

The new club will have quarters in a modern building which is now being erected on the site of Devonshire house, opposite the Berkley hotel, in Piccadilly.

Miss Agatha Carnegie and Miss Madeline Jordan, of Los Angeles, are prime movers in the new venture, an innovation for London, which up to now has had no clubs exclusively for young people.

Hundreds of thousands of dollars' worth of Christmas presents were sent from London to the United States. Every sort of English glass and chinaware was sought this year as Christmas gifts for friends in America. Many summer tourists left orders for gifts to be delivered in the United States by Christmas. Mrs. Carey Beck, who is on her way to Palm Beach, took back to the United States with her $2,600 worth of old glass and chinaware. Much of this is from Queen Mary collection. The queen has sold a number of her pieces in order that she may replace them with more-to-be-desired pieces.

Nick Mockett, the major domo of the Savoy foyer, is glad that Christmas is at hand, because among his many duties he has recently been shepherding 11 expensive Pekingese, which Harry Lorimer, of St. Louis, bought to take home for Christmas presents. Nick is a dog lover; but he was considerably worried over his charges, for one of them was the son of Sun-Wei, the favorite Pekingese of the ex-boy emperor of China.

Lady Cunard, formerly Maude Alice Burke, of New York, has adopted the new monocle fashion, which is driving horn-rimmed glasses far into the background.

Queen Mary has entered a magazine competition. The editor of an art magazine, running a competition for the identification of a picture, was surprised, indeed, when he opened his morning mail and found that the queen had sent in a solution to his puzzle. Now everyone is anxiously awaiting the result, to learn whether the queen has won a prize.

Young men about town are adopting beards. Soft, silky beards, of the "Captain Kettle" variety, are now greatly favored among the youths who frequent the smart cafes. "Harry," London's most famous barber, says he's not a bit discouraged, for the fad won't last more than a month, he predicts.

NEW YORK DAY BY DAY

O. O. McINTYRE

NEW YORK, Dec. 27.—The police in trying to solve a series of jewel robberies that had their inception in glittering cafes discovered that there are at least 1,000 young men in the Roaring Forties who have no visible means of support but who live in style.

They are the insolvent but jolly lads who keep up to the minute in clothes and are found where the candles burn brightest. And never pay a check. They are not sons of the rich nor are they remittance men. Most of them have escaped clutches of the law.

They are of a certain mould well oiled hair, meticulously polished nails and freshly barbered. Wise cracking is their specialty and they know all the answers. They call all the stage stars by their first names and speak of Schwab as Charlie.

Of course, they are social parastites, but the police have not been able exactly to fathom just where the money comes from. If it is polite blackmail the victims never squawk. One thing is certain they are found where husbands are liable to be on the loose.

The idea that a personal loan is a debt of honor is tosh to them, although it is not conceivable they could go on indefintely borrowing from this chance acquaintance or that. Although there is one cafe hound who admits he has been living for three years on quick touches.

But he is an idiot in his attack and there are not 999 more like him. They are harmless enough appearing and their conversation could be unleashed in the most ultra drawing room. They are known as Freddy, Jack, Phil and the like. You never hear their last names.

Their attitude toward the opposite sex is courteous but rather remote. One gains the impression that their credo is that the "heart must play no part."

The most difficult task on the stage, so actors say, is that of the "straight" man. He is the buffer for the comedian, feeds him the lines that wafts the wheeze and otherwise assists to make the act ludicrous. It is said that with a good "straight" man a mediocre comedian may be lifted to superlative comedy. There are only about five first class "straight" men in the business and the demand is heavy.

The most finished of the "straight" men perhaps is Jay Brennan for years the partner of the late Bert Savoy. Brennan has trained a new partner for the jovial common part that Savoy once played. At the first night here in a revue he carried the novice on his back, so to speak. Once when the act looked as though it might be a sure flop he turned to the audience and said, "He'll be all right in a minute," and by leading him over the rough places with deft skill he saved the skit.

Old Fred Ovington was found in a charitable institution the other day by a reporter. For years he tramped across the country with a trained bear, enlivening Main Streets of a thousand villages. Each spring he took to the open road sleeping where night found him and picking up pitched coins here and there. His bear died this winter and old Fred was forced to seek charity. He has been in every state in the union always on foot.

OLD IRONSIDE'S FATE

WASHINGTON, Dec. 27.—The frigate Constitution, the most famous ship in American history, is again in the limelight. The navy department says that the old ship is rapidly rotting, and that until funds for extensive repairs are forthcoming, Old Ironsides will soon be a thing of the past.

For some years the frigate has been lying in the Charlestown navy yard, and has been pointed out as one of the sights of Boston. Each year thousands of visitors go aboard to see for themselves the vessel which showed proud British warships that America would, and could, contest Britain's claim to dominion over the high seas. Old Ironsides was not the only American ship which played an important part in the War of 1812, but, without this particular star of the navy, the War of 1812 and America's subsequent history might have been quite different. From the time the frigate was built in 1797 her record was a succession of naval victories and triumphal cruises.

But the vessel's claim to America's interest does not rest on her fighting history alone. The Constitution is distinguished because almost from the beginning of her career she was held up by the people as a smybol of American pluck and achievement.

Her victory over the British frigate, the Guerriere, in the beginning of the War of 1812, occurred just at the critical time when the American people were discouraged over British victories in land battles. The British themselves admitted that for America to win the first battle at sea would give this country confidence in its power. And so it did. The Constitution went on to other victories.

Years after, when the Civil war broke out, and Annapolis, haste was made to tow the frigate back. Old Ironsides was being used as a training ship at north. This was done because of the rumor that the Maryland confederates were going to make special efforts to capture the ship. It was said that seeing the confederate flag flying on Old Ironsides would have powerful influence in strengthening the morale of the southern forces.

DESTRUCTION ONCE PROPOSED

A century plus almost 30 years is a long lifetime for a ship. The Constitution would have been hacked to pieces or sent down to Davy Jones' locker in 1828 if the suggestion of a secretary of the navy and his consulting board had been followed. At that time the frigate had fought the Barbary pirates, and had seen hard war service. She was on a Mediterranean cruise when she suddenly went out of commission, and experts said that the cost of repairs would be more than the original cost of building the ship.

But the proposed destruction of Old Ironsides was mentioned by chance in a newspaper, and Oliver Wendall Holmes immediately wrote his stirring poem, beginning "Aye, tear her tattered ensign down," and had it printed in the Boston Advertiser. Public resentment at the idea of sinking the ship rose so high that congress provided the necessary appropriation.

After that the Constitution had many other adventures. She made a trip around the world between 1844 and 1848, and in the 495 days at sea she traveled 52,279 miles, or an average of 106 miles a day. She was the flagship of Admiral George Dewey, later of Manila Bay fame, between 1867 and 1870. In 1878 she made a trip to France to carry goods sent by Americans to the Universal Exposition at Paris. Four years later Old Ironsides went permanently out of commission, but she had served the country for half a century after the naval board of 1822 read her death warrant.

From time to time since Holmes' poem was written the old bark has been in urgent need of repairs, and patriotic sentiment has always demanded that she be patched up and preserved.

Last spring the naval board of inspection and survey looked the old Constitution over, and reported that she is in decidedly bad shape. The main topmast is twisted, the mizzentop is slued, and the mizzen topmast is badly checked, to mention only a few of the disabilities from which the aged frigate is suffering. The general diagnosis was that Old Ironsides is unseaworthy, the rigging is unsafe and the spars not secure. Temporary repairs would save the ship only for a brief time.

CAN BE SAVED FOR MANY YEARS

In its report the board said: "The Old Constitution can be placed in a dry dock and can be rebuilt, part by part, in a way still to be the Old Constitution. That object will not be attained if the present vessel is allowed to go to ruin, and if at a later date, a replica is built from plans and data taken from the present vessel. By rebuilding, if proper material is used, the Old Constitution can be saved for an indefinite number of years, 30 to 50, without further extensive overhal."

The board further suggested that a part of the lower deck could well be used for exhibition of naval relics from the early days.

In 1916 the navy department asked for and received $150,000 for the purpose of restoring the old ship. Now $475,000 is needed to recondition and maintain the vessel for a time. Whether an economically congress will consent to dig into the national coffers for nearly half a million dollars for an unseaworthy ship is questionable. A bill for the purpose would be very likely to get pushed aside, as was the bill introduced by Senator Lodge at the last session. Undoubtedly, congress approved the idea of preserving the famous ship, but the matter is apt to be postponed to what legislators like to call a more seasonable time.

The Constitution, however, continues to leak and to get in worse condition from dry rot, and if anything is to be done it must be done shortly. Secretary of the Navy Wilbur is now considering ways and means of raising the $475,000. The Massachusetts branch of the Daughter of 1812 has offered to conduct a campaign among the school children in order to make up the fund. Secretary Wilbur likes this plan, and he may ask congress to authorize the acceptance of the fund if the Daughters of 1812 will raise it.

An objection to the plan, if it is carried out as a nation-wide campaign, is that in some states and cities the public school regulations do not permit the children to bring contributions for any purpose to school. Still, throughout her career, the luck of Old Ironsides has been proverbial, and probably she will be taken care of somehow.

Even when she was built this ship, which was one of six frigates, had a special appeal for the people. A published account of the launching of the Constitution said: "The best judges have pronounced the Constitution, like her archetype (the Federal Constitution), to be a perfect model of elegance and strength, and every individual employed in her construction appears to pride himself in having assisted at the production of this chef d'oeuvre of naval architecture."

FIFTEEN YEARS AGO
December 27, 1909.

Edward Wood, of Fifth street, left last evening for a three months' visit in Texas and other points in southwest.

A son has been born to Mr. and Mrs. Joseph Judge, of Ambrose avenue.

A daughter was born Tuesday to Mr. and Mrs. Joseph Drumm, of Pennsylvania avenue.

In honor of her nineteenth birthday anniversary, Miss May Welsend extertained in her home in Pennsylvania avenue, East End, Tuesday evening.

Miss Alice McLean, who has been attending school at Ypsilanti, Mich., is spending Christmas with her parents, Mr. and Mrs. Philip N. McLean.

A noon wedding united in marriage Edgar Green, of Wellsville, and Miss Pearl Black, of this city.

Rails Up

No feature of the remarkable rise in security values of late has been more notable than the jump in railroad stocks. Railroads in general have gained about 20 points over last year, rising on an average from a little under $80 a share to practically par. That increase of 20 per cent of face value represents 25 per cent of last year's market value.

It is an almost unprecedented gain for such a great aggregation of properties in so short a period. It means the addition of several billion dollars to the selling value of the railroad lines in 12 months. It means fortunes won by thousands of investors and a very comfortable feeling on the part of the hundreds of thousands of share-holders. It means new borrowing power and virtual assurance of a new era of railroad prosperity.

This practical evidence of public esteem for the railroads may be explained in many ways. Chief among the reasons for it, perhaps, are these. First, the railroads themselves have striven manfully to improve their equipment and service since the property was returned to them and they were deprived of further government aid. Second, because of their success, there is tacit agreement on the part of government and public that they are to be allowed to operate from now on with the least possible interference, and enjoy their increased volume of patronage, as long as they observe sound moral and business principles.

The railroads have learned their lesson, and the public has learned its lesson. From now on, it may be assumed that each will be willing to give the other a square deal. Hence the outlook is prosperity for both.

Silent Airplanes

The most conspicuous feature of the airplane, so far in its development, is its noise. Nearly always a flying plane is heard before it is seen. Its roar is unmistakable. When a plane flies low, that roar is unpleasant to everyone below. At all times it is deafening to pilots and passengers. It has been one of the admitted defects of the airplane, tolerated because it was considered inevitable and necessary.

Now comes the glad news that this roar has been done away with, as the roar of automobiles and motorboats was long ago. It is no more necessary, say London engineers, to operate an airplane engine without a muffler than it is to operate any other gas engine without one. It merely requires a different type of muffler, which will stop the noise of internal explosions without checking the escape of the exhaust fumes and interfering with the speed of the engine.

At the same time, the engineers say, they have overcome the other characteristic airplane noises made by the whirring propellers and the wind rushing through wires and spars. It is mainly a matter of simplifying surfaces and eliminating friction.

Now it will be possible to be really "bird men." Flying birds do not roar. Flying machines could not compete with them except in power until they attained the silent smoothness of bird flight. With that accomplished, the air plane will be destined to far more rapid and general popularity.

Hand-Kissing

A big fuss has been made in our eastern cities over the wife of the exiled Grand Duke Cyril, who claims the Russian crown. Whereupon Serge Yourowsky, another Russian exile in Paris, who really amounts to something, has this to say about it:

"It seems extraordinary to me that the social leaders of the great democracy must seek to bask in the shadow of one whose light, never really legitimate, has already begun to dim.

"I wonder if they really know how ridiculous they look to the friends of the grand duchess, and even to herself, if the truth were known.

"The Grand Duchess Victoria is a fine woman, but even she must realize the falsity of the position in which the American social climbers have placed her."

Still, climbers must have something to climb by, and in this king-hating county any representative of royalty, real or imaginary, serves the purpose. The only trouble is that foreigners sometimes imagine the hand-kissing is done by real Americans.

What Russia needs most is somebody to crack a joke once in a while.

TODAY

BY ARTHUR BRISBANE

(The opinions expressed in this column are strictly those of Mr. Brisbane and not necessarily in consonance with the policies of The Review-Tribune).

On such a day as yesterday, the usual run of the world's news seems unimportant. If men really believed what they profess and hear in sermons, if they thought that Gabriel, at any moment, might arrive, blowing his horn, raising the dead, and taking the living up with him, how unimportant the closing price of "Steel" would seem.

But the stock market is real; we know it, buy and sell it. The things of the spirit and of faith we cannot grasp, so we postpone giving them serious attention.

LA FOLLETTE BEAT ROOSEVELT

The final accurate figures on the election are not exactly related to the Christmas solemnity, but they interest you.

Those that were half scared to death by the La Follette campaign will be surprised at his vote, and that refers especially to those badly frightened patriots, friends of the late Theodore Roosevelt, who explained carefully that La Follette's independent campaign bore no likeness to the holy Bull Moose T. R.'s campaign.

Holy or not, La Follette's vote as an independent was bigger than the vote cost for Theodore Roosevelt as an independent.

La Follette got 4,822,319 votes, 696,299 more than Roosevelt got. And La Follette had all the corporation newspapers lying about him and had no rich men like Munsey and Perkins spending their cash to help him.

President Coolidge was elected by the biggest plurality ever given to any president, greater even than Harding's plurality.

John W. Davis got fewer votes than Sox got in his attempt. Both their votes combined would have been about enough to bet Coolidge. The Democrats ought to do some thinking before 1928, unless they are content, as they were last June, to pick out a candidate satisfactory to "big interests" and run him, not to be elected, but just in case of accidents.

FOR CAMP FIRE GIRLS

Advice given to the Camp Fire Girls for 1925, is good advice. It includes these items:

Sleep with windows open.

Eat green vegetables.

Use no slang. That's to improve the mind. Slang stupifies the brain.

Speaking in a low tone. A voice soft and low as King Lear said, when he lost his good daughter, is an excellent thing in woman, and it encourages marriage. A human fog horn, with bobbed hair, a painted face and conspicuous legs, may be amusing for a while, but is not chosen, by the intelligent, as a steady matrimonial diet.

DARK SPOT IN EUROPE

The one dark spot, as the New Year approaches, is in Europe. The English refuse to withdraw their troops from Cologne, on the ground that Germany is secretly preparing for war. Britain formally charges that Germany's Green police and reichswehr are part of much bigger secret armed force.

That charge coming from the British, anxious only to forget war and begin selling goods, is disturbing to the world's peace of mind.

REVENGE, OF COURSE

Germany, of course, wants revenge, just as the French wanted it after 1870, and got it.

Young Germans are trained for war, as a matter of course. Germany is doing exactly what the United States would be doing if, through our own fault, or otherwise, we had been crushed, humiliated and robbed by a coalition of nations.

DINNER STORIES

The head of a large business house noticed that one of his clerks had been looking off color for some months, and one morning, when he was looking rather paler than usual, he tackled him on the subject.

"You look tired this morning, Jones," he said kindly. "Don't you sleep well?"

"No, sir," was the reply. "The fellow I share a room with and I suffer from alternate insomnia."

"Alternate insomnia! What is that?"

"Whichever gets to sleep first keeps the other awake all night!"

A London lawyer, examining a Lanarkshire farmer, said: "You'll affirm that when this happened you were going home to a meal. Let us be quite certain on this point, because it is a very important one, and be good enough to tell me, sir, with as little prevarication as possible, what meal it was you were going home to."

"You would like to know what meal it was?" said the Scotsman.

"Yes, sir, I should like to know," replied the counsel, sternly and impressively, "and be sure you tell the truth."

"Well, then," said the Scotsman, "it was just oatmeal."

Sam, impaneled for jury service at a murder trial, had seemed little too anxious to serve.

"Do you know the accused?" he was asked.

"Yassuh—dat is—nossuh," he replied, realizing that if he hade an affirmative answer he would be disbarred from serving.

"Have you made up your mind as to his guilt or innocence?"

"Oh, no, suh."

"You think, then, that you could give his case a fair hearing?"

"Yassuh," replied Sam. "Least ways, ez fairl ez ed ole scamp deserves."

They arrived home late from the summer party. Wife took off her hat and slammed it on the floor. Then she confronted her hubby.

"I'll never take you to another party as long as I live!" she said.

"Why?" he calmly wanted to know.

"You asked Mrs. Jones how her husband has been standing the heat."

"Well?"

"Well, her husband has been dead two months."

A wild-eyed, disheveled-looking woman burst into the local police station.

"My husband has been threatening to drown himself for some time," she cried hysterically, "and he's been missing now for two days. I want you to have the canal dragged."

"Anything peculiar about him by which he can be recognized, supposing we find a body?" inquired the inspector.

The woman hesitated and seemed at a loss for a minute or two. Then a look of relief slowly overspread her face.

"Why, yes," she exclaimed at last, "he's deaf!"

In a small town in the south lives a physician noted for his reckless automobile driving. One day when he answered the telephone, a woman's voice asked him if he was going out driving that afternoon.

"No, I hardly think I have time this afternoon," replied the doctor. "But why do you ask?"

"Well," replied the anonymous questioner, "I want to send my little daughter downtown for some thread, if you're not."

At a lecture, the speaker orated reverently:

"He drove straight to his goal. He looked neither to the right nor to the left, but pressed forward, moved by a definite purpose. Neither friend nor foe could delay him, nor turn him from his course. All who crossed his path did so at their own peril. What would you call such a man?"

"A track driver!" shouted a voice from the bored audience.

The minister had dictated his sermon to a new stenographer. The subject was "The Joy of Youth," and he quoted as his text a well known sentence from the 127th Psalm.

Being better acquainted with modern transportation facilities than with ancient archery, the typist rendered the passage, "Happy is the man that hath his flivver full of them."

Which, after all, simply expressed the sentiment in a more literal way.

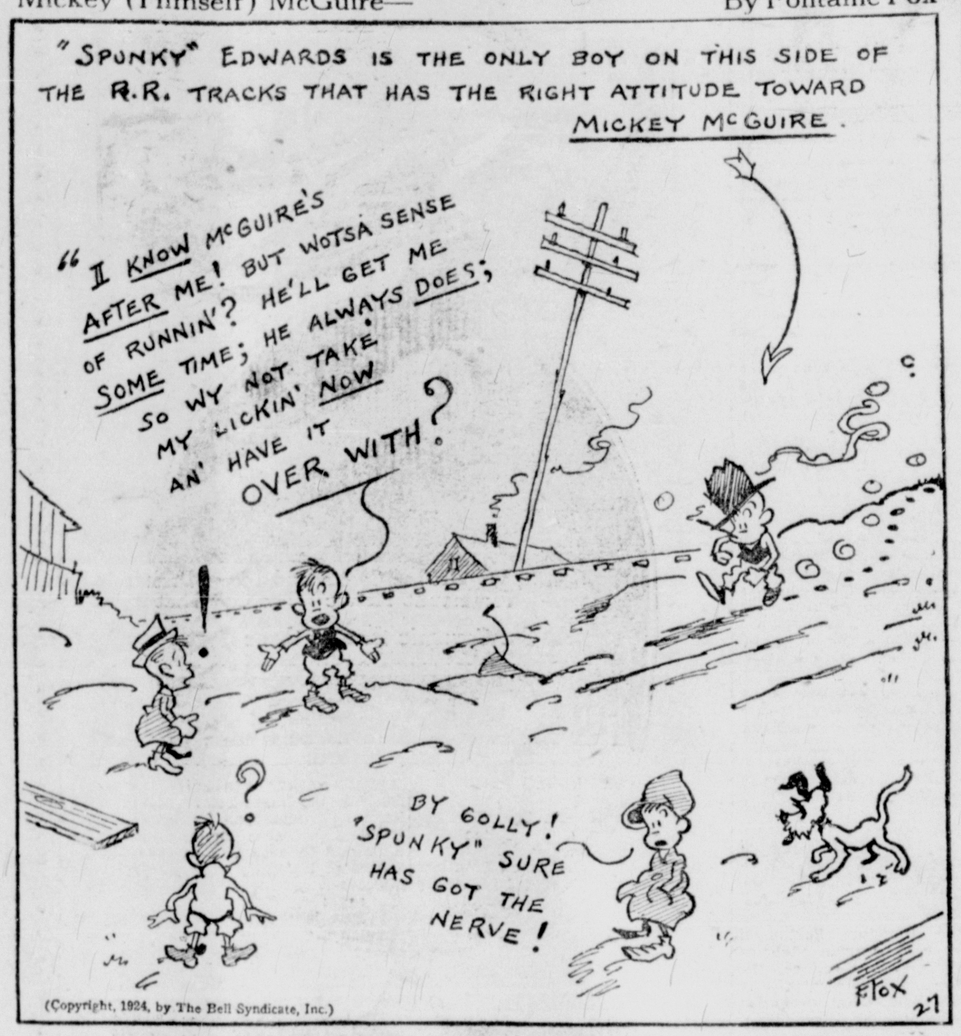

A good naval oil reserve is one that doesn't go dry by the time the government receives it.—Akron (O.) Beacon-Journal.

It would seem that to build a prison for women exclusively is carrying the equal rights proposition to the extreme.—Newark (O.) American Tribune.

Moscow taxes visitors. Something like our winter resorts, doubtless.—Columbus (O.) Dispatch.

Dr. Frank Crance says people can get along without grandmothers. We wouldn't have gone that far, but we are willing to agree that they have to have 'em at some old time or other.—Akron (O.) Beacon-Journal.

Mickey (Himself) McGuire— By Fontaine Fox

NEWSY GOSSIP OF BIG CITIES

By ETHEL MARSHALL.

LONDON, Dec. 27.—England is just beginning to feel the first effects of the cross-word puzzle epidemic.

A few wives have written to the newspapers complaining against this fad, which has virtually caused their husbands to go into isolation; but thousands of others have written demanding more and better cross-word puzzles.

The epidemic has spread here from the United States and is treated as an alien disease; but, as a matter of fact, the English cross-worders have not yet reached the proficiency of the Americans, and English puzzles still contain many "words of three letters, which are of the feline family and are considered pets."

American debutantes in London are forming their own exclusive club, with an age limit of 27. Any "maid of 28" will be ineligible.

The new club will have quarters in a modern building which is now being erected on the site of Devonshire house, opposite the Berkley hotel, in Piccadilly.

Miss Agatha Carnegie and Miss Madeline Jordan, of Los Angeles, are prime movers in the new venture, an innovation for London, which up to now has had no clubs exclusively for young people.

Hundreds of thousands of dollars' worth of Christmas presents were sent from London to the United States. Every sort of English glass and chinaware was sought this year as Christmas gifts for friends in America. Many summer tourists left orders for gifts to be delivered in the United States by Christmas. Mrs. Carey Beck, who is on her way to Palm Beach, took back to the United States with her $2,000 worth of old glass and chinaware. Much of this is from Queen Mary collection. The queen has sold a number of her pieces in order that she may replace them with more-to-be-desired pieces.

Nick Mockett, the major domo of the Savoy foyer, is glad that Christmas is at hand, because among his many duties he has recently been shepherding 11 expensive Pekingese, which Harry Lorimer, of St. Louis, bought to take home for Christmas presents. Nick is a dog lover; but he was considerably worried over his charges, for one of them was the son of Sun-Wei, the favorite Pekingese of the ex-boy emperor of China.

Lady Cunard, formerly Maude Alice Burke, of New York, has adopted the new monocle fashion, which is driving horn-rimmed glasses far into the background.

Queen Mary has entered a magazine competition. The editor of an art magazine, running a competition for the identification of a picture, was surprised, indeed, when he opened his morning mail and found that the queen had sent in a solution to his puzzle. Now everyone is anxiously awaiting the result, to learn whether the queen has won a prize.

Young men about town are adopting beards. Soft, silky beards, of the "Captain Kettle" variety, are now greatly favored among the youths who frequent the smart cafes. "Harry," London's most famous barber, says he's not a bit discouraged for the fad won't last more than a month, he predicts.

NEW YORK DAY BY DAY

O. O. McINTYRE

NEW YORK, Dec. 27.—The police in trying to solve a series of jewel robberies that had their inception in glittering cafes discovered that there are at least 1,000 young men in the Roaring Forties who have no visible means of support but who live in style.

They are the insolvent but jolly lads who keep up to the minute in clothes and are found where the candles burn brightest. And never pay a check. They are not sons of the rich nor are they remittance men. Most of them have escaped clutches of the law.

They are of a certain mould well oiled hair, meticulously polished nails and freshly barbered. Wise cracking is their specialty and they know all the answers. They call all the stage stars by their first names and speak of Schwab as Charlie.

Of course, they are social parastites, but the police have not been able exactly to fathom just where the money comes from. If it is polite blackmail the victims never squawk. One thing is certain they are found where husbands are liable to be on the loose.

The idea that a personal loan is a debt of honor is tosh to them, although it is not conceivable they could go on indefintely borrowing from this chance acquaintance or that. Although there is one cafe hound who admits he has been living for three years on quick touches.

But he is an oaf in his attack and there are not 999 more like him. They are harmless enough appearing and their conversation could be unleashed in the most ultra drawing room. They are known as Freddy, Jack, Phil and the like. You never hear their last names.

Their attitude toward the opposite sex is courteous but rather remote. One gains the impression that their credo is that the "heart must play no part."

The most difficult task on the stage, so actors say, is that of the "straight" man. He is the buffer for the comedian, feeds him the lines that wafts the wheeze and otherwise assists to make the act ludicrous. It is said that with a good "straight" man a mediocre comedian may be lifted to superlative comedy. There are only about five first class "straight" men in the business and the demand is heavy.

The most finished of the "straight" men perhaps is Jay Brennan for years the partner of the late Bert Savoy. Brennan has trained a new partner for the jovial common part that Savoy once played. At the first night here in a revue he carried the novice on his back, so to speak. Once when the act looked as though it might be a sure flop he turned to the audience and said, "He'll be all right in a minute," and by leading him over the rough places with deft skill he saved the skit.

Old Fred Ovington was found in a charitable institution the other day by a reporter. For years he tramped across the country with a trained bear, enlivening Main Streets of a thousand villages. Each spring he took to the open road sleeping where night found him and picking up pitched coins here and there. His bear died this winter and Old Fred was forced to seek charity. He has been in every state in the union always on foot.

She is one of those cabaret dancers who looks as though she had been trying to fill inside straights in a strip poker game. She picks out some old party and a table and "hot mamas" him with ambling gestures. The other night she picked the wrong victim. He happened to own the building and he had the lessee arrested because of liquor violations. So she found herself out of a job. The moral is: "Never kid an old party."

WHAT YOU READ LONG TIME AGO

TWENTY-FIVE YEARS AGO
December 27, 1899.

The F. F. F. club will meet at the home of Miss Fowler, Pennsylvania avenue.

The Carroll club will banquet this evening.

Harold Knowles, of New York city, who has been visiting friends here for some time, left at noon for Salem.

While skating at West End park yesterday, Miss Anna Meredith broke through the ice and was thoroughly drenched.

Alexander Martin and Miss Anna Smith, both of this city, were united in marriage Thursday by Squire Rose.

Edward McKinney, who has been employed for some time as special messenger at the postoffice, will leave tomorrow for Philadelphia.

Haskin Letter

BY FREDERIC J. HASKIN

OLD IRONSIDE'S FATE

WASHINGTON, Dec. 27.—The frigate Constitution, the most famous ship in American history, is again in the limelight. The navy department says that the old ship is rapidly rotting, and that unless funds for extensive repairs are forthcoming, Old Ironsides will soon be a thing of the past.

For some years the frigate has been lying in the Charlestown navy yard, and has been pointed out as one of the sights of Boston. Each year thousands of visitors go aboard to see for themselves the vessel which showed proud British warships that America would, and could, contest Britain's claim to dominion over the high seas. Old Ironsides was not the only American ship which played an important part in the War of 1812, but, without this particular star of the navy, the War of 1812 and America's subsequent history might have been quite different. From the time the frigate was built in 1797 her record was a succession of naval victories and triumphal cruises.

But the vessel's claim to America's interest does not rest on her fighting history alone. The Constitution is distinguished because almost from the beginning of her career she was held up by the people as a smybol of American pluck and achievement.

Her victory over the British frigate, the Guerriere, in the beginning of the War of 1812, occurred just at the critical time when the American people were discouraged over British victories in land battles. The British themselves admitted that for America to win the first battle at sea would give this country confidence in its power. And so it did. The Constitution went on to other victories.

Years after, when the Civil war broke out, and Annapolis, haste was made to tow the frigate back. Old Ironsides was being used as a training ship at north. This was done because of the rumor that the Maryland confederates were going to make special efforts to capture the ship. It was said that seeing the confederate flag flying on Old Ironsides would have powerful influence in strengthening the morale of the southern forces.

DESTRUCTION ONCE PROPOSED

A century plus almost 30 years is a long lifetime for a ship. The Constitution would have been hacked to pieces or sent down to Davy Jones' locker in 1828 if the suggestion of a secretary of the navy and his consulting board had been followed. At that time the frigate had fought the Barbary pirates, and had seen hard war service. She was on a Mediterranean cruise when she suddenly went out of commission, and experts said that the cost of repairs would be more than the original cost of building the ship.

But the proposed destruction of Old Ironsides was mentioned by chance in a newspaper, and Oliver Wendall Holmes immediately wrote his stirring poem, beginning "Aye, tear her tattered ensign down," and had it printed in the Boston Advertiser. Public resentment at the idea of sinking the ship rose so high that congress provided the necessary appropriation.

After that the Constitution had many other adventures. She made a trip around the world between 1844 and 1848, and in the 495 days at sea she traveled 52,279 miles, or an average of 106 miles a day. She was the flagship of Admiral George Dewey, later of Manila Bay fame, between 1867 and 1870. In 1878 she made a trip to France to carry goods sent by Americans to the Universal Exposition at Paris. Four years later Old Ironsides went permanently out of commission, but she had served the country for half a century after the naval board of 1822 read her death warrant.

From time to time since Holmes' poem was written the old bark has been in urgent need of repairs, and patriotic sentiment has always demanded that she be patched up and preserved.

Last spring the naval board of inspection and survey looked the old Constitution over, and reported that she is in decidedly bad shape. The main topmast is twisted, the mizzentop is slued, and the mizzen topmast is badly checked, to mention only a few of the disabilities from which the aged frigate is suffering. The general diagnosis was that Old Ironsides is unseaworthy, the rigging is unsafe and the spars not secure. Temporary repairs would save the ship only for a brief time.

CAN BE SAVED FOR MANY YEARS

In its report the board said: "The Old Constitution can be placed in a dry dock and can be rebuilt, part by part, in a way still to be the Old Constitution. That object will not be attained if the present vessel is allowed to go to ruin, and if at a later date, a replica is built from plans and data taken from the present vessel. By rebuilding, if proper material is used, the Old Constitution can be saved for an indefinite number of years, 30 to 50, without further extensive overhal."

The board further suggested that a part of the lower deck could well be used for exhibition of naval relics from the early days.

In 1916 the navy department asked for and received $150,000 for the purpose of restoring the old ship. Now $475,000 is needed to recondition and maintain the vessel for a time. Whether an economically congress will consent to dig into the national coffers for nearly half a million dollars for an unseaworthy ship is questionable. A bill for the purpose would be very likely to get pushed aside, as was the bill introduced by Senator Lodge at the last session. Undoubtedly, congress approved the idea of preserving the famous ship, but the matter is apt to be postponed to what legislators like to call a more seasonable time.

The Constitution, however, continues to leak and to get in worse condition from dry rot, and if anything is to be done it must be done shortly. Secretary of the Navy Wilbur is now considering ways and means of raising the $475,000. The Massachusetts branch of the Daughter of 1812 has offered to conduct a campaign among the school children in order to make up the fund. Secretary Wilbur likes this plan, and he may ask congress to authorize the acceptance of the fund if the Daughters of 1812 will raise it.

An objection to the plan, if it is carried out as a nation-wide campaign, is that in some states and cities the public school regulations do not permit the children to bring contributions for any purpose to school. Still, throughout her career, the luck of Old Ironsides has been proverbial, and probably she will be taken care of somehow.

Even when she was built this ship, which was one of six frigates, had a special appeal for the people. A published account of the launching of the Constitution said: "The best judges have pronounced the Constitution, like her archetype (the Federal Constitution), to be a perfect model of elegance and strength, and every individual employed in her construction appears to pride himself in having assisted at the production of this chef d'oeuvre of naval architecture."

SOCIETY

Sacred Concert In U. P. Church Here Tuesday Evening

Music lovers and their friends are invited to attend the fourth sacred concert to be given in the First United Presbyterian church at 8 o'clock next Tuesday evening, when Handel's immortal oratorio, "The Messiah," will be presented by members of the church choir, assisted by the chorus choir of the First Presbyterian church.

Rehearsals have been held for the past five weeks under the direction of J. C. Ussher of Pittsburgh.

The first concert was given Dec. 5, 1923, when the oratorio, "Penitence, Pardon, Peace," was presented with V. Kroen of Pittsburgh singing the tenor solos. The second concert was held January 2, 1924, when the "Star of Bethlehem," was presented, with Dr. Kirk singing the bass solos; the third concert was given April 18, 1924, "Darkness and Dawn" being the anthem given, with Mrs. Will Baker singing the alto solos.

The principal solos will be given by Miss Lois Baker, Miss Olive Carnahan, Miss Sara Heddleston, Mrs. E. George, Mrs. Will Baker, Miss F. McLane, Mrs. Roberts, J. C. Ussher, Joseph Lawton and Oliver Johnson.

Welcome Club Is Entertained.

Members of the Welcome club were received by Mrs. Elizabeth Bratt in her home in Chester last evening. The home was attractively decorated with Christmas decorations. Yuletide games were enjoyed, trophies being presented Mrs. Iris Bobbs and Mrs. Brookes.

At the close of the social hours a dainty luncheon was served by the hostess, assisted by Mrs. Millie Williams and Mrs. Gertrude Brown. Covers were arranged for Mesdames Kathryn Gleckner, M. Siddall, T. M. Fullerton, Mary Holland, Millie Williams, Gertrude Brown, Margaret Knowles, M. Schneider, Iris Bobbs, Mary Machin; Misses Madge Douglass, Mary Doubtt, Gladys Siddell, Anna Williams, Eva Cook and Mrs. Lizzie Bratt.

A special guest was Mrs. Brookes.

The next meeting will be held Friday evening, January 2, in the home of Mrs. Katheryn Gleckner of 410 Pine street.

Jolly Fellows' Club Party.

The Jolly Fellows' club will hold an informal dancing party tonight in the Eagles' ball room. Norman E. Stillwell's orchestra will play the following program:

Fox trot—Clementine.
Fox trot—Do Wa Ca Do.
Fox trot—Dear One.
Fox trot—Traveling Blues.
One step—Eliza.
Two step—Red Hot Mamma.
Waltz—Haunting Melody.
Fox trot—If You Do What You Do.
Fox trot—Ray of Sunshine.
Fox trot—Blue Eyed Sally.
Two step—Where's My Sweetie Hiding.
Fox trot—In a Rendezvous.
Waltz—In Shadowland.
Fox trot—New Kind of Man.
Fox trot—Too Tired.
Fox trot—Worryin' Blues.

Church Choir Program.

The choir of the Pennsylvania Avenue Methodist Episcopal church will present the following program at the Sunday evening service starting at 7:30 o'clock.

Organ Prelude—Selected—Miss Bernadette Arnold.
Anthem—"The Lord Is King"—Choir.
Solo—"No room in the Inn"—Mrs. Fred Neiser.
Solo—"Fear Not Ye O Israel—J. L. Brindley.
Anthem—"The Bells of Prayer—Choir.
Solo—Selected—Miss Bernadette Arnold.
Duet—"Watchman What of the Night," Joseph Burbick and J. L. Brindley.
Solo—"The Manger of Bethlehem"—Norman Fynn.
Solo—Selected—Miss Sylvia Shay.
Solo—"There is a Green Hill Far Away"—Joseph Burbick.
Trio—"Star of Bethlehem"—Bernadette Arnold, Norman Fynn and H. J. Wain.
Anthem—Selected—Choir.

H. J. Wain is chorister; Miss Bernadette Arnold, organist, and Herbert Blake, assistant organist.

...of C. Old Time Dance and Euchre.

An old time dancing and euchre party for members and friends will be held by Carroll council No. 509, Knights of Columbus, in the lodge parlors and ballroom on Friday evening, January 2, it was announced today.

Many novel features are planned by Lecturer John J. Hughes and his committee.

Dancing and cards will continue from 8:30 o'clock until midnight. A luncheon will be served.

Sayre's Premier Syncopators furnished the music at the Yuletide dancing party held last night by the lodgemen.

Curry Memorial Church Treat.

The Curry Memorial Presbyterian church will hold a Christmas treat and program Monday evening, Dec. 29. Mrs. Leo Hilliard is chairman of the committee rehearsing the children. She is being assisted by Mrs. Thomas Fisher, Mrs. Jenny Thompson and Mrs. D. T. Emmerling.

Mrs. Edward Ryan Entertains.

Mrs. Edward Ryan entertained the members of the Friday Five Hundred club Thursday evening in her home in Avondale street. Three tables of five hundred were in play during the social hours. Souvenirs were presented Mrs. A. J. Sullivan, Mrs. Paul Gilgallon, Edward Ryan and John T. McNicol.

The Christmas exchange took place at the close of the playing, followed by a dainty luncheon served by the hostess, assisted by Mrs. John Walsh.

The next meeting will be held in the home of Mrs. A. J. Sullivan of Bradshaw avenue, Friday evening, January 2.

Mrs. Frank Irwin Hostess.

In her home in Avondale street recently, Mrs. Frank Irwin delightfully entertained the members of the Poinsetta club at a Christmas party. A short business session was held, after which each member gave a Christmas reading. Mrs. George C. Smith rendered a piano solo.

The home was decorated with a Christmas tree and the annual exchange took place.

A dainty luncheon was served by the hostess, assisted by Mrs. John and Mrs. Samuel Carnahan, both special guests. Covers were arranged for 12 persons.

The next meeting will be held January 8, in the home of Mrs. D. O. Webb of Avondale street.

U-Tell-M Club Party.

Members of the U-Tell-M club enjoyed a Christmas party Wednesday evening in the home of Mrs. Willis George of Gardendale. The home was attractively decorated with roses and Christmas novelties. The Christmas exchange took place, after which radio music and games were the diversions.

A dainty luncheon was served by the hostess, assisted by Mrs. Melvin E. George. Covers were arranged for 14 guests.

The next meeting will be held at the home of Mrs. Will Heppler of Church street, Chester, January 7.

Ohio Society Banquet.

The thiry-ninth annual banquet of the Ohio Society of New York will be held in the grand ball room of the Waldorf-Astoria hotel, Saturday, January 10, at 6:30 p. m.

Congressman Theodore Burton of Cleveland and Congressman Nicholas Longworth of Cincinnati will be the speakers. Music will be furnished by the Waldorf-Astoria hotel orchestra of which Joseph Knecht is conductor.

Complete stocks of Fresh Meats and Groceries at Boice's Market. —Adv.

Utopia Club Members.

The Utopia club members will attend a Christmas party Tuesday evening in the home of Mrs. Lee Weikert of McKinnon avenue. The husbands will be special guests. The Christmas exchange will feature the social hours.

Mrs. John Schneibel Hostess.

The Young Ladies' Needlework society of St. John's Lutheran church will be entertained by Mrs. John Schneibel in her home in Sarah street, Monday evening.

The Society of Willing Workers of St. John's church will be received by Mrs. Gordon Brick in her home in St. Clair avenue, Friday evening, January 2.

SOCIETY

Sacred Concert In U. P. Church Here Tuesday Evening

Music lovers and their friends are invited to attend the fourth sacred concert to be given in the First United Presbyterian church at 8 o'clock next Tuesday evening, when Handel's immortal oratorio, "The Messiah," will be presented by members of the church choir, assisted by the chorus choir of the First Presbyterian church.

Rehearsals have been held for the past five weeks under the direction of J. C. Ussher of Pittsburgh.

The first concert was given Dec. 5, 1923, when the oratorio, "Penitence, Pardon, Peace," was presented with V. Kroen of Pittsburgh singing the tenor solos. The second concert was held January 2, 1924, when the "Star of Bethlehem," was presented, with Dr. Kirk singing the bass solos; the third concert was given April 18, 1924, "Darkness and Dawn" being the anthem given, with Mrs. Will Baker singing the alto solos.

The principal solos will be given by Miss Lois Baker, Miss Olive Carnahan, Miss Sara Heddleston, Mrs. E. George, Mrs. Will Baker, Miss F. McLane, Mrs. Roberts, J. C. Ussher, Joseph Lawton and Oliver Johnson.

Welcome Club Is Entertained.

Members of the Welcome club were received by Mrs. Elizabeth Bratt in her home in Chester last evening. The home was attractively decorated with Christmas decorations. Yuletide games were enjoyed, trophies being presented Mrs. Iris Bobbs and Mrs. Brookes.

At the close of the social hours a dainty luncheon was served by the hostess, assisted by Mrs. Millie Williams and Mrs. Gertrude Brown. Covers were arranged for Mesdames Kathryn Gleckner, M. Siddall, T. M. Fullerton, Mary Holland, Millie Williams, Gertrude Brown, Margaret Knowles, M. Schneider, Iris Bobbs, Mary Machin; Misses Madge Douglass, Mary Doubtt, Gladys Siddell, Anna Williams, Eva Cook and Mrs. Lizzie Bratt.

A special guest was Mrs. Brookes.

The next meeting will be held Friday evening, January 2, in the home of Mrs. Katheryn Gleckner of 410 Pine street.

Jolly Fellows' Club Party.

The Jolly Fellows' club will hold an informal dancing party tonight in the Eagles' ball room. Norman E. Stillwell's orchestra will play the following program:

Fox trot—Clementine.
Fox trot—Do Wa Ca Do.
Fox trot—Dear One.
Fox trot—Traveling Blues.
One step—Eliza.
Two step—Red Hot Mamma.
Waltz—Haunting Melody.
Fox trot—If You Do What You Do.
Fox trot—Ray of Sunshine.
Fox trot—Blue Eyed Sally.
Two step—Where's My Sweetie Hiding.
Fox trot—In a Rendezvous.
Waltz—In Shadowland.
Fox trot—New Kind of Man.
Fox trot—Too Tired.
Fox trot—Worryin' Blues.

Church Choir Program.

The choir of the Pennsylvania Avenue Methodist Episcopal church will present the following program at the Sunday evening service starting at 7:30 o'clock.

Organ Prelude—Selected—Miss Bernadette Arnold.
Anthem—"The Lord Is King"—Choir.
Solo—"No room in the Inn"—Mrs. Fred Neiser.
Solo—"Fear Not Ye O Israel—J. L. Brindley.
Anthem—"The Bells of Prayer—Choir.
Solo—Selected—Miss Bernadette Arnold.
Duet—"Watchman What of the Night," Joseph Burbick and J. L. Brindley.
Solo—"The Manger of Bethlehem"—Norman Fynn.
Solo—Selected—Miss Sylvia Shay.
Solo—"There is a Green Hill Far Away"—Joseph Burbick.
Trio—"Star of Bethlehem"—Bernadette Arnold, Norman Fynn and H. J. Wain.
Anthem—Selected—Choir.

H. J. Wain is chorister; Miss Bernadette Arnold, organist, and Herbert Blake, assistant organist.

K. of C. Old Time Dance and Euchre.

An old time dancing and euchre party for members and friends will be held by Carroll council No. 509, Knights of Columbus, in the lodge parlors and ballroom on Friday evening, January 2, it was announced today.

Many novel features are planned by Lecturer John J. Hughes and his committee.

Dancing and cards will continue from 8:30 o'clock until midnight. A luncheon will be served.

Sayre's Premier Syncopators furnished the music at the Yuletide dancing party held last night by the lodgemen.

Curry Memorial Church Treat.

The Curry Memorial Presbyterian church will hold a Christmas treat and program Monday evening, Dec. 29. Mrs. Leo Hilliard is chairman of the committee rehearsing the children. She is being assisted by Mrs. Thomas Fisher, Mrs. Jenny Thompson and Mrs. D. T. Emmerling.

Mrs. Edward Ryan Entertains.

Mrs. Edward Ryan entertained the members of the Friday Five Hundred club Thursday evening in her home in Avondale street. Three tables of five hundred were in play during the social hours. Souvenirs were presented Mrs. A. J. Sullivan, Mrs. Paul Gilgallon, Edward Ryan and John T. McNicol.

The Christmas exchange took place at the close of the playing, followed by a dainty luncheon served by the hostess, assisted by Mrs. John Walsh.

The next meeting will be held in the home of Mrs. A. J. Sullivan of Bradshaw avenue, Friday evening, January 2.

Mrs. Frank Irwin Hostess.

In her home in Avondale street recently, Mrs. Frank Irwin delightfully entertained the members of the Poinsetta club at a Christmas party. A short business session was held, after which each member gave a Christmas reading. Mrs. George C. Smith rendered a piano solo.

Mr. and Mrs. Sterling Newell and family of Cleveland are visiting the former's mother, Mrs. Sterling Newell, Sr., of East Third street.

Mrs. W. W. Harker of East Third street was a Pittsburgh visitor yesterday.

Mrs. George Stewart of Avondale street was a Pittsburgh visitor yesterday.

M. E. Geiger of Pittsburgh and Harrisburgh, and Mrs. Claude G. VanPelt of Cleveland, are visiting their parents, Mr. and Mrs. M. R. Geer of Jennings avenue.

Mrs. W. H. Cartwright and daughter, Meryl, of Walnut street were Pittsburgh visitors yesterday.

Announcement has been made of the birth of a daughter to Mr. and Mrs. Robert Martin of 1044 Bradshaw avenue, Thursday, in the City hospital.

Mr. and Mrs. Harold Mulligan and son, Junior, of Baltimore, Md., are visiting the former's parents, Mr. and Mrs. Harry Mulligan, of Dresden avenue, during the holidays. They will leave today for a short visit with friends in Akron.

William Hendrickson of Dresden avenue, who has been seriously ill, is slowly recovering.

Where a community is composed of people, the majority of whom are interested in personal hygiene, the health of that community will be correspondingly good.

MAKE YOUR BATHROOM WATERPROOF

A waterproof bathroom floor can be put down over any wooden floor—it will make yours an ideal bathroom.

Our flooring is waterproof and because of its jointless feature has a greater advantage than tile or marble.

Especially good in bathroom as it often prevents the plaster in the room below from being ruined.

NO DIRT — NO DELAYS

This flooring is put down over the present floor and is ready for hard use in twenty-four hours.

Let us help you with your problems.

Martin, to continue for several weeks. Kirkman's subject Lord's day, "Prophsies Concerning Christ, Their Fulfillment, the Effect of Believing a Lie."

What the Sunday School Is Studying

General Period of Christ's Ministry.
Review of the Quarter.
Golden Text, John 14:9.
International Lesson for Dec. 28.
By JAMES H. SNOWDEN, D. D.

The Fourth Quarter covers the central period of the ministry of Jesus and extends from the choosing of the Twelve in Galilee to the conversion of Zacchaeus in Jericho.

Notable Teaching.

The ministry of Jesus had now reached a point where it was necessary to select an inner band of disciples to associate himself in personal intimacy that they might receive and absorb his teachings and thereby be prepared to carry on his work after his departure. The twelve names of these disciples are probably the most important list of names in the history of the world. To them was committed a message and a mission compared with which writing philosophies and building empries is superficial and temporary work. Yet they were not men of learning or genius but plain unlettered men, and Jerusalem the proud capital and university center of the country was not permitted to put one name in this immortal list. The sermon on the Mount followed the choosing of the Twelve, for this contains the substance and spirit of the message they were to preach. It reaches its climax and conclusion in the ascription of the kingdom and the power and the glory to God, for these are the highest ideals and aims in the universe and only as we keep them in view can we attain to the heights of our human life. The parable of the Sower is a beautiful instance of this mode of teaching which Jesus followed. Some may receive the good seed of truth on hard hearts trampled down by worldiness, or into the thin soil of emotionalism, or into thorns of anxiety, or into good hearts that will bear abundant fruit.

Noted Miracles.

The storm of sea stilled by the word of Jesus illustrates his power over nature. We need not hestitate to believe in such power, for are we not even now witnessing wonders that a few years ago would have been accounted truly miraculous? If men can now shoot their ideas and the very sound of their voices over continents and seas and set the ether around the whole globe to quiver with the touch of their hands, is it to be thought incredible that such an extraordinary personality as Jesus, the Very Son of God, should speak words that would cause a stormy sea to be hushed into a calm and smooth and smiling scene? Feeding the five thousand was another notable miracle that illustrated the resources of Jesus. It was no easy problem to take care of such a multitude at the evening hour, and the disciples thought the best way to get rid of the trouble was to send the people away and let them take care of themselves. But Jesus was of a different mind and heart and called upon the disciples for such means as they had. Only a small boy and his basket were available, and the disciples thought these were scarcely worth mentioning but Jesus took them and with these meager means fed the great multitude. Even so is He today feeding the multitudes of earth with the bread of life.

Notable Revelations.

Jesus wanted to know what the people were saying about him, and this is still the most important question of the world. Ideas rule life, and the world's belief about Jesus Christ will in the long run shape its civilization and destiny. More important still is the personal question as to what we each think about Jesus, and this is pressed upon us with its inescapable point. Peter made a good confession that Jesus is the Christ, the Son of the living God, and this truth is the rock on which this kingdom is built. A more splendid revelation of the divine person and power of Jesus was made in his transfiguration. As he stood on that mountain top steeped in splendor he disclosed the divinity that was concealed within him and that is now the chief glory of heaven. In the parable of one Good Samaritan Jesus taught that every one is our neighbor and that he should go to his help in his time of need. In this day of racial divisions and prejudices we need to take this truth to heart and practice it in our individual life and national and international affairs.

Notable Healing Power.

Blindness is one of the most hopeless and pitiful of human afflictions, robbing the world of its color and shutting life up in a pathetic prison deeper than any dungeon. The disciples looked on a blind beggar and asked a cool, critical, cruel, theological question about the origin of his affliction, whether it was due to his own sin or to that of his parents. Jesus had no interest in such a question in the presence of the afflicted man, but used means and opened his eyes and let a new world of beauty flood his wondering soul. The Pharisees tried to get the man to say something that would involve Jesus in fault, but he uttered a notable saying in his short creed that whether Jesus was a sinner or no he knew not, but one thing he did know that whereas he was blind now he did see. Word came to Jesus that Lazarus lay sick unto death, and he delayed his going so that when he did arrive at the home in Bethany Lazarus was dead. It was not too late, however, for the power of Jesus to reach into that tomb, and at his word Lazarus stirred into life and came forth in newness of life. Zacchaeus was another instance of the saving power of Jesus. There was little chance of this social outcast seeing Jesus the day he went through Jerico, but by running ahead of the crowd and climbing into a tree he got the best view of Jesus that day, and when Jesus told him to come down and then went home with him, he was saved in body, packetbook and soul. We are not fully saved until the spirit of Christ fills us in mind and heart and overflows into our business and transmutes all things into his life and service.

NEW ELL CHURCHES.

Church of The Nazarent.—Sabbath school at 9:45 a. m. in charge of the Sup't, Roy Thompson. Morning worship at 11 a. m. Class meeting at 6:30 p. m., Ernest Keezor leader. Evangelistic service at 7:30 p. m. Rev. A. B. Riggs, of Lowell, Mass., will preach at both the morning and evening services.

SUNDAY SCHOOL, CHURCH FORUM

(Send problems in question form; answers will appear in later issue.)

1 What should be the principle on which authority in the home should be based?

Authority must not be regarded as ultimately binding nor must it be disregarded without respectful consideration. The aim of parental authority is to bring the instinctive tendencies under control and develop them in the exercise of such worthy objectives as will result in strngth of character.

2 How can you get the members of a young men's class out to a business meeting?

Transact business that is worthy their attendance.

3 How can you put new life into a school with a "dead" superintendent?

In the last analysis, the responsibility is not with the superintendent so much as with those who put him in his place. The church has the responsibility of electing the superintendent. If they continue to elect a superintendent whom they know to be "dead" they have only themselves to blame. However, many a "dead" superintenent has been brought to life and made to tingle from head to foot by getting his eyes opened.

SERMONOGRAMS

The backbiter disfigures his own face.—Western Christian Advocate.

Revivals never come to a prayerless church.

The blackest demon is the snipper of other men's reputations.

Do not discount your own word. Learn early to keep faith and make your promise stand for full value.

What we really care for in our friends is not their talents or achievements, but their kindly ways and their warm hearts.

The ideas you let play in your mind always leave behind some token of their presence.—Wirpel.

There will never be liberty in the world until righteousness dominates every soul.

No ideal is beyond use if we will but chisel away the obstructions in our lower natures.

If a divine motive inspires an action, a surplus amount of energy is generated to carry it into execution.

By observing the good qualities in others you climb up the ladder of esteem, goodwill, and friendship in the community.

Silence at the little hurts in life makes for quicker recuperation, as well as for enrichment of character and increase of friendships.

When we ask for forgiveness, it is never denied, but it is conditioned on our "making a note" payable on demand for a like amount, toward all the children of men.

If you observe the virtues of others, you will be expressong those virtues in your own life. If you observe their shortcomings, you add them to your own.

The need of a heart renewing revival is the cry of the human heart, of the rich as much as of the poor. Do not mistake it—the revival is a human need. And what is human is universal.

Faith can do more than remove mountains; it can still a clamorous conscience, make a bad conscience good, soften a hard heart, bend a stubborn will and bring God and man together.—Thomas Adams.

High hearts are never long without hearing some new call, some distant clarion of God, even in their dreams; and soon they are observed to break up the camp of ease and start on some fresh march of faithful service. —Martineau.

CHURCH ITEMS FROM WORLD

WORLD RELIGIOUS NEWS.

Negroes in America are spending about forty million dollars a year for their churches.

Seventh Day Adventists of the United States are celebrating the fiftieth anniversary of the founding of the missionary work of their denomination. They have sent out 2,300 missionaries. Work is now being done in 194 languages.

Glasglow presbytery of the church of Scotland has instructed its ministers to refuse facilities for the broadcasting of church services on the basis that such broadcasting encourages people to stay away from church.

Dr. John MacNeil, vigorous Scotch preacher, and long a leader of the fundamentalist minority in the presbytery of New York, will become pastor of the Tenth Presbyterian church of Philadelphia, at the beginning of next year. Dr. MacNeil is over 70 years old.

Dr. S. Parkes Cadman, pastor of the Central Congregational church, Brooklyn, New York, has been elected president of the Federal Council of Churches in America. Dr. Cadman is the first active pastor to be elected to the presidency of the council.

George Eastman, head of the Eastman Kodak Company of Rochester, N. Y., has made a gift amounting to $15,000,000, to be divided among the Massachusetts Institute of Technology, several departments of the University of Rochester, and Hampton and Tuskeegee Institutes.

The prize of $25,000 offered by Raphael Herman, of Washington, D. C., for the best educational plan to maintain the peace of the world has been awarded to Dr. David Starr Jordan, chancellor emeritus of Leland Stanford University.

The Episcopal Church of the Transfiguration, New York City, more familiarly known as "the little church around the corner" has inaugurated the custom of having actors read the lessons at evensong on Sundays. The church is the rallying center for an active organization of actors who are Episcopalians.

Temple Emmanuel, Duluth, Minn., has been without a rabbi for some time. In the interim Christian pastors' have been invited to preach at the regular Friday evening services and have responded in large numbers. This is one of the most remarkable evidences of essential religious unity seen in the country for some time.

Ezekiel Shem Tov, a Jew of Shanghai, China, is the donor of the largest gift ever received by the Palestine Foundation Fund from an individual. His gift is $500,000. The purpose of the fund is to make possible the establishment of Jewish settlers upon the soil of the Holy Land.

Stanley High whose work as a correspondent in Europe for the Christian Science Monitor and other papers, and whose books have won him a large audience, who was chairman of the great Students gathering at Louisville last spring, has been elected assistant secretary for home base cultivation of the Methodist Foreign Mission Board. Mr. High is familiar with conditions in the Far East as well as in Europe.

LIVE QUESTIONS FOR DISCUSSION

1. What lesson of the quarter did you find the most helpful? Why?
2. What light does each lesson shed upon the character of Jesus?
3. How is the deity of Christ emphasized in these lessons?
4. What was the great theme of Christ's message.
5 Why did not Christ select any of the great Jewish ecclesiastical leaders for the apostolate?
6. What was the great purpose for which Christ said He came? What do you think of Jesus?

Clericus says: This was a very busy period of the Master's life. He did many things, made many friends, took time for many interests. But he was his own master. And all these interests were in balance and harmony. Herein lies the secret of his perfection, a well-rounded life, perfect like his Father. Will not these lessons help us to resolve that our best years, our best hours, our keenest minds, our strongest work, our truest love, and our highest ambitions shall be for our Master?

Book Review

"Capturing Crowds," by Roy L. Smith, Abingdon Press, Cincinnati and New York $1.25, will help every true minister in his anxiety to get a larger audience in order to build a permanent church organization. It can be done and the author has done it.

"Home Mission Trails," by J. S. Stowell, Abingdon Press, Cincinnati, $1.25, is a series of intimate glimpses of characteristic typical home mission fields and enterprises full of human interest and Christian challenge. It is designed for platform presentation therefore, each sketch is complete in itself.

HOME TRAINING

Cigarette Smoking Stopped.

"Dick, what is the matter with you that you can't make the basket ball team? Come to my office tomorrow morning and we will talk over some plan that will help you make the team," said Howard Russell, a Church basket ball coach.

Dick came into the office at the appointed time. Mr. Russell who knew that Dick was a cigarette smoker, drew out of his desk a white linen handkerchief and a box of cigarets handing one of them to Dick and asking him to have a smoke.

Dick was abashed and wanted to be excused but Mr. Russell insisted claiming it was for a mere experiment that he wanted him to puff the smoke into the handkerchief to see what would happen.

The lad, being curious to know what might happen, did as he was told to do. After a good puff of smoke into the clean piece of linen, Mr. Russel closed the smoke by folding it, and in a few minutes turned it inside out and revealed how it was discolored and soiled.

"Let me tell you, Dick—the boy that smokes cigarettes is producing similar conditions on the tender mucous membrane and the effect upon his nervous and physical stability is such as to curtail his power of endurance; such a boy starts in the game as well as the others but he cannot hold out; this being true one of the college requirements for their football players is that they abstain from smoking cigarets."

D. CARL YODER.

Christmas and the New Year

On Christmas Eve the Pastor of the First Church of Christ delivered 18 baskets of provisions to the homes of the needy and sick of this community.

In the sermon Sunday night at First Church the Pastor will have something to say on the Thoughts suggested.

SOMETHING WILL BE SAID ON:

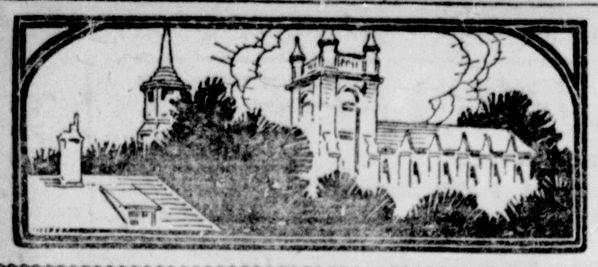

"The Cause of Poverty"
"The Wage System"
"Making Wills and Inheritance"
"A Pagan Civilization"

SOME INTERESTING THINGS WILL BE SAID OF INTEREST TO ALL OUR CITIZENS.

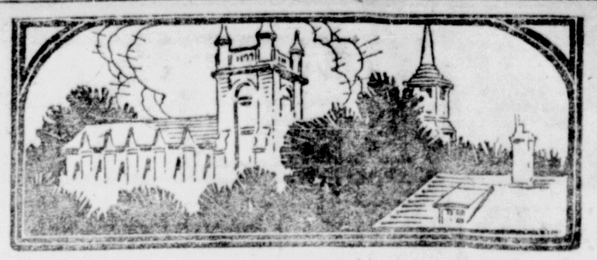

The tide of unrest in America cannot be stopped by promises, by organization of commercial clubs or by controlling markets, moneys and men.

What About the Golden Rule as a Practical Thing?

COME AND SEE! B. R. JOHNSON, Pastor.

Martin, to continue for several weeks. Kirkman's subject Lord's day, "Prophsies Concerning Christ, Their Fulfillment, the Effect of Believing a Lie."

What the Sunday School Is Studying

General Period of Christ's Ministry.
Review of the Quarter.
Golden Text, John 14:9.
International Lesson for Dec. 28.
By JAMES H. SNOWDEN, D. D.

The Fourth Quarter covers the central period of the ministry of Jesus and extends from the choosing of the Twelve in Galilee to the conversion of Zacchaeus in Jericho.

Notable Teaching.

The ministry of Jesus had now reached a point where it was necessary to select an inner band of disciples to associate himself in personal intimacy that they might receive and absorb his teachings and thereby be prepared to carry on his work after his departure. The twelve names of these disciples are probably the most important list of names in the history of the world. To them was committed a message and a mission compared with which writing philosophies and building empries is superficial and temporary work. Yet they were not men of learning or genius but plain unlettered men, and Jerusalem the proud capital and university center of the country was not permitted to put one name in this immortal list. The sermon on the Mount followed the choosing of the Twelve, for this contains the substance and spirit of the message they were to preach. It reaches its climax and conclusion in the ascription of the kingdom and the power and the glory to God, for these are the highest ideals and aims in the universe and only as we keep them in view can we attain to the heights of our human life. The parable of the Sower is a beautiful instance of this mode of teaching which Jesus followed. Some may receive the good seed of truth on hard hearts trampled down by worldiness, or into the thin soil of emotionalism, or into thorns of anxiety, or into good hearts that will bear abundant fruit.

Noted Miracles.

The storm of sea stilled by the word of Jesus illustrates his power over nature. We need not hestitate to believe in such power, for are we not even now witnessing wonders that a few years ago would have been accounted truly miraculous? If men can now shoot their ideas and the very sound of their voices over continents and seas and set the ether around the whole globe to quiver with the touch of their hands, is it to be thought incredible that such an extraordinary personality as Jesus, the Very Son of God, should speak words that would cause a stormy sea to be hushed into a calm and smooth and smiling scene? Feeding the five thousand was another notable miracle that illustrated the resources of Jesus. It was no easy problem to take care of such a multitude at the evening hour, and the disciples thought the best way to get rid of the trouble was to send the people away and let them take care of themselves. But Jesus was of a different mind and heart and called upon the disciples for such means as they had. Only a small boy and his basket were available, and the disciples thought these were scarcely worth mentioning but Jesus took them and with these meager means fed the great multitude. Even so is He today feeding the multitudes of earth with the bread of life.

Notable Revelations.

Jesus wanted to know what the people were saying about him, and this is still the most important question of the world. Ideas rule life, and the world's belief about Jesus Christ will in the long run shape its civilization and destiny. More important still is the personal question as to what we each think about Jesus, and this is pressed upon us with its inescapable point. Peter made a good confession that Jesus is the Christ, the Son of the living God, and this truth is the rock on which this kingdom is built. A more splendid revelation of the divine person and power of Jesus was made in his transfiguration. As he stood on that mountain top steeped in splendor he disclosed the divinity that was concealed within him and that is now the chief glory of heaven. In the parable of one Good Samaritan Jesus taught that every one is our neighbor and that he should go to his help in his time of need. In this day of racial divisions and prejudices we need to take this truth to heart and practice it in our individual life and national and international affairs.

Notable Healing Power.

Blindness is one of the most hopeless and pitiful of human afflictions, robbing the world of its color and shutting life up in a pathetic prison deeper than any dungeon. The disciples looked on a blind beggar and asked a cool, critical, cruel, theological question about the origin of his affliction, whether it was due to his own sin or to that of his parents. Jesus had no interest in such a question in the presence of the afflicted man, but used means and opened his eyes and let a new world of beauty flood his wondering soul. The Pharisees tried to get the man to say something that would involve Jesus in fault, but he uttered a notable saying in his short creed that whether Jesus was a sinner or no he knew not, but one thing he did know that whereas he was blind now he did see. Word came to Jesus that Lazarus lay sick unto death, and he delayed his going so that when he did arrive at the home in Bethany Lazarus was dead. It was not too late, however, for the power of Jesus to reach into that tomb, and at his word Lazarus stirred into life and came forth in newness of life. Zacchaeus was another instance of the saving power of Jesus. There was little chance of this social outcast seeing Jesus the day he went through Jerico, but by running ahead of the crowd and climbing into a tree he got the best view of Jesus that day, and when Jesus told him to come down and then went home with him, he was saved in body, packetbook and soul. We are not fully saved until the spirit of Christ fills us in mind and heart and overflows into our business and transmutes all things into his life and service.

NEW ELL CHURCHES.

Church of The Nazarent.—Sabbath school at 9:45 a. m. in charge of the Sup't. Roy Thompson. Morning worship at 11 a. m. Class meeting at 6:30 p. m., Ernest Keezor leader. Evangelistic service at 7:30 p. m. Rev. A. B. Riggs, of Lowell, Mass., will preach at both the morning and evening services.

SUNDAY SCHOOL, CHURCH FORUM

(Send problems in question form; answers will appear in later issue.)

1 What should be the principle on which authority in the home should be based?

Authority must not be regarded as ultimately binding nor must it be disregarded without respectful consideration. The aim of parental authority is to bring the instinctive tendencies under control and develop them in the exercise of such worthy objectives as will result in strngth of character.

2 How can you get the members of a young men's class out to a business meeting?

Transact business that is worthy their attendance.

3 How can you put new life into a school with a "dead" superintendent?

In the last analysis, the responsibility is not with the superintendent so much as with those who put him in his place. The church has the responsibility of electing the superintendent. If they continue to elect a superintendent whom they know to be "dead" they have only themselves to blame. However, many a "dead" superintenent has been brought to life and made to tingle from head to foot by getting his eyes opened.

SERMONOGRAMS

The backbiter disfigures his own face.—Western Christian Advocate.

Revivals never come to a prayerless church.

The blackest demon is the snipper of other men's reputations.

Do not discount your own word. Learn early to keep faith and make your promise stand for full value.

What we really care for in our friends is not their talents or achievements, but their kindly ways and their warm hearts.

The ideas you let play in your mind always leave behind some token of their presence.—Wirpel.

There will never be liberty in the world until righteousness dominates every soul.

No ideal is beyond use if we will but chisel away the obstructions in our lower natures.

If a divine motive inspires an action, a surplus amount of energy is generated to carry it into execution.

By observing the good qualities in others you climb up the ladder of esteem, goodwill, and friendship in the community.

Silence at the little hurts in life makes for quicker recuperation, as well as for enrichment of character and increase of friendships.

When we ask for forgiveness, it is never denied, but it is conditioned on our "making a note" payable on demand for a like amount, toward all the children of men.

If you observe the virtues of others, you will be expressong those virtues in your own life. If you observe their shortcomings, you add them to your own.

The need of a heart renewing revival is the cry of the human heart, of the rich as much as of the poor. Do not mistake it—the revival is a human need. And what is human is universal.

Faith can do more than remove mountains; it can still a clamorous conscience, make a bad conscience good, soften a hard heart, bend a stubborn will and bring God and man together.—Thomas Adams.

High hearts are never long without hearing some new call, some distant clarion of God, even in their dreams; and soon they are observed to break up the camp of ease and start on some fresh march of faithful service. —Martineau.

CHURCH ITEMS FROM WORLD

WORLD RELIGIOUS NEWS.

Negroes in America are spending about forty million dollars a year for their churches.

Seventh Day Adventists of the United States are celebrating the fiftieth anniversary of the founding of the missionary work of their denomination. They have sent out 2,300 missionaries. Work is now being done in 194 languages.

Glasglow presbytery of the church of Scotland has instructed its ministers to refuse facilities for the broadcasting of church services on the basis that such broadcasting encourages people to stay away from church.

Dr. John MacNeil, vigorous Scotch preacher, and long a leader of the fundamentalist minority in the presbytery of New York, will become pastor of the Tenth Presbyterian church of Philadelphia, at the beginning of next year. Dr. MacNeil is over 70 years old.

Dr. S. Parkes Cadman, pastor of the Central Congregational church, Brooklyn, New York, has been elected president of the Federal Council of Churches in America. Dr. Cadman is the first active pastor to be elected to the presidency of the council.

George Eastman, head of the Eastman Kodak Company of Rochester, N. Y., has made a gift amounting to $15,000,000, to be divided among the Massachusetts Institute of Technology, several departments of the University of Rochester, and Hampton and Tuskeegee Institutes.

The prize of $25,000 offered by Raphael Herman, of Washington, D. C., for the best educational plan to maintain the peace of the world has been awarded to Dr. David Starr Jordan, chancellor emeritus of Leland Stanford University.

The Episcopal Church of the Transfiguration, New York City, more familiarly known as "the little church around the corner" has inaugurated the custom of having actors read the lessons at evensong on Sundays. The church is the rallying center for an active organization of actors who are Episcopalians.

Temple Emmanuel, Duluth, Minn., has been without a rabbi for some time. In the interim Christian pastors' have been invited to preach at the regular Friday evening services and have responded in large numbers. This is one of the most remarkable evidences of essential religious unity seen in the country for some time.

Ezekiel Shem Tov, a Jew of Shanghai, China, is the donor of the largest gift ever received by the Palestine Foundation Fund from an individual. His gift is $600,000. The purpose of the fund is to make possible the establishment of Jewish settlers upon the soil of the Holy Land.

Stanley High whose work as a correspondent in Europe for the Christian Science Monitor and other papers, and whose books have won him a large audience, who was chairman of the great Students gathering at Louisville last spring, has been elected assistant secretary for home base cultivation of the Methodist Foreign Mission Board. Mr. High is familiar with conditions in the Far East as well as in Europe.

LIVE QUESTIONS FOR DISCUSSION

1. What lesson of the quarter did you find the most helpful? Why?
2. What light does each lesson shed upon the character of Jesus?
3. How is the deity of Christ emphasized in these lessons?
4. What was the great theme of Christ's message.
5 Why did not Christ select any of the great Jewish ecclesiastical leaders for the apostolate?
6. What was the great purpose for which Christ said He came? What do you think of Jesus?

Clericus says: This was a very busy period of the Master's life. He did many things, made many friends, took time for many interests. But he was his own master. And all these interests were in balance and harmony. Herein lies the secret of his perfection, a well-rounded life, perfect like his Father. Will not these lessons help us to resolve that our best years, our best hours, our keenest minds, our strongest work, our truest love, and our highest ambitions shall be for our Master?

Book Review

"Capturing Crowds," by Roy L. Smith, Abingdon Press, Cincinnati and New York $1.25, will help every true minister in his anxiety to get a larger audience in order to build a permanent church organization. It can be done and the author has done it.

"Home Mission Trails," by J. S. Stowell, Abingdon Press, Cincinnati, $1.25, is a series of intimate glimpses of characteristic typical home mission fields and enterprises full of human interest and Christian challenge. It is designed for platform presentation therefore, each sketch is complete in itself.

HOME TRAINING

Cigarette Smoking Stopped.

"Dick, what is the matter with you that you can't make the basket ball team? Come to my office tomorrow morning and we will talk over some plan that will help you make the team," said Howard Russell, a Church basket ball coach.

Dick came into the office at the appointed time. Mr. Russell who knew that Dick was a cigarette smoker, drew out of his desk a white linen handkerchief and a box of cigarets handing one of them to Dick and asking him to have a smoke.

Dick was abashed and wanted to be excused but Mr. Russell insisted claiming it was for a mere experiment that he wanted him to puff the smoke into the handkerchief to see what would happen.

The lad, being curious to know what might happen, did as he was told to do. After a good puff of smoke into the clean piece of linen, Mr. Russel closed the smoke by folding it, and in a few minutes turned it inside out and revealed how it was discolored and soiled.

"Let me tell you, Dick—the boy that smokes cigarettes is producing similar conditions on the tender mucous membrane and the effect upon his nervous and physical stability is such as to curtail his power of endurance; such a boy starts in the game as well as the others but he cannot hold out; this being true one of the college requirements for their football players is that they abstain from smoking cigarets."

Christmas and the New Year

On Christmas Eve the Pastor of the First Church of Christ delivered 18 baskets of provisions to the homes of the needy and sick of this community.

In the sermon Sunday night at First Church the Pastor will have something to say on the Thoughts suggested.

SOMETHING WILL BE SAID ON:

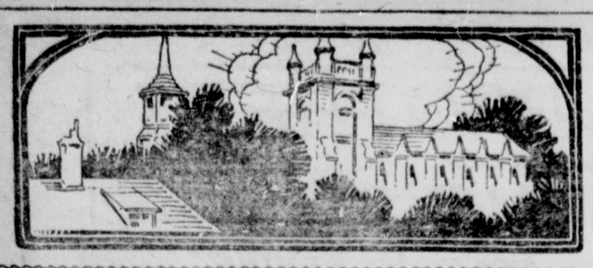

"The Cause of Poverty"
"The Wage System"
"Making Wills and Inheritance"
"A Pagan Civilization"

SOME INTERESTING THINGS WILL BE SAID OF INTEREST TO ALL OUR CITIZENS.

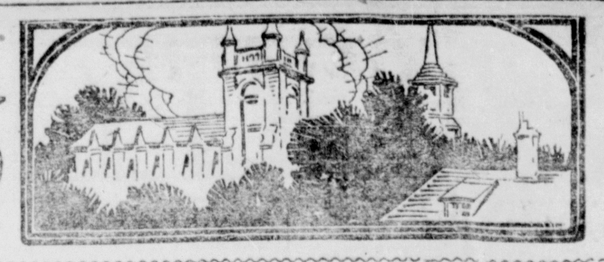

The tide of unrest in America cannot be stopped by promises, by organization of commercial clubs or by controlling markets, moneys and men.

What About the Golden Rule as a Practical Thing?

COME AND SEE! B. R. JOHNSON, Pastor.

Martin, to continue for several weeks. Kirkman's subject Lord's day, "Prophsies Concerning Christ, Their Fulfillment, the Effect of Believing a Lie."

What the Sunday School Is Studying

General Period of Christ's Ministry.
Review of the Quarter.
Golden Text, John 14:9.
International Lesson for Dec. 28.
By JAMES H. SNOWDEN, D. D.

The Fourth Quarter covers the central period of the ministry of Jesus and extends from the choosing of the Twelve in Galilee to the conversion of Zacchaeus in Jericho.

Notable Teaching.

The ministry of Jesus had now reached a point where it was necessary to select an inner band of disciples to associate himself in personal intimacy that they might receive and absorb his teachings and thereby be prepared to carry on his work after his departure. The twelve names of these disciples are probably the most important list of names in the history of the world. To them was committed a message and a mission compared with which writing philosophies and building empries is superficial and temporary work. Yet they were not men of learning or genius but plain unlettered men, and Jerusalem the proud capital and university center of the country was not permitted to put one name in this immortal list. The sermon on the Mount followed the choosing of the Twelve, for this contains the substance and spirit of the message they were to preach. It reaches its climax and conclusion in the ascription of the kingdom and the power and the glory to God, for these are the highest ideals and aims in the universe and only as we keep them in view can we attain to the heights of our human life. The parable of the Sower is a beautiful instance of this mode of teaching which Jesus followed. Some may receive the good seed of truth on hard hearts trampled down by worldiness, or into the thin soil of emotionalism, or into thorns of anxiety, or into good hearts that will bear abundant fruit.

Noted Miracles.

The storm of sea stilled by the word of Jesus illustrates his power over nature. We need not hestitate to believe in such power, for are we not even now witnessing wonders that a few years ago would have been accounted truly miraculous? If men can now shoot their ideas and the very sound of their voices over continents and seas and set the ether around the whole globe to quiver with the touch of their hands, is it to be thought incredible that such an extraordinary personality as Jesus, the Very Son of God, should speak words that would cause a stormy sea to be hushed into a calm and smooth and smiling scene? Feeding the five thousand was another notable miracle that illustrated the resources of Jesus. It was no easy problem to take care of such a multitude at the evening hour, and the disciples thought the best way to get rid of the trouble was to send the people away and let them take care of themselves. But Jesus was of a different mind and heart and called upon the disciples for such means as they had. Only a small boy and his basket were available, and the disciples thought these were scarcely worth mentioning but Jesus took them and with these meager means fed the great multitude. Even so is He today feeding the multitudes of earth with the bread of life.

Notable Revelations.

Jesus wanted to know what the people were saying about him, and this is still the most important question of the world. Ideas rule life, and the world's belief about Jesus Christ will in the long run shape its civilization and destiny. More important still is the personal question as to what we each think about Jesus, and this is pressed upon us with its inescapable point. Peter made a good confession that Jesus is the Christ, the Son of the living God, and this truth is the rock on which this kingdom is built. A more splendid revelation of the divine person and power of Jesus was made in his transfiguration. As he stood on that mountain top steeped in splendor he disclosed the divinity that was concealed within him and that is now the chief glory of heaven. In the parable of one Good Samaritan Jesus taught that every one is our neighbor and that he should go to his help in his time of need. In this day of racial divisions and prejudices we need to take this truth to heart and practice it in our individual life and national and international affairs.

Notable Healing Power.

Blindness is one of the most hopeless and pltiful of human afflictions, robbing the world of its color and shutting life up in a pathetic prison deeper than any dungeon. The disciples looked on a blind beggar and asked a cool, critical, cruel, theological question about the origin of his affliction, whether it was due to his own sin or to that of his parents. Jesus had no interest in such a question in the presence of the afflicted man, but used means and opened his eyes and let a new world of beauty flood his wondering soul. The Pharisees tried to get the man to say something that would involve Jesus in fault, but he uttered a notable saying in his short creed that whether Jesus was a sinner or no he knew not, but one thing he did know that whereas he was blind now he did see. Word came to Jesus that Lazarus lay sick unto death, and he delayed his going so that when he did arrive at the home in Bethany Lazarus was dead. It was not too late, however, for the power of Jesus to reach into that tomb, and at his word Lazarus stirred into life and came forth in newness of life. Zacchaeus was another instance of the saving power of Jesus. There was little chance of this social outcast seeing Jesus the day he went through Jerico, but by running ahead of the crowd and climbing into a tree he got the best view of Jesus that day, and when Jesus told him to come down and then went home with him, he was saved in body, packetbook and soul. We are not fully saved until the spirit of Christ fills us in mind and heart and overflows into our business and transmutes all things into his life and service.

NEW ELL CHURCHES.

Church of The Nazarent.—Sabbath school at 9:45 a. m. in charge of the Sup't, Roy Thompson. Morning worship at 11 a. m. Class meeting at 6:30 p. m., Ernest Keezor leader. Evangelistic service at 7:30 p. m. Rev. A. B. Riggs, of Lowell, Mass., will preach at both the morning and evening services.

SUNDAY SCHOOL, CHURCH FORUM

(Send problems in question form; answers will appear in later issue.)

1 What should be the principle on which authority in the home should be based?

Authority must not be regarded as ultimately binding nor must it be disregarded without respectful consideration. The aim of parental authority is to bring the instinctive tendencies under control and develop them in the exercise of such worthy objectives as will result in strngth of character.

2 How can you get the members of a young men's class out to a business meeting?

Transact business that is worthy their attendance.

3 How can you put new life into a school with a "dead" superintendent?

In the last analysis, the responsibility is not with the superintendent so much as with those who put him in his place. The church has the responsibility of electing the superintendent. If they continue to elect a superintendent whom they know to be "dead" they have only themselves to blame. However, many a "dead" superintenrent has been brought to life and made to tingle from head to foot by getting his eyes opened.

SERMONOGRAMS

The backbiter disfigures his own face.—Western Christian Advocate.

Revivals never come to a prayerless church.

The blackest demon is the snipper of other men's reputations.

Do not discount your own word. Learn early to keep faith and make your promise stand for full value.

What we really care for in our friends is not their talents or achievements, but their kindly ways and their warm hearts.

The ideas you let play in your mind always leave behind some token of their presence.—Wirpel.

There will never be liberty in the world until righteousness dominates every soul.

No ideal is beyond use if we will but chisel away the obstructions in our lower natures.

If a divine motive inspires an action, a surplus amount of energy is generated to carry it into execution.

By observing the good qualities in others you climb up the ladder of esteem, goodwill, and friendship in the community.

Silence at the little hurts in life makes for quicker recuperation, as well as for enrichment of character and increase of friendships.

When we ask for forgiveness, it is never denied, but it is conditioned on our "making a note" payable on demand for a like amount, toward all the children of men.

If you observe the virtues of others, you will be expressong those virtues in your own life. If you observe their shortcomings, you add them to your own.

The need of a heart renewing revival is the cry of the human heart, of the rich as much as of the poor. Do not mistake it—the revival is a human need. And what is human is universal.

Faith can do more than remove mountains; it can still a clamorous conscience, make a bad conscience good, soften a hard heart, bend a stubborn will and bring God and man together.—Thomas Adams.

High hearts are never long without hearing some new call, some distant clarion of God, even in their dreams; and soon they are observed to break up the camp of ease and start on some fresh march of faithful service.—Martineau.

CHURCH ITEMS FROM WORLD

WORLD RELIGIOUS NEWS.

Negroes in America are spending about forty million dollars a year for their churches.

Seventh Day Adventists of the United States are celebrating the fiftieth anniversary of the founding of the missionary work of their denomination. They have sent out 2,300 missionaries. Work is now being done in 194 languages.

Glasglow presbytery of the church of Scotland has instructed its ministers to refuse facilities for the broadcasting of church services on the basis that such broadcasting encourages people to stay away from church.

Dr. John MacNeil, vigorous Scotch preacher, and long a leader of the fundamentalist minority in the presbytery of New York, will become pastor of the Tenth Presbyterian church of Philadelphia, at the beginning of next year. Dr. MacNeil is over 70 years old.

Dr. S. Parkes Cadman, pastor of the Central Congregational church, Brooklyn, New York, has been elected president of the Federal Council of Churches in America. Dr. Cadman is the first active pastor to be elected to the presidency of the council.

George Eastman, head of the Eastman Kodak Company of Rochester, N. Y., has made a gift amounting to $15,000,000, to be divided among the Massachusetts Institute of Technology, several departments of the University of Rochester, and Hampton and Tuskeegee Institutes.

The prize of $25,000 offered by Raphael Herman, of Washington, D. C., for the best educational plan to maintain the peace of the world has been awarded to Dr. David Starr Jordan, chancellor emeritus of Leland Stanford University.

The Episcopal Church of the Transfiguration, New York City, more familiarly known as "the little church around the corner" has inaugurated the custom of having actors read the lessons at evensong on Sundays. The church is the rallying center for an active organization of actors who are Episcopalians.

Temple Emmanuel, Duluth, Minn., has been without a rabbi for some time. In the interim Christian pastors' have been invited to preach at the regular Friday evening services and have responded in large numbers. This is one of the most remarkable evidences of essential religious unity seen in the country for some time.

Ezekiel Shem Tov, a Jew of Shanghai, China, is the donor of the largest gift ever received by the Palestine Foundation Fund from an individual. His gift is $600,000. The purpose of the fund is to make possible the establishment of Jewish settlers upon the soil of the Holy Land.

Stanley High whose work as a correspondent in Europe for the Christian Science Monitor and other papers, and whose books have won him a large audience, who was chairman of the great Students gathering at Louisville last spring, has been elected assistant secretary for home base cultivation of the Methodist Foreign Mission Board. Mr. High is familiar with conditions in the Far East as well as in Europe.

LIVE QUESTIONS FOR DISCUSSION

1. What lesson of the quarter did you find the most helpful? Why?
2. What light does each lesson shed upon the character of Jesus?
3. How is the deity of Christ emphasized in these lessons?
4. What was the great theme of Christ's message.
5. Why did not Christ select any of the great Jewish ecclesiastical leaders for the apostolate?
6. What was the great purpose for which Christ said He came? What do you think of Jesus?

Clericus says: This was a very busy period of the Master's life. He did many things, made many friends, took time for many interests. But he was his own master. And all these interests were in balance and harmony. Herein lies the secret of his perfection, a well-rounded life, perfect like his Father. Will not these lessons help us to resolve that our best years, our best hours, our keenest minds, our strongest work, our truest love, and our highest ambitions shall be for our Master?

Book Review

"Capturing Crowds," by Roy L. Smith, Abingdon Press, Cincinnati and New York $1.25, will help every true minister in his anxiety to get a larger audience in order to build a permanent church organization. It can be done and the author has done it.

"Home Mission Trails," by J. S. Stowell, Abingdon Press, Cincinnati, $1.25, is a series of intimate glimpses of characteristic typical home mission fields and enterprises full of human interest and Christian challenge. It is designed for platform presentation therefore, each sketch is complete in itself.

HOME TRAINING

Cigarette Smoking Stopped.

"Dick, what is the matter with you that you can't make the basket ball team? Come to my office tomorrow morning and we will talk over some plan that will help you make the team," said Howard Russell, a Church basket ball coach.

Dick came into the office at the appointed time. Mr. Russell who knew that Dick was a cigarette smoker, drew out of his desk a white linen handkerchief and a box of cigarets handing one of them to Dick and asking him to have a smoke.

Dick was abashed and wanted to be excused but Mr. Russell insisted claiming it was for a mere experiment that he wanted him to puff the smoke into the handkerchief to see what would happen.

The lad, being curious to know what might happen, did as he was told to do. After a good puff of smoke into the clean piece of linen, Mr. Russel closed the smoke by folding it, and in a few minutes turned it inside out and revealed how it was discolored and soiled.

"Let me tell you, Dick—the boy that smokes cigarettes is producing similar conditions on the tender mucous membrane and the effect upon his nervous and physical stability is such as to curtail his power of endurance; such a boy starts in the game as well as the others but he cannot hold out; this being true one of the college requirements for their football players is that they abstain from smoking cigarets."

D. CARL YODER.

Christmas and the New Year

On Christmas Eve the Pastor of the First Church of Christ delivered 18 baskets of provisions to the homes of the needy and sick of this community.

In the sermon Sunday night at First Church the Pastor will have something to say on the Thoughts suggested.

SOMETHING WILL BE SAID ON:

"The Cause of Poverty"
"The Wage System"
"Making Wills and Inheritance"
"A Pagan Civilization"

SOME INTERESTING THINGS WILL BE SAID OF INTEREST TO ALL OUR CITIZENS.

The tide of unrest in America cannot be stopped by promises, by organization of commercial clubs or by controlling markets, moneys and men.

What About the Golden Rule as a Practical Thing?

COME AND SEE! B. R. JOHNSON, Pastor.

MOULDS BOOMED FOR HIGH POST

Prominently Mentioned For Speakership of Lower House.

J. William Moulds, who was re-elected a member of the lower house from Hancock county at the November election, may be placed in nomination for the speakership of that body when it convenes early in January.

Moulds at the last session of the legislature championed the state police bill, revision of the school code and the measure giving school teachers of the state an increase in pay. He was formerly mayor of Holliday's Cove and served two terms as justice of the peace at that place.

Mr. Moulds is a veteran telegraph operator of the Pennsylvania railroad system and for some time has been intimately associated with the regional vice president of that system in establishing better relations with the public. Through his efforts, largely, Weirton will have a new $50,000 station within the coming year.

J. M. SHINGLETON FUNERAL HELD

Funeral services for James M. Shingleton, 64 years old, who died at his home in Lawrenceville, were held this afternoon at the First Christian church, Rev. A. E. Sims, officiating.

Burial was made in Riverview cemetery, East Liverpool.

He is survived by his wife, Mrs. India R. Shingleton and the following children: Mrs. Hilton Rau, Mrs. Frank Snowden, Mrs. C. O. Goodrich, Mrs. H. R. Knisley, all of Chester; A. R. Shingleton, at home; Mrs. William Boyce, Wellsville; one brother, John Shingleton, New Brighton, Pa., and one sister, who resides in Parkersburg, W. Va.

FOLLANSBEE MAN HELD FOR COURT

Rocco Cortz, Italian, of Follansbee, was bound over to the Brooke county grand jury under bond of $5,000 yesterday when arraigned on a charge of grand larceny.

Cortz is alleged to have broken into a store and stolen a quantity of goods in Follansbee several days ago. He was arrested Christmas day by Chief Lee Chambers of the Follansbee police.

Joe Deluct of Follansbee was fined $50 and costs and sentenced to six months in the Brooke county jail when found guilty yesterday of possessing liquor.

HENRY WILSON TO FACE GRAND JURY

Henry Wilson, Second street, was questioned yesterday before Justice of the Peace A. G. Allison in connection with the escape from jail Christmas day of Francis Murphy, who was awaiting to be taken to New Cumberland jail on a charge of violating the state liquor law.

Wilson denied any part in the get-a-way of the prisoner, but was ordered to appear before the next session of the grand jury when the matter will be more fully investigated. He was released on his own recognizance.

"Typical Girl of the South" Says James Montgomery Flagg

Miss Jane Small, a student at the Agnes Scott College has been selected by James Montgomery Flagg, celebrated artist, as a "typical southern girl." She is shown holding the sketch he made of her.

MAN BEING HELD IN SHOOTING CASE

Julius Gilmore, 29, colored, is being held in the county jail at New Cumberland as the alleged assailant of Joe Beris, 35, colored, who was shot in a quarrel at Weirton early Friday morning.

The two men, police learned, were quarrelling over a girl when Gilmore is alleged to have fired at Beris, the bullet striking him in the hip.

Beris will recover according to reports from the Ohio Valley hospital at Steubenville.

New State Police Head.

R. E. O'Conner, an attorney of Elkins, who has just been appointed by Governor E. F. Morgan to the superintendency of the state police, telegraphed Governor Margan his acceptance last evening.

Captain O'Conner rose from the ranks of the army to a commission as a captain in the coast artillery and as a captain in active service in France, was in command of a battery of heavy artillery. He now holds the rank of major in the coast artillery corps officers reserve.

Service Here Sunday.

Services will be held in the local churches at the usual hours tomorrow morning and evening. Preaching services will follow Sunday school classes. Sermons will be delivered by the respective pastors. Special programs will be rendered by several choirs.

Many at Boxing Show.

Large crowd attended the boxing and wrestling match held last evening at Ward's garage, Second street and Virginia avenue. Some of the bouts proved interesting and met with approval of the fans.

To Attend Convention.

M. A. Newell, son of Mrs. Mary M. Newell, Carolina avenue, will leave this evening for New York where he will attend the national convention of the Cappa Psi Medical fraternity to be held in the Hotel Martinique, December 28-30. He will represent West Virginia University at Morgantown.

Answers to Questions

By FREDERIC J. HASKIN

(Any reader can get the answer to any question by writing The Review-Tribune Information Bureau, Frederic J. Haskin, Director, Washington, D. C. This offer applies strictly to information. The Bureau can not give advice on legal, medical and financial matters. It does not attempt to settled domestic troubles, nor undertake exhaustive research on any subject. Write your question plainly and briefly. Give full name and address and enclose two cents in stamps for return postage. All replies are sent direct to the inquirer.)

Q. Are the chimney-like projections on the Pellatt Castle in Toronto really chimneys or simply ornaments?—J. E. F.

A. The architect of Pellatt Castle, Mr. E. J. Lennox says that all the chimneys on the Pellatt Castle are regular chimneys connecting with fireplaces in the different rooms in the castle. There are no false chimneys. This castle is built much after the castles of the olden times when all rooms depended on fireplaces for their heating although there is a very extensive heating plant for the castle.

Q. Are diamonds inflammable?—M. J. S.

A. The Geological Survey says that the inflammability of a diamond would depend on what an individual means by "inflammable." Diamonds are not inflammable in air; however, if put in a pure solution of oxygen and temperatured at a certain point the diamond will burn.

Q. Do the roots of trees continue to grow after the trees are cut down?—M. W.

A. The roots do continue to grow.

Q. What is the origin of the expres-

Q. How long must a West Point man stay in the Service?—W. A.

A. A graduate of West Point can not resign from the Army until he has served four years as graduate, making a total of eight years including the four years at the Military Academy. However, cases of extreme necessity are considered.

sion "he stood like a Stoughton bottle?"—A. H. C.

A. A Stoughton bottle is a dark green or black bottle formerly used by Dr. Stoughton's bitters. The bottle was shaped like a log cabin and used in the presidential campaign of 1840. The term from its association has come to imply a stupid person or a figurehead.

Q. Where was Federick Martin's plane found?—R. H. C.

A. The plane lost by Commander Martin in the round-the-world fight was found by Mr. Sullivan, representative of the Bureau of Fisheries in the first part of September on the Alaskan peninsula near Port Moeller.

Q. Is there a "right" and a "wrong" way to offer a tip to an hotel chambermaid?—H. C. R.

A. A recent article on hotel etiquette says, that the most tactful way is to offer the money in an envelope.

Q. Can steam be seen?—

A. Steam is water in a gaseous condition. It is invisable. The white cloud of vapor commonly called steam is vapor composed of minute particles of water suspended in the air and formed by the condensation of the true steam gas coming in contact with the cool air.

Q. What will prevent the decay of leather in book bindings?—W. H. S.

A. The Bureau of Standards suggests that you apply a thin coating of egg albumen to the leather binding of the books to prevent decay. The use of ammonia for diluting and preserving the solution should be avoided, but the whites, after a thorough beating, may be made antiseptic by the addition of a small quantity of camphor, thyol or some essential oil. Vaseline is also satisfactory in some cases as preservative for leather bookbinding.

To kill a germ, it's not enough
To simply spray such smelly stuff;
When you attack the microbe's lair,
Your weapon, friend, is lots of air.

While we don't tolerate the presence of diseased pets about our homes, we are less particular about our cooks.

Taxpayers, Take Notice!

Notice is hereby given that the tax statements and returns of Columbiana County, Ohio, for the year 1924 have been revised and the valuation completed and are open for public inspection at the office of the County Auditor in the Court House, Lisbon, Ohio.

Complaints against any valuation or assessment, real or personal except valuations fixed and assessments made by the Tax Commission of Ohio, will be heard by the County Board of Revision at its office in the Court House, Lisbon, Ohio, on and after Tuesday, December 30th, 1924.

Complaints must be in writing by the owner of the property on blanks furnished by the County Auditor and filed either with the County Auditor or the County Board of Revision, on or before the 20th day of January, 1925. Failure to do so will preclude the owner from any relief.

As the board will not be able to hear all complaints prior to January 20th, we advise all complainants to pay the first half taxes as assessed. Any abatements allowed by the Board will be for the entire year and can be applied in payment of the June taxes. Clerical errors will be corrected immediately at the Auditor's office.

Complainants should be advised:

1st. That evidence must be submitted of sales of similar property or the identical property, tending to show that the assessment is too high.

2nd. That a mere statement that the assessment is "too high" is of no value or assistance.

3rd. Complaints as to overvaluation of the land or the improvement are irrelevant when the aggregate assessment is not excessive.

4th. The fact that the assessment axceeds the cost price (unless recent) is of little value.

5th. That a bona fide offer to sell at LESS than the appraised value is the best evidence of overvaluation.

A fair investigation as to every written complaint is assured every complainant who in turn is of helpful assistance to the Board.

The Auditor, upon request will furnish to any person the assessment of any tract, lot or parcel of real estate upon receipt of postage.

C. E. Hamilton
County Auditor.

MOULDS BOOMED FOR HIGH POST

Prominently Mentioned For Speakership of Lower House.

J. William Moulds, who was re-elected a member of the lower house from Hancock county at the November election, may be placed in nomination for the speakership of that body when it convenes early in January.

Moulds at the last session of the legislature championed the state police bill, revision of the school code and the measure giving school teachers of the state an increase in pay. He was formerly mayor of Hollidays Cove and served two terms as justice of the peace at that place.

Mr. Moulds is a veteran telegraph operator of the Pennsylvania railroad system and for some time has been intimately associated with the regional vice president of that system in establishing better relations with the public. Through his efforts, largely, Weirton will have a new $50,000 station within the coming year.

J. M. SHINGLETON FUNERAL HELD

Funeral services for James M. Shingleton, 64 years old, who died at his home in Lawrenceville, were held this afternoon at the First Christian church, Rev. A. E. Sims, officiating.

Burial was made in Riverview cemetery, East Liverpool.

He is survived by his wife, Mrs. India R. Shingleton and the following children: Mrs. Hilton Rau, Mrs. Frank Snowden, Mrs. C. O. Goodrich, Mrs. H. R. Knisley, all of Chester; A. R. Shingleton, at home; Mrs. William Boyce, Wellsville; one brother, John Shingleton, New Brighton, Pa., and one sister, who resides in Parkersburg, W. Va.

FOLLANSBEE MAN HELD FOR COURT

Rocco Cortz, Italian, of Follansbee, was bound over to the Brooke county grand jury under bond of $5,000 yesterday when arraigned on a charge of grand larceny.

Cortz is alleged to have broken into a store and stolen a quantity of goods in Follansbee several days ago. He was arrested Christmas day by Chief Lee Chambers of the Follansbee police.

Joe Deluct of Follansbee was fined $50 and costs and sentenced to six months in the Brooke county jail when found guilty yesterday of possessing liquor.

HENRY WILSON TO FACE GRAND JURY

Henry Wilson, Second street, was questioned yesterday before Justice of the Peace A. G. Allison in connection with the escape from jail Christmas day of Francis Murphy, who was awaiting to be taken to New Cumberland jail on a charge of violating the state liquor law.

Wilson denied any part in the get-a-way of the prisoner, but was ordered to appear before the next session of the grand jury when the matter will be more fully investigated. He was released on his own recognizance.

'Typical Girl of the South' Says James Montgomery Flagg

Miss Jane Small, a student at the Agnes Scott College has been selected by James Montgomery Flagg, celebrated artist, as a "typical southern girl." She is shown holding the sketch he made of her.

MAN BEING HELD IN SHOOTING CASE

Julius Gilmore, 29, colored, is being held in the county jail at New Cumberland as the alleged assailant of Joe Beris, 35, colored, who was shot in a quarrel at Weirton early Friday morning.

The two men, police learned, were quarrelling over a girl when Gilmore is alleged to have fired at Beris, the bullet striking him in the hip.

Beris will recover according to reports from the Ohio Valley hospital at Steubenville.

New State Police Head.

R. E. O'Conner, an attorney of Elkins, who has just been appointed by Governor E. F. Morgan to the superintendency of the state police, telegraphed Governor Margan his acceptance last evening.

Captain O'Conner rose from the ranks of the army to a commission as a captain in the coast artillery and as a captain in active service in France, was in command of a battery of heavy artillery. He now holds the rank of major in the coast artillery corps officers reserve.

Service Here Sunday.

Services will be held in the local churches at the usual hours tomorrow morning and evening. Preaching services will follow Sunday school classes. Sermons will be delivered by the respective pastors. Special programs will be rendered by several choirs.

Many at Boxing Show.

Large crowd attended the boxing and wrestling match held last evening at Ward's garage, Second street and Virginia avenue. Some of the bouts proved interesting and met with approval of the fans.

To Attend Convention.

M. A. Newell, son of Mrs. Mary M. Newell, Carolina avenue, will leave this evening for New York where he will attend the national convention of the Cappa Psi Medical fraternity to be held in the Hotel Martinique, December 28-30. He will represent West Virginia University at Morgantown.

Answers to Questions

By FREDERIC J. HASKIN

(Any reader can get the answer to any question by writing The Review-Tribune Information Bureau, Frederic J. Haskin, Director, Washington, D. C. This offer applies strictly to information. The Bureau can not give advice on legal, medical and financial matters. It does not attempt to settled domestic troubles, nor undertake exhaustive research on any subject. Write your question plainly and briefly. Give full name and address and enclose two cents in stamps for return postage. All replies are sent direct to the inquirer.)

Q. Are the chimney-like projections on the Pellatt Castle in Toronto really chimneys or simply ornaments?—J. E. F.

A. The architect of Pellatt Castle, Mr. E. J. Lennox says that all the chimneys on the Pellatt Castle are regular chimneys connecting with fireplaces in the different rooms in the castle. There are no false chimneys. This castle is built much after the castles of the olden times when all rooms depended on fireplaces for their heating although there is a very extensive heating plant for the castle.

Q. Are diamonds inflammable?—M. J. S.

A. The Geological Survey says that the inflammability of a diamond would depend on what an individual means by "inflammable." Diamonds are not inflammable in air; however, if put in a pure solution of oxygen and temperatured at a certain point the diamond will burn.

Q. Do the roots of trees continue to grow after the trees are cut down?—M. W.

A. The roots do continue to grow.

Q. What is the origin of the expres

Q. How long must a West Point man stay in the Service?—W. A.

A. A graduate of West Point can not resign from the Army until he has served four years as graduate, making a total of eight years including the four years at the Military Academy. However, cases of extreme necessity are considered.

sion "he stood like a Stoughton bottle?"—A. H. C.

A. A Stoughton bottle is a dark green or black bottle formerly used by Dr. Stoughton's bitters. The bottle was shaped like a log cabin and used in the presidential campaign of 1840. The term from its association has come to imply a stupid person or a figurehead.

Q. Where was Federick Martin's plane found?—R. H. C.

A. The plane lost by Commander Martin in the round-the-world fight was found by Mr. Sullivan, representative of the Bureau of Fisheries in the first part of September on the Alaskan peninsula near Port Moeller.

Q. Is there a "right" and a "wrong" way to offer a tip to an hotel chambermaid?—H. C. R.

A. A recent article on hotel etiquette says, that the most tactful way is to offer the money in an envelope.

Q. Can steam be seen?—

A. Steam is water in a gaseous condition. It is invisable. The white cloud of vapor commonly called steam is vapor composed of minute particles of water suspended in the air and formed by the condensation of the true steam gas coming in contact with the cool air.

Q. What will prevent the decay of leather in book bindings?—W. H. S.

A. The Bureau of Standards suggests that you apply a thin coating of egg albumen to the leather binding of the books to prevent decay. The use of ammonia for diluting and preserving the solution should be avoided, but the whites, after a thorough beating, may be made antiseptic by the addition of a small quantity of camphor, thyol or some essential oil. Vaseline is also satisfactory in some cases as preservative for leather bookbinding.

To kill a germ, it's not enough
To simply spray such smelly stuff;
When you attack the microbe's lair,
Your weapon, friend, is lots of air.

While we don't tolerate the presence of diseased pets about our homes, we are less particular about our cooks.

ROAD BUILDING BEING PLANNED

Trustees of Franklin Township Now Framing Program.

Franklin township—the only township in Columbiana county without an improved highway—is planning an active road building program for 1925. The township trustees have the support of the new board of county commissioners in this work, and as the recent reappraisement has increased the road fund of the township there is nothing in the way to delay the proposed program.

The trustees have asked for five mills in their 1925 budget for road construction purposes. With personal property valuation of $1,102,150 added to the land and building valuation of $640,080, the township will receive its five mills from a total valuation of $1,742,230.

The trustees have decreed that the township has been without improved highways long enough, and it is their intent to have their first outlet northward to Kensington.

PREPARING FOR NEXT GRAND JURY

Court officers, such as mayors of different municipalities and justices of the peace throughout the county, are beginning to forward Clerk of Courts John T. Burns transcripts from their criminal dockets, which are to be investigated by the January grand jury, which begins its term January 12. At the rate transcripts have been received during the last few days, it may follow that probably 50 cases will be presented to the grand jury. The majority of the transcripts refer to misdemeanors.

STOCKHOLDERS TO HOLD MEETING

The annual meeting of the stockholders of the New Tread Tire company of Columbiana will be held at the general offices of that corporation January 13, according to Attorney W. O. Wallace, of Columbiana, one of the board of directors. At this meeting, in addition to electing a board of directors, the stockholders will also consider the proposition of amending the articles of the corporation.

FILE TRANSCRIPT IN APPEAL CASE

The transcript in the case of Harold Grafton against Charles P. Dorsey, which was tried in the court of Justice of the Peace Charles W. Powell, East Liverpool, has been filed in common pleas court. The action was for the recovery of $7.25 "for necessaries" sold by Grafton to Dorsey. Dorsey never appeared when the case came up for trial, and judgment by default was rendered. He then took an appeal, bond for $50 having been filed with the court.

TRACT OF LAND LEASED BY STATE

At an annual rental of $15.85, the state of Ohio has leased a farm of 44.04 acres in section 16, Middleton township, to Eva Scott, the price of the lease being 6 per cent on the assessed valuation of the property, which under the old appraisement was $264.24. The lease is for a term of 99 years, and is property owned by the state and known as "school and ministerial lands."

Leave to File Granted.

Judge James G. Moore has granted Simon Burson leave to file an answer and cross petition in the $1,100 automobile damage case filed against him by Jesse Shepherd, through Attorney K. L. Coburn, of Salem. Interest from November 11, 1923, is also asked in this case.

Columbiana

The union choirs of the Presbyterian, Methodist and Reformed Churches are making elaborate preparations for the presentation of the Christmas Cantata, "The King Cometh," by R. M. Stults, under the direction of Mrs. Roy Weaver, with Mrs. Elmer Coyle as organist. The event will be held Sunday evening, December 28th, at the Methodist Church, the time being 7:30 The program follows: (1) Awake, Awake, Put on thy strength, Oh Zion," Opening Chorus; (2) "And there shall come forth a rod," Tenor Solo—R. J. Miller; (3) "Therefore the Lord Himself shall give unto you a sign; Chorus; (4) "For Unto Us a Child is Born," Ladies Trio; (5) "Thy Kingdom is an everlasting Kingdom," Chorus and Obligato by Miss Margaret Stewart; (6) "The Angel said unto Mary," Tenor solo, R. J. Miller, baritone solo, Russell Barrow; (7) "He Shall be Great," Chorus; (8) "And the word was made flesh," Duet, Mrs. Roy Weaver and Mrs. Ray Todd; (9) "There were Shepherds" Chorus; (10) "And lo, the Angel of the Lord" Men's quartette and chorus; (11) "And this shall be a sign unto you" alto solo, Mrs. Weaver; (12) "Glory to God in the Highest" Mixed chorus.

Leetonia

Christmas eve was the scene of a beautiful wedding when Miss Sylvia Darleen Nettrour became the bride of Harry Crubaugh.

The marriage ceremony was performed by Rev. H. C. Brillhart of St. Paul's Lutheran church, at his home, 470 Columbia street. The Christmas decorations in Yuletide colors made a charming background for the wedding party. The bride is the only daughter of Mr. and Mrs. Walter Nettrour of Columbia street. Mr. Crubaugh is the son of Mr. and Mrs. W. W. Crubaugh of Lisbon.

The bridal party also comprised Miss Roma Dignan, first bridemaid, and Eugene Stiver as best man; Miss Lois Crubaugh, a sister of the groom, and Scott Nettrour, a brother of the bride.

The bridesmaids were charmingly gowned in white silk. As a surprise to his daughter Mr. Nettrour had arranged to have Frances, Margaret, Calvin and Billy Tittsler, the four children of Mr. and Mrs. Harry Tittsler, at the home of Rev. and Mrs. Brillhart when the bridal party arrived. The little girls dressed in white and the boys carrying baskets of flowers which they later presented to the bride, made a very pretty group.

Mrs. Crubaugh is a graduate of Leetonia high school and Lisbon normal school and also attended Wittenberg college last year. At the present time she is teaching in the fourth grade at the Columbia street school. Salem, Sunday school teacher in St. Paul's Lutheran church and lieutenant of the Girl Scout troops. The young people left the same evening for Cleveland, from there they will go to Detroit and motor into Canada for a week. Returning they will live in Leetonia for the winter at the home of the bride's parents.

An enjoyable Christmas party was held Tuesday evening in St. Paul's Lutheran chapel by the Lutheran Sunday school. There were more than 300 present. The program was in charge of Mrs. H. C. Brillhart, who introduced the character with names of celebrated artists. The program consisted of a piano solo by Miss Frances Tittsler; vocal solo by Miss Catherine Cope; reading by Theda Stratton; a vocal duet by Margaret Brillhart and Frederick Nelson Jr.; a song, "Silent Night, Holy Night," by Dorothy Williams; a short playette, "The Best Gift of All," by the following children, Dorothy Williams, Lena Jane Beilhart, Frances Tittsler, Calvin Tittsler, Harry Weikart, Hazel Johnson acted the part of the Christmas fairy. Theda Stratton, Helen Wagenhouser, Helen Groner, Kenneth Wagenhouser, Hubert Garrett and Harry Ginther; a solo was given by Alton Brinker, a reading by Hilda Frederick and a piano solo by Lena Jane Beilhart. This was followed by Henry Grace, Ralph Wolfgang, Walter Peet and Richard Feustenmaker, being introduced by C. E. Holt as celebrated singers, while the music came from behind the curtain which when drawn back revealed a quartet composed of T. B. Cope, Vernon Brinker, Ray Anglemyer and William Anglemyer in black face, who gave a number of selections.

The company was then invited to the dining rooms where lunch was served. A fish pond and treats for the younger members were enjoyed.

ROAD BUILDING BEING PLANNED

Trustees of Franklin Township Now Framing Program.

Franklin township—the only township in Columbiana county without an improved highway—is planning an active road building program for 1925. The township trustees have the support of the new board of county commissioners in this work, and as the recent reappraisement has increased the road fund of the township there is nothing in the way to delay the proposed program.

The trustees have asked for five mills in their 1925 budget for road construction purposes. With personal property valuation of $1,103,150 added to the land and building valuation of $640,080, the township will receive its five mills from a total valuation of $1,743,230.

The trustees have decreed that the township has been without improved highways long enough, and it is their intent to have their first outlet northward to Kensington.

PREPARING FOR NEXT GRAND JURY

Court officers, such as mayors of different municipalities and justices of the peace throughout the county, are beginning to forward Clerk of Courts John T. Burns transcripts from their criminal dockets, which are to be investigated by the January grand jury, which begins its term January 12. At the rate transcripts have been received during the last few days, it may follow that probably 50 cases will be presented to the grand jury. The majority of the transcripts refer to misdemeanors.

STOCKHOLDERS TO HOLD MEETING

The annual meeting of the stockholders of the New Tread Tire company of Columbiana will be held at the general offices of that corporation January 13, according to Attorney W. O. Wallace, of Columbiana, one of the board of directors. At this meeting, in addition to electing a board of directors, the stockholders will also consider the proposition of amending the articles of the corporation.

FILE TRANSCRIPT IN APPEAL CASE

The transcript in the case of Harold Grafton against Charles P. Dorsey, which was tried in the court of Justice of the Peace Charles W. Powell, East Liverpool, has been filed in common pleas court. The action was for the recovery of $7.25 "for necessaries" sold by Grafton to Dorsey. Dorsey never appeared when the case came up for trial, and judgment by default was rendered. He then took an appeal, bond for $50 having been filed with the court.

TRACT OF LAND LEASED BY STATE

At an annual rental of $15.85, the state of Ohio has leased a farm of 44.04 acres in section 16, Middleton township, to Eva Scott, the price of the lease being 6 per cent on the assessed valuation of the property, which under the old appraisement was $264.24. The lease is for a term of 99 years, and is property owned by the state and known as "school and ministerial lands."

Leave to File Granted.

Judge James G. Moore has granted Simon Burson leave to file an answer and cross petition in the $1,100 automobile damage case filed against him by Jesse Shepherd, through Attorney K. L. Coburn, of Salem. Interest from November 11, 1923, is also asked in this case.

Leetonia

Christmas eve was the scene of a beautiful wedding when Miss Sylvia Derleen Nettrour became the bride of Harry Crubaugh.

The marriage ceremony was performed by Rev. H. C. Brillhart of St. Paul's Lutheran church, at his home, 470 Columbia street. The Christmas decorations in Yuletide colors made a charming background for the wedding party. The bride is the only daughter of Mr. and Mrs. Walter Nettrour of Columbia street. Mr. Crubaugh is the son of Mr. and Mrs. W. W. Crubaugh of Lisbon.

The bridal party also comprised Miss Roma Dignan, first bridemaid, and Eugene Stiver as best man; Miss Lois Crubaugh, a sister of the groom, and Scott Nettrour, a brother of the bride.

The bridesmaids were charmingly gowned in white silk. As a surprise to his daughter Mr. Nettrour had arranged to have Frances, Margaret, Calvin and Billy Tittsler, the four children of Mr. and Mrs. Harry Tittsler, at the home of Rev. and Mrs. Brillhart when the bridal party arrived. The little girls dressed in white and the boys carrying baskets of flowers which they later presented to the bride, made a very pretty group.

Mrs. Crubaugh is a graduate of Leetonia high school and Lisbon normal school and also attended Wittenberg college last year. At the present time she is teaching in the fourth grade at the Columbia street school. Salem, Sunday school teacher in St. Paul's Lutheran church and lieutenant of the Girl Scout troops. The young people left the same evening for Cleveland, from there they will go to Detroit and motor into Canada for a week. Returning they will live in Leetonia for the winter at the home of the bride's parents.

An enjoyable Christmas party was held Tuesday evening in St. Paul's Lutheran chapel by the Lutheran Sunday school. There were more than 300 present. The program was in charge of Mrs. H. C. Brillhart, who introduced the character with names of celebrated artists. The program consisted of a piano solo by Miss Frances Tittsler; vocal solo by Miss Catherine Cope; reading by Theda Stratton; a vocal duet by Margaret Brillhart and Frederick Nelson Jr.; a song, "Silent Night, Holy Night," by Dorothy Williams; a short playette, "The Best Gift of All," by the following children, Dorothy Williams, Lena Jane Beilhart, Frances Tittsler, Calvin Tittsler, Harry Weikart, Hazel Johnson acted the part of the Christmas fairy. Theda Stratton, Helen Wagenhouser, Helen Groner, Kenneth Wagenhouser, Hubert Garrett and Harry Ginther; a solo was given by Alton Brinker, a reading by Hilda Frederick and a piano solo by Lena Jane Beilhart. This was followed by Henry Grace, Ralph Wolfgang, Walter Peet and Richard Feustenmaker, being introduced by C. E. Holt as celebrated singers, while the music came from behind the curtain which when drawn back revealed a quartet composed of T. B. Cope, Vernon Brinker, Ray Anglemyer and William Anglemyer in black face, who gave a number of selections.

The company was then invited to the dining rooms where lunch was served. A fish pond and treats for the younger members were enjoyed.

ROAD BUILDING BEING PLANNED

Trustees of Franklin Township Now Framing Program.

Franklin township—the only township in Columbiana county without an improved highway—is planning an active road building program for 1925. The township trustees have the support of the new board of county commissioners in this work, and as the recent reappraisement has increased the road fund of the township there is nothing in the way to delay the proposed program.

The trustees have asked for five mills in their 1925 budget for road construction purposes. With personal property valuation of $1,103,150 added to the land and building valuation of $640,080, the township will receive its five mills from a total valuation of $1,743,230.

The trustees have decreed that the township has been without improved highways long enough, and it is their intent to have their first outlet northward to Kensington.

PREPARING FOR NEXT GRAND JURY

Court officers, such as mayors of different municipalities and justices of the peace throughout the county, are beginning to forward Clerk of Courts John T. Burns transcripts from their criminal dockets, which are to be investigated by the January grand jury, which begins its term January 12. At the rate transcripts have been received during the last few days, it may follow that probably 50 cases will be presented to the grand jury. The majority of the transcripts refer to misdemeanors.

STOCKHOLDERS TO HOLD MEETING

The annual meeting of the stockholders of the New Tread Tire company of Columbiana will be held at the general offices of that corporation January 13, according to Attorney W. O. Wallace, of Columbiana, one of the board of directors. At this meeting, in addition to electing a board of directors, the stockholders will also consider the proposition of amending the articles of the corporation.

FILE TRANSCRIPT IN APPEAL CASE

The transcript in the case of Harold Grafton against Charles P. Dorsey, which was tried in the court of Justice of the Peace Charles W. Powell, East Liverpool, has been filed in common pleas court. The action was for the recovery of $7.25 "for necessaries" sold by Grafton to Dorsey. Dorsey never appeared when the case came up for trial, and judgment by default was rendered. He then took an appeal, bond for $50 having been filed with the court.

TRACT OF LAND LEASED BY STATE

At an annual rental of $15.85, the state of Ohio has leased a farm of 44.04 acres in section 16, Middleton township, to Eva Scott, the price of the lease being 6 per cent on the assessed valuation of the property, which under the old appraisement was $264.24. The lease is for a term of 99 years, and is property owned by the state and known as "school and ministerial lands."

Leetonia

Christmas eve was the scene of a beautiful wedding when Miss Sylvia Darleen Nettrour became the bride of Harry Crubaugh.

The marriage ceremony was performed by Rev. H. C. Brillhart of St. Paul's Lutheran church, at his home, 470 Columbia street. The Christmas decorations in Yuletide colors made a charming background for the wedding party. The bride is the only daughter of Mr. and Mrs. Walter Nettrour of Columbia street. Mr. Crubaugh is the son of Mr. and Mrs. W. W. Crubaugh of Lisbon.

The bridal party also comprised Miss Roma Dignan, first bridemaid, and Eugene Silver as best man; Miss Lois Crubaugh, a sister of the groom, and Scott Nettrour, a brother of the bride.

The bridesmaids were charmingly gowned in white silk. As a surprise to his daughter Mr. Nettrour had arranged to have Frances, Margaret, Calvin and Billy Tittsler, the four children of Mr. and Mrs. Harry Tittsler, at the home of Rev. and Mrs. Brillhart when the bridal party arrived. The little girls dressed in white and the boys carrying baskets of flowers which they later presented to the bride, made a very pretty group.

Mrs. Crubaugh is a graduate of Leetonia high school and Lisbon normal school and also attended Wittenberg college last year. At the present time she is teaching in the fourth grade at the Columbia street school, Salem. Sunday school teacher in St. Paul's Lutheran church and lieutenant of the Girl Scout troops. The young people left the same evening for Cleveland, from there they will go to Detroit and motor into Canada for a week. Returning they will live in Leetonia for the winter at the home of the bride's parents.

An enjoyable Christmas party was held Tuesday evening in St. Paul's Lutheran chapel by the Lutheran Sunday school. There were more than 300 present. The program was in charge of Mrs. H. C. Brillhart, who introduced the character with names of celebrated artists. The program consisted of a piano solo by Miss Frances Tittsler; vocal solo by Miss Catherine Cope; reading by Theda Stratton; a vocal duet by Margaret Brillhart and Frederick Nelson Jr.; a song, "Silent Night, Holy Night," by Dorothy Williams; a short playette, "The Best Gift of All," by the following children, Dorothy Williams, Lena Jane Beilhart, Frances Tittsler, Calvin Tittsler, Harry Weikart, Hazel Johnson acted the part of the Christmas fairy. Theda Stratton, Helen Wagenhouser, Helen Groner, Kenneth Wagenhouser, Hubert Garrett and Harry Ginther; a solo was given by Alton Brinker, a reading by Hilda Frederick and a piano solo by Lena Jane Beilhart. This was followed by Henry Grace, Ralph Wolfgang, Walter Peet and Richard Feustenmaker, being introduced by C. E. Holt as celebrated singers, while the music came from behind the curtain which when drawn back revealed a quartet composed of T. B. Cope, Vernon Brinker, Ray Anglemyer and William Anglemyer in black face, who gave a number of selections.

The company was then invited to the dining rooms where lunch was served. A fish pond and treats for the younger members were enjoyed.

Miss Marion Haydon, Ohio avenue, is visiting with her parents at New Castle, Pa.

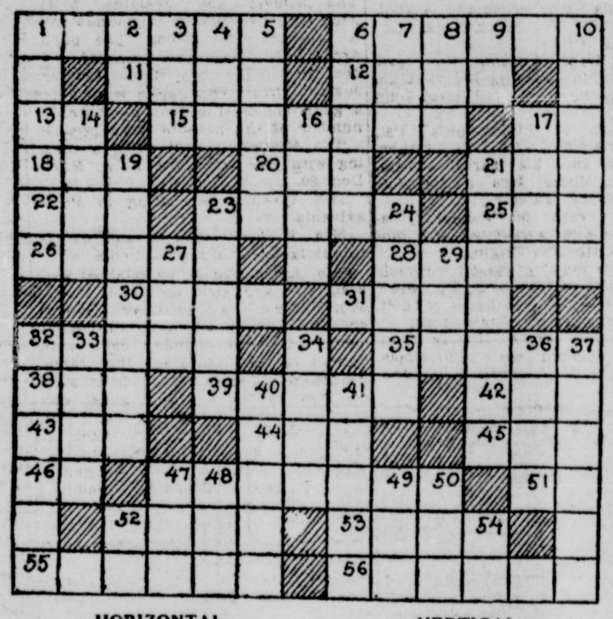

Andrew Shavins, of Woodlawn, is spending several days with his parents, Mr. and Mrs. John Shavinski, Beaver avenue.

Today's Cross-Word Puzzle

THE DIAGONAL CRISS-CROSS—Twister No. 60

IF you can solve this cross word puzzle in half an hour you will be showing considerable speed, although the words in the puzzle, with the exception of the United States Vice-President, are common ones.

Below the diagram are the synonyms for the words contained in the puzzle.

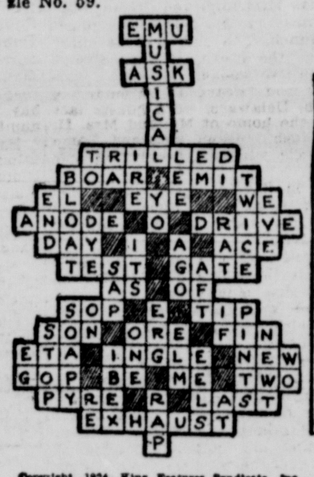

HORIZONTAL.

1—waist bands
6—half
11—merit
12—devours
13—note of scale
15—people who rip
17—parent
18—prefix meaning again
20—decay
21—title
22—speck
23—lustre
25—sea eagle
26—breathe audibly through the nose
28—carries
30—authoritative standard
31—reduces to liquid form
32—very thin
35—mine entrances
38—thick, black, viscous liquid
39—steered wildly (naut.)
42—negative
43—beast of burden
44—irritate
45—South African antelope
46—second officer of a civil organization (abbr.)
47—paying attention to
51—type measure
52—prickly seed vessel
53—point of juncture
55—guides
56—Indian tents

VERTICAL.

1—a dinner course (pl.)
2—point of compass
3—head covering
4—before
5—involve in knots
6—comes in contact with
7—propelling device
8—belonging to an inanimate object
9—plural ending of many nouns
10—longs
14—soon
16—foundation
17—deep mud
19—they who make amends
21—environment
23—a Vice-President of the U. S.
24—place
27—female deer
29—aged
32—strips forming sides of a barrel
33—a lock
34—struck with reverence
36—quality
37—stubs
40—asserts
41—live
47—shade
48—go wrong
49—born
50—breach
52—exist
54—pronoun

Herewith is the solution to puzzle No. 59.

Tip For Beginners.

Solve this puzzle by comparing the synonyms listed in the "Horizontal" and "Vertical" columns with the number of spaces extending crosswise or downward on the diagram, as the case may be. If a word occurs to you meaning substantially the same as the synonym and the correct number of letters to fit in the spaces between its number and the first shaded stop following, write it in lightly. Work away the small words, the "easy" words, first, and they will give you plenty of clues to the difficult ones.

WATCH NIGHT SERVICES HERE

Plans have been completed for watch night services in the Church of the Nazarene next Wednesday evening. Rev. A. H. Vaughn, Washington, Pa., Rev. A. B. Riggs, Lowell, Mass., and Rev. Lulu Kell, pastor of the church, will deliver addresses. Special music will be a feature of the services.

Rev. A. B. Riggs will fill the pulpit at the morning and evening services tomorrow.

POWDER BLAST VICTIMS RECOVER

The condition of the five youths who were burned when a keg of powder exploded in a shanty at Joetown was reported as improved by Dr. V. E. McElodwney, the attending physician.

George Jones, 20 years old, who was the most seriously burned, has been pronounced out of danger.

Mission Band Meets.

Members of the Sunbeam Mission Band of the First Presbyterian church met this afternoon in the Sunday school rooms. This was the annual meeting. A Christmas program was featured.

Church Services Here Tomorrow.

Rev. E. E. Lashley, who spent Christmas at the home of relatives in New Kensington, Pa., will preach in the Presbyterian church Sunday. Pulpits of the First Methodist and Christian churches will be occupied by the respective pastors, Rev. J. A. Schrader and Rev. Frederic Gardner.

Christmas Entertainment.

Final rehearsal was held last evening for the Christmas entertainment which will begin tomorrow evening in the First Methodist Episcopal church. Members of the choir will give a musical program.

William McKinley's Inauguration Shown On Ceramic Screen

As a special feature in connection with the photoplay program at the Ceramic theatre on Monday, Tuesday and Wednesday, arrangements have been made for the presentation of a one-reel Universal film, which shows the inauguration 30 years ago of the nation's martyred president, William McKinley, the son of Ohio.

The film, which should prove especially interesting in view of the manner of dress, transportation, etc., in vogue then, will be shown in addition to the big cinema offering, "The City That Never Sleeps."

Large doctor bills from stuffy bedrooms grow.

Women Favor Engineering.

Statistics from the University of Heidelberg, Germany, show that since the war more women than ever have gone in for engineering and architecture. To a certain degree this is also true in the United States, where landscape gardeners as well as architects among women are noticeably more frequent.

Only thirteen airplane engines, rated at 600 horsepower or over, have actually been built.

YOUNGSTOWN & OHIO RIVER RAILROAD CO.
Electric passenger service to Lisbon, Leetonia, Youngstown, Salem, Alliance and Canton. Cars leave Liverpool every hour from 6:30 a. m.; 11:30 p. m. car for Leetonia only.

Miss Marion Haydon, Ohio avenue, is visiting with her parents at New Castle, Pa.

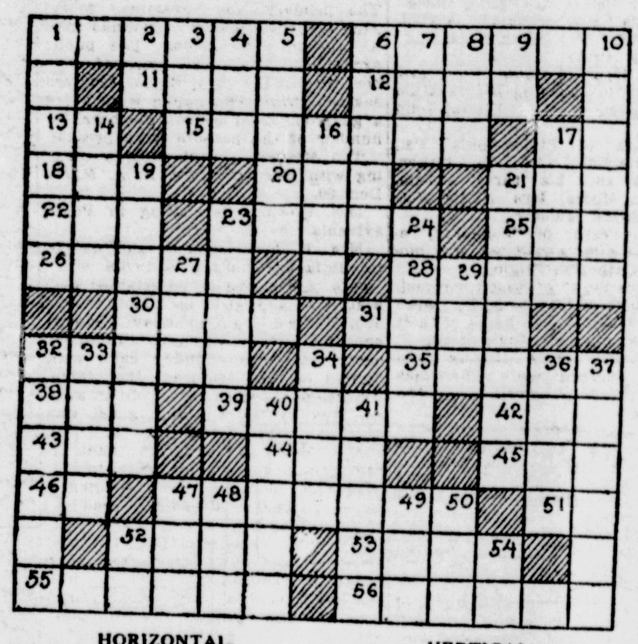

Andrew Shavins, of Woodlawn, is spending several days with his parents, Mr. and Mrs. John Shavinski, Beaver avenue.

Today's Cross-Word Puzzle

THE DIAGONAL CRISS-CROSS—Twister No. 60

IF you can solve this cross word puzzle in half an hour you will be showing considerable speed, although the words in the puzzle, with the exception of the United States Vice-President, are common ones.

Below the diagram are the synonyms for the words contained in the puzzle.

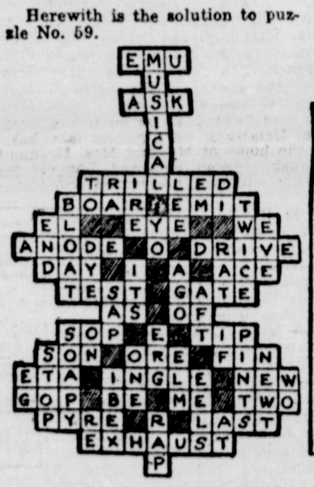

HORIZONTAL.

1—waist bands
6—half
11—merit
12—devours
13—note of scale
15—people who rip
17—parent
18—prefix meaning again
20—decay
21—title
22—speck
23—lustre
25—sea eagle
26—breathe audibly through the nose
28—carries
30—authoritative standard
31—reduces to liquid form
32—very thin
35—mine entrances
38—thick, black, viscous liquid
39—steered wildly (naut.)
42—negative
43—beast of burden
44—irritate
45—South African antelope
46—second officer of a civil organization (abbr.)
47—paying attention to
51—type measure
52—prickly seed vessel
53—point of juncture
55—guides
56—Indian tents

VERTICAL.

1—a dinner course (pl.)
2—point of compass
3—head covering
4—before
5—involve in knots
6—comes in contact with
7—propelling device
8—belonging to an inanimate object
9—plural ending of many nouns
10—longs
14—soon
16—foundation
17—deep mud
19—they who make amends
21—environment
23—a Vice-President of the U. S.
24—place
27—female deer
29—aged
32—strips forming sides of a barrel
33—a lock
34—struck with reverence
36—quality
37—stubs
40—asserts
41—live
47—shade
48—go wrong
49—born
50—breach
52—exist
54—pronoun

Herewith is the solution to puzzle No. 59.

Tip For Beginners.

Solve this puzzle by comparing the synonyms listed in the "Horizontal" and "Vertical" columns with the number of spaces extending crosswise or downward on the diagram, as the case may be. If a word occurs to you meaning substantially the same as the synonym and the correct number of letters to fit in the spaces between its number and the first shaded stop following, write it in lightly. Work away the small words, the "easy" words, first, and they will give you plenty of clues to the difficult ones.

WATCH NIGHT SERVICES HERE

Plans have been completed for watch night services in the Church of the Nazarene next Wednesday evening. Rev. A. H. Vaughn, Washington, Pa., Rev. A. B. Riggs, Lowell, Mass., and Rev. Lulu Kell, pastor of the church, will deliver addresses. Special music will be a feature of the services.

Rev. A. B. Riggs will fill the pulpit at the morning and evening services tomorrow.

POWDER BLAST VICTIMS RECOVER

The condition of the five youths who were burned when a keg of powder exploded in a shanty at Joetown was reported as improved by Dr. V. E. McElodwney, the attending physician.

George Jones, 20 years old, who was the most seriously burned, has been pronounced out of danger.

Mission Band Meets.

Members of the Sunbeam Mission Band of the First Presbyterian church met this afternoon in the Sunday school rooms. This was the annual meeting. A Christmas program was featured.

Church Services Here Tomorrow.

Rev. E. E. Lashley, who spent Christmas at the home of relatives in New Kensington, Pa., will preach in the Presbyterian church Sunday. Pulpits of the First Methodist and Christian churches will be occupied by the respective pastors, Rev. J. A. Schrader and Rev. Frederic Gardner.

Christmas Entertainment.

Final rehearsal was held last evening for the Christmas entertainment which will begin tomorrow evening in the First Methodist Episcopal church. Members of the choir will give a musical program.

Saving Accounts
now being opened. Dividends to start as of Jan. 1, 1925. 5½% paid the past two years. The Potters Savings & Loan Co. Adv.

William McKinley's Inauguration Shown On Ceramic Screen

As a special feature in connection with the photoplay program at the Ceramic theatre on Monday, Tuesday and Wednesday, arrangements have been made for the presentation of a one-reel Universal film, which shows the inauguration 30 years ago of the nation's martyred president, William McKinley, the son of Ohio.

The film, which should prove especially interesting in view of the manner of dress, transportation, etc., in vogue then, will be shown in addition to the big cinema offering, "The City That Never Sleeps."

Large doctor bills from stuffy bedrooms grow.

Women Favor Engineering.

Statistics from the University of Heidelberg, Germany, show that since the war more women than ever have gone in for engineering and architecture. To a certain degree this is also true in the United States, where landscape gardeners as well as architects among women are noticeably more frequent.

Only thirteen airplane engines, rated at 600 horsepower or over, have actually been built.

YOUNGSTOWN & OHIO RIVER RAILROAD CO.

Electric passenger service to Lisbon, Leetonia, Youngstown, Salem, Alliance and Canton. Cars leave Liverpool every hour from 6:30 a. m.; 11:30 p. m. car for Leetonia only.

Why You Get Your Money's-Worth and More, in a Gulbransen

You get your money's-worth out of your piano investment only if everybody in the house can play it.

Own a Gulbransen and your home is enriched with a *real musical instrument*. You have a piano everybody enjoys because everybody can play it, and with rare *feeling* and *expression!*

Gulbransen is known everywhere for quantity production. That's why we can build and sell so high-grade an instrument, for so little money.

Gulbransen has also made it possible for anyone, whatever his circumstances, to own a genuine Registering Piano and pay for it in two years, if you wish. Prices range from $450 for the Community Model to $530 for the Suburban Model, $615 for the Country Seat Model and $700 for the White House Model, the finest musical instrument that skill, the choicest materials and more than 50 years' experience can produce.

Years to Pay.

Mail This for Gulbransen information.

THE DOUBLE HOUSE

By Elizabeth Dejeans

CHAPTER SEVENTEEN — Con.

The proprietor of the grocery was a lanky, dry-faced man. He read the lease carefully before he affixed his signature and allowed his wife to affix hers. He looked curiously at Karesia, beaded from head to feet with moisture. "Why didn't you have this 'tended to in town?" he inquired.

She smiled at him. "Signing leases is more amusing than sitting in the fog and waiting to do it."

"Some rent you're getting," he remarked grudgingly.

"I have 'some' house," she retorted pleasantly.

"Most of you motion-picture people has," he said with an edge to his words. "Easy come by, easy spent."

"I wonder why he thought I was an actress!" Karesia said with amusement as they made their way back through the fog.

"The red cloak and plume, perhaps," Dascome returned lightly. "But I know better."

"What do you know?" In the blurred gloom she was trying to see his face.

"Some time I'll tell you."

He had helped her into the car, he was about to get in himself, when sounds bore down on them; the humming purr of a car driven fast, men's voices and women's shrill speech and laughter. As the oncoming car plunged into the pinkish glow, a man's hoarse voice shouted: "Hey, there! Soft drinks!" and the men laughed and the women shrieked.

Out of the glow the car plunged like a rearing thing, its nose passed them by a short yard, and its fender almost caught theirs, almost struck Dascome, and, in the instant of passing, a man yelled, "Damn you, Kid—you'll smash us yet!" And back to Karesia and Dascome was borne the girl's answer, shrill with abandon: "Yah! Keep your hair on! I'm going to Los Angeles, I tell you!"

Dascome was half in his seat; at the girl's scream of defiance he whiled about and to the ground, stood staring at the red eye which winked but for a moment, then was swallowed by the fog. Then Karesia heard his passionate exclamation: "Oh, my God! What damnable, what wicked recklessness!"

Fright had brought the smothering blood into Karesia's face; a few inches more and that girl would have killed him; a foot or two more and they would all of them have been a mangled heap. She shivered and gasped. Then Dascome swung himself back into his car and whirled it about; Karesia thought that in his anger he meant to chase the car whose muffled roar was dying in the distance, and her heart stood still with terror. They made a veritable plunge into the fog. The next moment the brakes shrieked, the car slid a foot or two—then crawled. . . . Dascome circled the bend; how he kept to the road Karesia could not understand, for she saw nothing but wavering veil up veil of floating moisture.

Dascome was driving slowly now. He turned to her, Karesia felt his hand on her shoulder. "Forgive me," he said thickly. "I was—something more than angry. You were terrified, but you never cried out. I am sorry. I shall drive very carefully." His groping hand passed across her shoulders, brought the front of her cape together, hovered over her in an eagerness of reassurance. "There is no danger now."

Her lips were stiff. "Those people had been drinking."

"Yes," he said through his teeth.

"She doesn't realize—she can't!"

"She's suffering for the sins of her parents," he said with husky vehemence. "Thank God, you were not sacrificed. She'll ride to her death some day, I am afraid!"

"Do you know her?" Karesia asked, surprised.

"Yes. I recognized her voice. I know them all. It's the contemptible hangers-on to this industry that make such things possible! The girls who come here and are disappointed and the men who come here seeking what they can find! I'll be glad when the place is cleared of its degenerates. You can't clear New York of them, they're indigenous, but here, it's a growth that doesn't belong." His voice changed and his hand touched her again. "But you mustn't be frightened. I'll take you safely home."

"I am not frightened for myself."

"I know." His hand want back to the wheel.

Karesia watched him, the vague outline of his face which she felt rather than saw, was gray and drawn. She watched the movement of his head from side to side, as if, at any moment, at the edge of the road, he expected to see an overturned hulk. She sat silent; it had come to her suddenly who that girl was—what she was to him.

They had come into West Hollywood and the fog was lighter. The streets were like oiled glass, only an occasional car passed them, driven very slowly. Karesia had decided what she would do. "Look at these streets!" she exclaimed. "Don't turn up to the boulevard. Please let me out and I shall walk up to my house."

Dascome glanced at her quickly. "I shall have no trouble with your hill."

"I couldn't endure a skid!" she declared. "I want to walk. It is early—there is not a bit of danger."

He gave her a long look, then looked away. "Perhaps it would be as well." He drew to the curb and Keresia got out. "I shall telephone," he said.

"Yes—do," she answered, as if they were both talking about her house.

A few steps, and Karesia looked back. He was racing on that oiled glass! She choked up as she watched his car slither out of sight. He was chasing that mad car, anger and bitter anxiety driving him along. . . . So that was his daughter!—"Yah! Keep you hair on!"—No wonder he had not wanted to own her as his. However, just at the end, he knew that she had guessed. And Rossiter knew the daughter. "It couldn't be much worse," Karesia said to herself. That morning, the loss of her paintings had seemed a tragic thing, but since then she had experienced an earthquake.

(Continued Tomorrow)

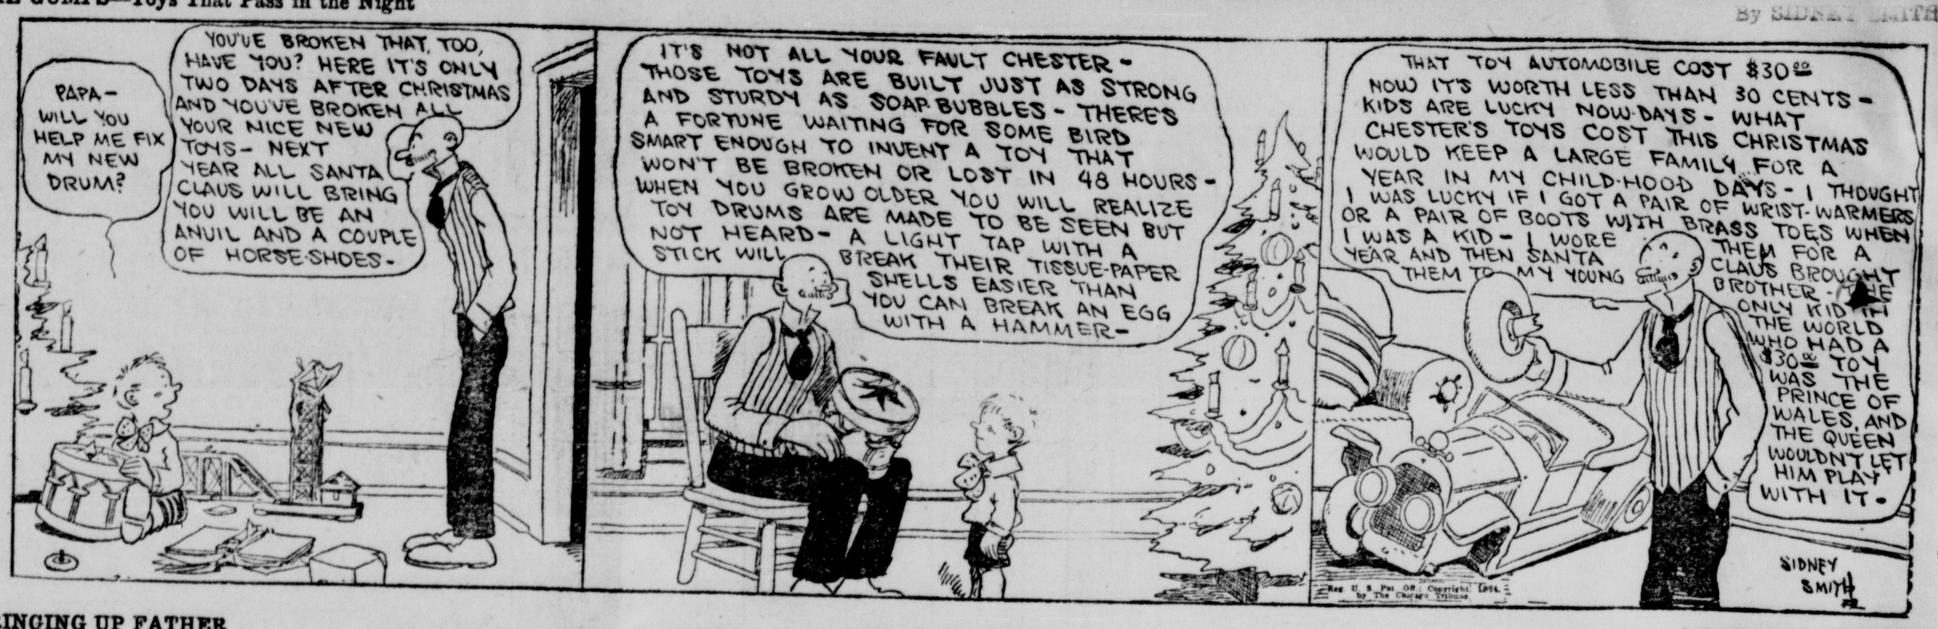

The ardent swain and his lady love had just encountered a bulldog who looked as if he might shake a mean lower jaw.

"Why, Percy," she exclaimed as he started a strategic retreat. "You always swore you would face death for me."

"I would," he flung back over his shoulder, "but that darn dog ain't dead."

She watched the movement of his head from side to side, as if, at any moment, at the edge of the road, he expected to see an overturned hulk. She sat silent; it had come to her suddenly who that girl was—what she was to him.

They had come into West Hollywood and the fog was lighter. The streets were like oiled glass, only an occasional car passed them, driven very slowly. Karesia had decided what she would do. "Look at these streets!" she exclaimed. "Don't turn up to the boulevard. Please let me out and I shall walk up to my house."

Dascome glanced at her quickly. "I shall have no trouble with your hill."

"I couldn't endure a skid!" she declared. "I want to walk. It is early—there is not a bit of danger."

He gave her a long look, then looked away. "Perhaps it would be as well." He drew to the curb and Keresia got out. "I shall telephone," he said.

"Yes—do," she answered, as if they were both talking about her house.

A few steps, and Karesia looked back. He was racing on that oiled glass! She choked up as she watched his car slither out of sight. He was chasing that mad car, anger and bitter anxiety driving him along. . . . So that was his daughter!—"Yah! Keep you hair on!"—No wonder he had not wanted to own her as his. However, just at the end, he knew that she had guessed. And Rossiter knew the daughter. "It couldn't be much worse," Karesia said to herself. That morning, the loss of her paintings had seemed a tragic thing, but since then she had experienced an earthquake.

(Continued Tomorrow)

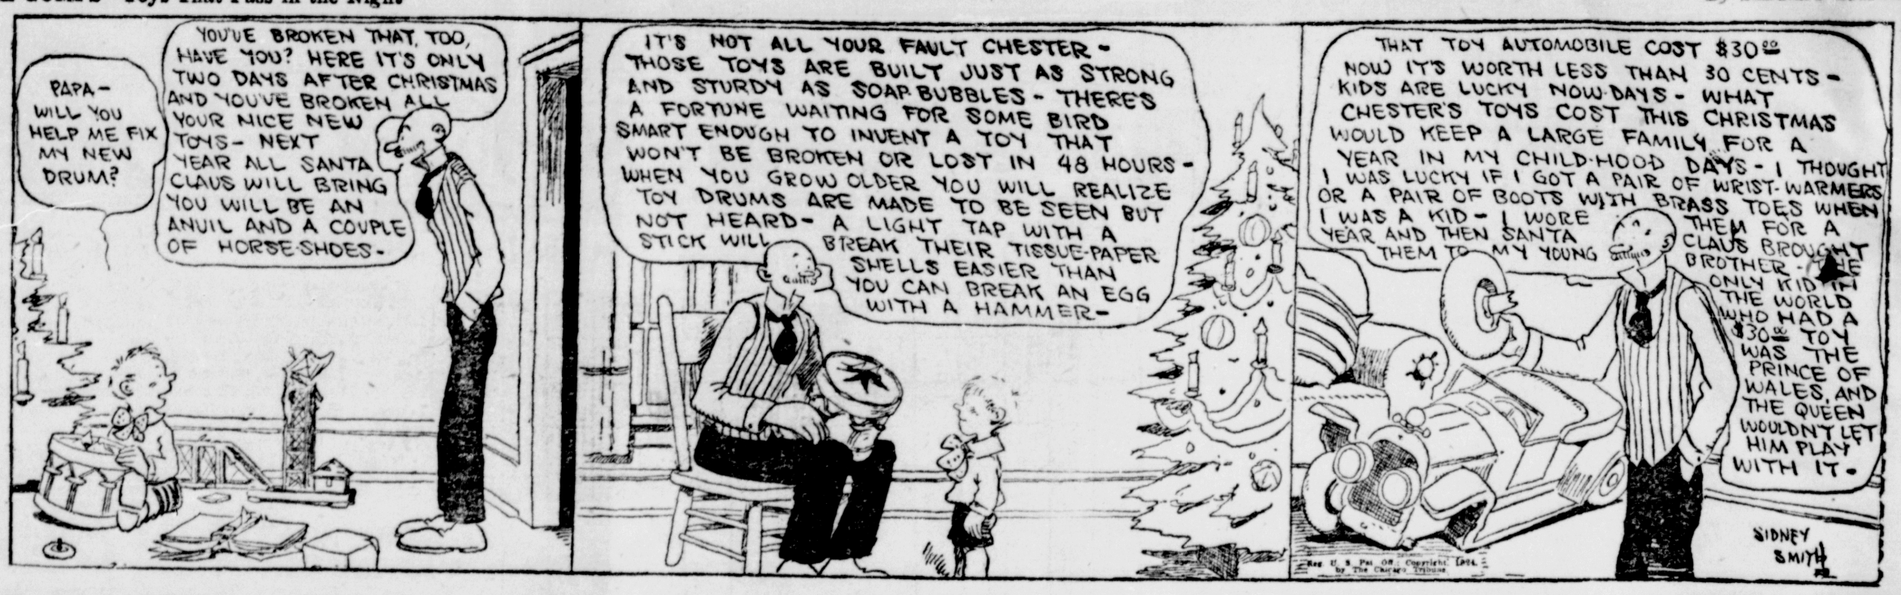

The ardent swain and his lady love had just encountered a bulldog who looked as if he might shake a mean lower jaw.

"Why, Percy," she exclaimed as he started a strategic retreat. "You always swore you would face death for me."

"I would," he flung back over his shoulder, "but that darn dog ain't dead."

LIVE FACTS ABOUT FARMING

Money Can Be Saved by Using Winter to Prepare for Spring

Proper Employment of Spare Time During Cold Months Will Surely Add to Farm Income for Next Season.

By AMOS BRADFORD.

WE are again moving into Winter. Not bitter Winter yet, but much shorter days, longer nights, frozen ground and a lot of outside things dead or resting for the Spring ressurection. Except for the livestock farms there is not as much pressing work as during the other seasons of the year. But there is work to do on every farm—whether truck, fruit, grain, cotton, or general farm.

On many farms some Fall plowing was done. That is wise, because it saves Spring work, kills insects, lets water into the soil and gives freezing and thawing a chance to pulverize more effectively the tightly bound-up earth. But, outside of the more northern and snow-bound sections, there is still time to plow.

In the Southern States plowing may be done often throughout the greater part of the Winter. Winter is a good time to look after the tile drains. If any necessary ditching is to be done, that may be looked after, thus giving the best possible chance in the Spring for getting on the land.

Then there are the fences to be repaired, the fruit trees to be pruned, some of them sprayed with the dormant spray, and things fixed up generally about the farm. On bad days the tools are to be gone over; the harness to be cleaned, repaired and oiled; the old manure piles, if such exist, to be transferred to the fields and spread. Last Winter, among other things done, I find the following list of jobs all handled during December and January: Three extra heifer halters made; binder, corn planter and all seeding tools overhauled; knives for mower and binder repaired and ground; a new tongue made for the wagon; all ladders put in ship-shape; a few extra whiffle trees made, and these and old ones painted, besides many other odds and ends.

One of my neighbors last Winter converted an old, unused building into a tool shed. Now everything on the farm is under cover and he has a well-equipped shop for repairing any tool or implement that might get out of repair. This Winter he expects to make several A-shaped hog pens, built on skids, so that the brood sows may spend their late Winter and early Spring days out in the rye field or on an old timothy sod. This type of house can be moved from place to place and is just the thing for hogs. A lantern hung at the top of the building will keep the temperature fairly warm for those sows farrowing while cold weather still hangs on.

Avoiding Unnecessary Expense.

One could continue this list indefinitely, but I must mention butchering, getting in wood, looking after the seed supplies, in addition to the regular chores and necessary work of the farm, depending on its nature and requirements. I have touched upon this list of Winter work because so many farmers do not prepare for the Spring work by doing much of it in Winter. And that makes things costly. To my way of thinking, one of the most practical and sensible ways of increasing the farm income is to cut down on some of the forms of outgo. If we keep ahead of farm work we surely reduce costs. It is when we get behind in our work that things go wrong and we are obliged to spend many extra dollars catching up. Is it not so? Every farmer knows what I have said is true.

Finally, the Winter season is the time for a fuller, more active social life on the farm. We can visit more, attend the various farm meetings, give more attention to our farm accounts, read more, and better fit ourselves for the line of farming we are following. If we fail to make the most of the home life it is our own fault, no one's else. Winter has its recreation, its inspiration, its planning. If we use it as it offers its opportunities we are certain to add to the farm income in more ways than dollars alone.

What Every One Should Know

What's in Salt and Sugar.

SALT is composed of two elements —sodium and chlorine. Hence this substance is known as sodium chloride. It is customarily added to certain foods prepared for eating. In fact, salt is the only substance except water necessary to add to enable them to supply the needs of the human or animal body. When a person goes camping he must provide water, food and salt.

Sugar is composed of three entirely different elements—carbon, hydrogen and oxygen. Salt and sugar look so much alike that it is sometimes necessary to taste them to tell which is sugar and which is salt. Both are readily soluble in water. In all other particulars they are totally unlike. They are composed of different elements, and therefore serve different purposes as food. Sugar burns readily; salt will not burn. A good way to put out a small fire is to dash a handful of salt upon it. Sugar would add fuel to the flames. Salt is an earthy substance, and hence is known as an inorganic substance. Sugar comes only from the growth of plants. Because a plant is a living organism, sugar is called an organic substance. Now you know the difference between organic and inorganic substances.

Good Work Done by Farm Clubs

THE late Secretary of Agriculture Wallace recently stated that as a mean of aiding agriculture the State farm bureau associations employ paid agents in 2,100 counties of the United States. In addition home-demonstration agents are employed in 800 counties and club agents in 200 counties. He estimates that these several agencies, including the United States Department of Agriculture, come in contact each year with about 2,500,000 farm homes.

In the illustration is shown one of the fruits of these educational activities. This boy is raising his own calf. It belongs to him. He feeds it and cares for it, and keeps a record of its gains and what it eats. When it is sold the money will belong to him. This present year over 500,000 boys and girls are enrolled in club work. Last year the value of the products they raised was more than $7,000,000, and this money was their own—to keep, to spend or to invest. This club work is one of the greatest movements in agricultural life, for it has been extended beneficently to acre-plots, canning, poultry and livestock.

Scalding Hogs at Butcher Time

By RUFUS DEFEUBAUGH.

OUR custom is to do two butcherings a year. One early in the season, but after cold weather is at hand, and the second after the holidays in late January or February. This gives fresh meat and fresh sausage over a considerable period of time. Only choice hogs are used for both lots, and the hogs are finished on corn. This gives a firm, hard pork when cured.

In scalding the hogs, I use a thermometer so as to get the water at a temperature between 145 and 150 degrees. This I think gives the best scald. A teaspoonful of lye or a small shovel of wood ashes is added to about 30 gallons of water to take off the scurf. The hind end of the hog is scalded first. The hog hook is inserted in the lower jaw and the hog moved about in the barrel so that every part of the hide is scalded. When the hair comes off easily the hog is drawn out of the hogshead and the hair on the hind legs and thighs scraped off as quickly as possible.

The next step is to cut the tendons in the hind legs, insert a gambrel and, turning the hog, scald the front end. As before, when the hair slips easily the hog is taken out of the barrel and placed on the platform. The front part of the carcass is now gone over and if the hair sticks additional hot water is poured over. Old burlap or hair may be used for retaining the water a bit. The head and feet are hardest to clean and should be gone over first, before they get cool. When hung up, a few pails of hot water are thrown over the carcass to aid in finishing the scraping. The final week is rinsing with cold water and scraping the carcass with the back of a knife, using upward strokes.

Window Gardens

Rooms with a temperature averaging 70 degrees, will grow abutilon, begonia, bouvardia, caladium, canna, cape, jassamine, coleus, fuchsia, gloxina, heliotrope, roses and smilax. The plants should be washed occasionally with soapsuds and then rinsed. When the soil is dry, water it. Beware of too much water.

Neglect Taking Its Toll—By BIEDERMANN

Machinery Left to Rust in the Open, and Cattle Left Exposed to the Elements Cause an Annual Heavy Loss to Negligent Farmers.

Fewer Steers but Better Feed in Winter Found to Pay Best

CATTLE feeders in all parts of the country may derive some benefits from the results of the experimental work carried on by the Federal Department ofAgriculture in co-operation with the West Virginia station, especially those who Winter steers with the intention of finishing them on pasture the following Summer. Most of the beef in this particular section is finished on grass alone.

The steers are wintered on dry feed, such as hay, corn stover and wheat straw, and to a less extent on corn silage. During the Winter on this type of feeding the steers lose in weight. The next Summer they are pastured, largely on blue grass pasture, and later sold as stockers, feeders or finished steers. The experiments during a three-year period show that if cattle are to be marketed early in the Summer it is a bad practice to let them lose in weight during the previous Winter.

Furthermore, larger Summer gains are always made if the cattle are kept steadily on the gain, rather than allowed to stay at an even weight or to lose in flesh. It follows, therefore, that beef production is a growth proposition and not a mere feeding venture to carry along a reasonable number of cattle until a certain age has been attained.

The best results are obtained when a fairly liberal Winter ration is provided for the steers. Better a lesser number liberally fed than too many half starved. This applies regardless of how plentiful and nutritious the Summer pasture may be. It applies, also, for all sections of the country.

Wintering Colts for Growth

By CHARLES RARICK

OATS and clover are generally considered the best feed on which to feed the colts the first winter. Oats are a handy feed and are relished at all times, giving good results. This year oats are higher than for several years; on some farms there will not be enough to meet feeding requirements; but bran mixed with them will give good results. In my experience, half of oats and half of bran is the proper proportions. If timothy hay is used, I always put in the bran and like to include about a quarter of a pound of linseed meal daily, also.

Corn stover may also be used. This roughage is nearly as nutritious as timothy and it is appetizing if bright and unspoiled. It adds to variety and helps to carry the colt through the winter in good condition. During the day the colt should have ample opportunity for exercise in the open air. For this reason I feed the stover in the barn yard. When the weather is very stormy I keep the colt in the stable.

If the colts are well fed, and they certainly should be, they will enjoy the run in the open each day and keep up a continuous growth from fall to spring. This applies to mule as well as horse colts.

A colt that is kept growing continuously makes a horse with better form and greater capabilities than the one can make that is half starved while young.

Growing Pop Corn

There is a place for a square of four or five hills of pop corn in the garden. The stalks grow 5 to 7 feet in height, and have a tendency to bear several ears. The ears are 5 to 6 inches in length and weigh from three to four ounces. A pound of seed will plant an acre. The usual period of growth is from 90 to 135 days.

Victoria Swine Breed Has Merit

AMONG the minor breeds of swine the Victoria is one that possesses much merit. It is white in color, but small in size compared with any of the major breeds. The sows are prolific and good mothers. They are less subject to sunscald and for this reason are finding popularity in the South. As will be seen in the illustration, the pigs are thrifty-looking and well-proportioned.

These hogs, if properly fed, will reach a weight of 300 to 400 pounds when 10 to 12 months old. They make excellent family meat and are often preferred by local butchers because of the smaller size and less fat in the carcass. The ears are erect and the feet and legs strong and dependable. While this breed is not extensively grown, it has a host of friends who prefer it over any other breed for home requirements.

How Dairies Are Prospering

THE demand for butter in foreign countries has helped sustain the price in this country, but, according to the United States Department of Agriculture, this situation may not continue. There are prospects of increased supplies from New Zealand and Australia, which supply would naturally go to England, a country that has used much butter from the United States.

The dairy industry in Europe shows continued recovery, and Russia is beginning to export butter in considerable quantities. Argentina is also looming up as a dairy country with an expansion of a substantial and permanent nature. Dairymen acquainted with the situation feel that production will continue to increase throughout the world and that more attention must be paid to cost of production and larger yield of milk per cow.

Why Chickens Need Exercise

DURING Winter a roomy scratching pen with eight to twelve inches of straw, in which the grain is scattered is almost indispensible for best success with the laying flock. The pen or shed should be more or less enclosed and covered by a roof for protection of the fowls and for keeping the scratching litter dry and wholesome. It is allowable also on pleasant days to let the hens out of doors for a portion of the day, as shown in the illustration below.

Here they are enjoying their recess out of doors. After a time they will return to the house for food and shelter. What ruins both

health and egg production is not cold weather but idleness, drafty quarters and the lack of an abundance of fresh air.

While lights are valuable in a poultry house by getting the hens to eat more food, this advantage would be destroyed if along with more hearty eating did not go more vigorous exercise. The hens would take on fat and lessen their egg yields. It is exercise and plenty of fresh air along with proper food that puts more eggs in the egg baskets. Many farmers fail to understand how important these factors are in egg production.

Growing Flowers All Winter

GROWING plants in the window possesses many of the attractions of outdoor flower gardening, and is a means of beautifying the room at very small expense. Especially do window gardens give delight during the barren Winter time. They are a source of culture and pleasure to thousands who cannot afford extended and expensive ornamentation.

The window garden may vary in size from an eggshell holding a miniature plant to boxes filling all the available space about the window. The soil may be in pots for individual plants or groups of plants, or in boxes for collections of plants. You may raise your flowers inside the window on shelves or stands or you may have a set of shelves built outside the window and enclosed in glazed sashes.

The soil must be rich and loose. Some leaf mold, undecayed sods and some sand may be put in the soil mixture. Some plants do better in cool rooms, others in a warmer temperature.

If the temperature ranges from 35 to 70 degrees, averaging about 65 degrees, azaleas, daisies, carnations, candy tuft, chyrsanthemums, parnellias, geraniums, petunias, primroses, verbenas and violets make especially good growths.

Farm Family Prospers Best Through Reading

Newspapers and Literature of Day Gives Children Something to Think About and Helps Prepare Them for Life's Struggles.

By CHARLES W. BURKETT,
Famous Agricultural Author and Editor of Farm Life Extension Service.

TWENTY-TWO years ago, on adjoining farms, lived five families. Only a small field or two separated each family from a neighbor. There were boys and girls in each home, and all were bright and hard working, enjoying equal advantages. In but one home was reading a feature of the family life. Both the father and the mother in this home read books, the local paper, a nearby daily, and agricultural publications.

In the other homes a book was never purchased and no regular system was followed in subscribing for, or continuing, either the local or daily paper. In the home where reading was enjoyed the two boys and girl showed a finer reserve and greater industry and were happy in their daily tasks. Every day they had something new to think about. They grew up intelligent.

THE ONES WHO PROSPERED.

The two boys became prosperous farmers, and the girl married an equally intelligent, prosperous farmer who lived a short distance away, and who also read and was attracted to this intelligent family. To-day, these people are esteemed by all of their neighbors and honored and respected as the best type of a noble class of farmers. The other farmers "could not afford reading matter." The boys, not stirred by ambition, not inspired by reading, worked sullenly day by day and skylarked around at night. They hated and despised their work, which to them was disagreeable because the mind was not applied.

When old enough to escape parental restraint some of the boys quit the farms, one for this thing, one for that, and not one has amounted to anything. The boys in one family made a try at merchandising and ruined their father, who lost his farm and all he had. One boy in another family went to the bad in another way. His father tried to save him. To-day that father is desolate and lives, though an old man, in a hut. The parents of two families are dead, the boys racing about or fighting one another for the division of the farm. Others of these boys went to the city. They are driving street cars or clerking or laboring at odd jobs.

READING FAMILY PROSPERED.

Recently I was talking to a boyhood friend who knew the families. He said that not a single child, except the three children of the reading family, had amounted to anything. What a difference it would have made had a few dollars been spent by each of these families each year for books and papers! Does it pay to rob young people of reading matter? I believe in reading in the home, but I do not believe that agricultural department reports, station bulletins and similar dry stuff represent the kind of mental food that boys and girls of the farm require.

I am satisfied that outside of the high ideals, and the power of integrity and character that were taught me by my father and mother, nothing has been so helpful in directing the course of my life as the books and papers that were bought as regularly by my father and mother as were clothes.

Caring for Paint Utensils

OFTEN in painting things on the farm the entire contents of the can is not used up. If left for a time the paint dries out and soon is useless. All this may be prevented by pouring melted paraffin over the contents left in the can. A thin layer will be sufficient. This is done in manner similar to to the use of melted paraffin for covering jellies, etc. When the paint is needed again, lift the cold layer of paraffin forming the covering, stir the contents and proceed with the painting. If the paint is too thick, thin down with turpentine, oil or dryer.

The paint brush may also be protected after using by covering the bristles with melted paraffin. The paraffin may be chipped off or soaked in hot water. In case the bristles for any reason get dried up with old paint, the bristles usually can be restored for further service by soaking in strong vinegar. These simple remedies should be remembered.

Cow Peas Grown More

Most of the cultivated crops now widely grown in the United States were thoroughly tried out before the Declaration of Independence. It is, however, only within recent years that cowpeas and soy beans have become extensively grown. The cowpea especially, has taken a place among the standard crops of the South.

Walks and Talks on the Farm

Brussels Sprouts For Every Farm Garden.

WE had an example of a fair supply of Brussels sprouts this past season. One day I was in a nearby city and found sprouts selling at 35 cents a quart. I spoke to the vegetable man about them. "Sprouts are a luxury," he said; "only the well-to-do can afford to buy them." That may be so in the city, but we surely have enjoyed an abundance at our house. We had them until after Thanksgiving and, instead of frost injuring them, it added to their quality.

I have seen very few sprouts growing in farm gardens; and yet they are as easy to grow as cabbage. They really are tiny cabbages that grow on the main stem of the Brussels sprout plant. These sprouts will thrive in any soil that will grow any other member of the cabbage family. A rich soil is not best, since the plants are liable to produce rather loose sprouts instead of the compact, round buttons that are wanted. These buttons grow along the stalk in the axils of the leaves and may be gathered when the size of a walnut. We always gather the larger ones first, the smaller ones being left to acquire full growth.

We grew our plants from seed started in April. When they were large enough for transplanting we set them out in rows two feet apart, the plants being placed one and a half feet apart in the row. We cultivated these plants during the Summer, keeping the weeds out, and a fairly good surface mulch. As the late Fall approached we broke off all the leaves, except those forming the umbrella-shaped crown at the top. This lets the sunshine in and helps mature the buds. Persons who have grown sprouts commercially tell me that if the crown leaves are removed the buds tend to open and are less firm.

I feel that we on the farm should endeavor to lengthen the season of fresh vegetables. We can do this by using such a delicious plant as Brussels sprouts; by better storage of cabbage; by always having parsnips and salsify or oysters plants; by planning storage of celery and rhubarb for more or less continuous use, and by providing cellars and storage pits in the ground to put away many fruits and odds and ends for late Winter and early Spring use. City people do not have these opportunities for providing food products for other than immediate use and must subsist on foods bought from day to day. Fast transportation now brings fresh fruits and vegetables from all directions, but the cost is high, and farmers can save that expenditure and have fresh fruits and vegetables all the year 'round.

LIVE FACTS ABOUT FARMING

Money Can Be Saved by Using Winter to Prepare for Spring

Proper Employment of Spare Time During Cold Months Will Surely Add to Farm Income for Next Season.

By AMOS BRADFORD.

WE are again moving into Winter. Not bitter Winter yet, but much shorter days, longer nights, frozen ground and a lot of outside things dead or resting for the Spring ressurection. Except for the livestock farms there is not as much pressing work as during the other seasons of the year. But there is work to do on every farm—whether truck, fruit, grain, cotton, or general farm.

On many farms some Fall plowing was done. That is wise, because it saves Spring work, kills insects, lets water into the soil and gives freezing and thawing a chance to pulverize more effectively the tightly bound-up earth. But, outside of the more northern and snow-bound sections, there is still time to plow.

In the Southern States plowing may be done often throughout the greater part of the Winter. Winter is a good time to look after the tile drains. If any necessary ditching is to be done, that may be looked after, thus giving the best possible chance in the Spring for getting on the land.

Then there are the fences to be repaired, the fruit trees to be pruned, some of them sprayed with the dormant spray, and things fixed up generally about the farm. On bad days the tools are to be gone over; the harness to be cleaned, repaired and oiled; the old manure piles, if such exist, to be transferred to the fields and spread. Last Winter, among other things done, I find the following list of jobs all handled during December and January: Three extra heifer halters made; binder, corn planter and all seeding tools overhauled; knives for mower and binder repaired and ground; a new tongue made for the wagon; all ladders put in ship-shape; a few extra whiffle trees made, and these and old ones painted, besides many other odds and ends.

One of my neighbors last Winter converted an old, unused building into a tool shed. Now everything on the farm is under cover and he has a well-equipped shop for repairing any tool or implement that might get out of repair. This Winter he expects to make several A-shaped hog pens, built on skids, so that the brood sows may spend their late Winter and early Spring days out in the rye field or on an old timothy sod. This type of house can be moved from place to place and is just the thing for hogs. A lantern hung at the top of the building will keep the temperature fairly warm for those sows farrowing while cold weather still hangs on.

Avoiding Unnecessary Expense.

One could continue this list indefinitely, but I must mention butchering, getting in wood, looking after the seed supplies, in addition to the regular chores and necessary work of the farm, depending on its nature and requirements. I have touched upon this list of Winter work because so many farmers do not prepare for the Spring work by doing much of it in Winter. And that makes things costly. To my way of thinking, one of the most practical and sensible ways of increasing the farm income is to cut down on some of the forms of outgo. If we keep ahead of farm work we surely reduce costs. It is when we get behind in our work that things go wrong and we are obliged to spend many extra dollars catching up. Is it not so? Every farmer knows what I have said is true.

Finally, the Winter season is the time for a fuller, more active social life on the farm. We visit more, attend the various farm meetings, give more attention to our farm accounts, read more, and better fit ourselves for the line of farming we are following. If we fail to make the most of the home life it is our own fault, no one's else. Winter has its recreation, its inspiration, its planning. If we use it as it offers its opportunities we are certain to add to the farm income in more ways than dollars alone.

Good Work Done by Farm Clubs

THE late Secretary of Agriculture Wallace recently stated that as a mean of aiding agriculture the State farm bureau associations employ paid agents in 2,100 counties of the United States. In addition home-demonstration agents are employed in 800 counties and club agents in 200 counties. He estimates that these several agencies, including the United States Department of Agriculture, come in contact each year with about 2,500,000 farm homes.

In the illustration is shown one of the fruits of these educational activities. This boy is raising his own calf. It belongs to him. He feeds it and cares for it, and keeps a record of its gains and what it eats. When it is sold the money will belong to him. This present year over 500,000 boys and girls are enrolled in club work. Last year the value of the products they raised was more than $7,000,000, and this money was their own—to keep, to spend or to invest. This club work is one of the greatest movements in agricultural life, for it has been extended beneficently to acre-plots, canning, poultry and livestock.

Scalding Hogs at Butcher Time

By RUFUS DEFEUBAUGH.

OUR custom is to do two butcherings a year. One early in the season, but after cold weather is at hand, and the second after the holidays in late January or February. This gives fresh meat and fresh sausage over a considerable period of time. Only choice hogs are used for both lots, and the hogs are finished on corn. This gives a firm, hard pork when cured.

In scalding the hogs, I use a thermometer so as to get the water at a temperature between 145 and 150 degrees. This I think gives the best scald. A teaspoonful of lye or a small shovel of wood ashes is added to about 30 gallons of water to take off the scurf. The hind end of the hog is scalded first. The hog hook is inserted in the lower jaw and the hog moved about in the barrel so that every part of the hide is scalded. When the hair comes off easily the hog is drawn out of the hogshead and the hair on the hind legs and thighs scraped off as quickly as possible.

The next step is to cut the tendons in the hind legs, insert a gambrel and, turning the hog, scald the front end. As before, when the hair slips easily the hog is taken out of the barrel and placed on the platform. The front part of the carcass is now gone over and if the hair sticks additional hot water is poured over. Old burlap or hair may be used for retaining the water a bit. The head and feet are hardest to clean and should be gone over first, before they get cool. When hung up, a few pails of hot water are thrown over the carcass to aid in finishing the scraping. The final week is rinsing with cold water and scraping the carcass with the back of a knife, using upward strokes.

What Every One Should Know

What's in Salt and Sugar.

SALT is composed of two elements — sodium and chlorine. Hence this substance is known as sodium chloride. It is customarily added to certain foods prepared for eating. In fact, salt is the only substance except water necessary to add to enable them to supply the needs of the human or animal body. When a person goes camping he must provide water, food and salt.

Sugar is composed of three entirely different elements—carbon, hydrogen and oxygen. Salt and sugar look so much alike that it is sometimes necessary to taste them to tell which is sugar and which is salt. Both are readily soluble in water. In all other particulars they are totally unlike. They are composed of different elements, and therefore serve different purposes as food. Sugar burns readily; salt will not burn. A good way to put out a small fire is to dash a handful of salt upon it. Sugar would add fuel to the flames. Salt is an earthy substance, and hence is known as an inorganic substance. Sugar comes only from the growth of plants. Because a plant is a living organism, sugar is called an organic substance. Now you know the difference between organic and inorganic substances.

Window Gardens

Neglect Taking Its Toll—By BIEDERMANN

Machinery Left to Rust in the Open, and Cattle Left Exposed to the Elements Cause an Annual Heavy Loss to Negligent Farmers.

Fewer Steers but Better Feed in Winter Found to Pay Best

CATTLE feeders in all parts of the country may derive some benefits from the results of the experimental work carried on by the Federal Department ofAgriculture in co-operation with the West Virginia station, especially those who Winter steers with the intention of finishing them on pasture the following Summer. Most of the beef in this particular section is finished on grass alone.

The steers are wintered on dry feed, such as hay, corn stover and wheat straw, and to a less extent on corn silage. During the Winter on this type of feeding the steers lose in weight. The next Summer they are pastured, largely on blue grass pasture, and later sold as stockers, feeders or finished steers. The experiments during a three-year period show that if cattle are to be marketed early in the Summer it is a bad practice to let them lose in weight during the previous Winter.

Furthermore, larger Summer gains are always made if the cattle are kept steadily on the gain, rather than allowed to stay at an even weight or to lose in flesh. It follows, therefore, that beef production is a growth proposition and not a mere feeding venture to carry along a reasonable number of cattle until a certain age has been attained.

The best results are obtained when a fairly liberal Winter ration is provided for the steers. Better a lesser number liberally fed than too many half starved. This applies regardless of how plentiful and nutritious the Summer pasture may be. It applies, also, for all sections of the country.

Wintering Colts for Growth

By CHARLES RARICK

OATS and clover are generally considered the best feed on which to feed the colts the first winter. Oats are a handy feed and are relished at all times, giving good results. This year oats are higher than for several years; on some farms there will not be enough to meet feeding requirements; but bran mixed with them will give good results. In my experience, half of oats and half of bran is the proper proportions. If timothy hay is used, I always put in the bran and like to include about a quarter of a pound of linseed meal daily, also.

Corn stover may also be used. This roughage is nearly as nutritious as timothy and it is appetizing if bright and unspoiled. It adds to variety and helps to carry the colt through the winter in good condition. During the day the colt should have ample opportunity for exercise in the open air. For this reason I feed the stover in the barn yard. When the weather is very stormy I keep the colt in the stable.

If the colts are well fed, and they certainly should be, they will enjoy the run in the open each day and keep up a continuous growth from fall to spring. This applies to mule as well as horse colts.

A colt that is kept growing continuously makes a horse with better form and greater capabilities than the one can make that is half starved while young.

Growing Pop Corn

There is a place for a square of four or five hills of pop corn in the garden. The stalks grow 5 to 7 feet in height, and have a tendency to bear several ears. The ears are 5 to 6 inches in length and weigh from three to four ounces. A pound of seed will plant an acre. The usual period of growth is from 90 to 135 days.

Victoria Swine Breed Has Merit

AMONG the minor breeds of swine the Victoria is one that possesses much merit. It is white in color, but small in size compared with any of the major breeds. The sows are prolific and good mothers. They are less subject to sunscald and for this reason are finding popularity in the South. As will be seen from the illustration, the pigs are thrifty-looking and well-proportioned.

These hogs, if properly fed, will reach a weight of 300 to 400 pounds when 10 to 12 months old. They make excellent family meat and are often preferred by local butchers because of the smaller size and less fat in the carcass. The ears are erect and the feet and legs strong and dependable. While this breed is not extensively grown, it has a host of friends who prefer it over any other breed for home requirements.

Premier Syndicate, 1924.

How Dairies Are Prospering

THE demand for butter in foreign countries has helped sustain the price in this country, but, according to the United States Department of Agriculture, this situation may not continue. There are prospects of increased supplies from New Zealand and Australia, which supply would naturally go to England, a country that has used much butter from the United States.

The dairy industry in Europe shows continued recovery, and Russia is beginning to export butter in considerable quantities. Argentina is also looming up as a dairy country with an expansion of a substantial and permanent nature. Dairymen acquainted with the situation feel that production will continue to increase throughout the world and that more attention must be paid to cost of production and larger yield of milk per cow.

Why Chickens Need Exercise

DURING Winter a roomy scratching pen with eight to twelve inches of straw, in which the grain is scattered is almost indispensible for best success with the laying flock. The pen or shed should be more or less enclosed and covered by a roof for protection of the fowls and for keeping the scratching litter dry and wholesome. It is allowable also on pleasant days to let the hens out of doors for a portion of the day, as shown in the illustration below.

Here they are enjoying their recess out of doors. After a time they will return to the house for food and shelter. What ruins both

health and egg production is not cold weather but idleness, drafty quarters and the lack of an abundance of fresh air.

While lights are valuable in a poultry house by getting the hens to eat more food, this advantage would be destroyed if along with more hearty eating did not go more vigorous exercise. The hens would take on fat and lessen their egg yields. It is exercise and plenty of fresh air along with proper food that puts more eggs in the egg baskets. Many farmers fail to understand how important these factors are in egg production.

Growing Flowers All Winter

GROWING plants in the window possesses many of the attractions of outdoor flower gardening, and is a means of beautifying the room at very small expense. Especially do window gardens give delight during the barren Winter time. They are a source of culture and pleasure to thousands who cannot afford extended and expensive ornamentation.

The window garden may vary in size from an eggshell holding a miniature plant to boxes filling all the available space about the window. The soil may be in pots for individual plants or groups of plants, or in boxes for collections of plants. You may raise your flowers inside the window on shelves or stands or you may have a set of shelves built outside the window and enclosed in glazed sashes.

The soil must be rich and loose. Some leaf mold, undecayed sods and some sand may be put in the soil mixture. Some plants do better in cool rooms, others in a warmer temperature.

If the temperature ranges from 35 to 70 degrees, averaging about 65 degrees, azaleas, daisies, carnations, candy tuft, chyrsanthemums, parnellias, geraniums, petunias, primroses, verbenas and violets make especially good growths.

Farm Family Prospers Best Through Reading

Newspapers and Literature of Day Gives Children Something to Think About and Helps Prepare Them for Life's Struggles.

By CHARLES W. BURKETT,
Famous Agricultural Author and Editor of Farm Life Extension Service.

TWENTY-TWO years ago, on adjoining farms, lived five families. Only a small field or two separated each family from a neighbor. There were boys and girls in each home, and all were bright and hard working, enjoying equal advantages. In but one home was reading a feature of the family life. Both the father and the mother in this home read books, the local paper, a nearby daily, and agricultural publications.

In the other homes a book was never purchased and no regular system was followed in subscribing for, or continuing, either the local or daily paper. In the home where reading was enjoyed the two boys and girl showed a finer reserve and greater industry and were happy in their daily tasks. Every day they had something new to think about. They grew up intelligent.

THE ONES WHO PROSPERED.

The two boys became prosperous farmers, and the girl married an equally intelligent, prosperous farmer who lived a short distance away, and who also read and was attracted to this intelligent family. To-day, these people are esteemed by all of their neighbors and honored and respected as the best type of a noble class of farmers. The other farmers "could not afford reading matter." The boys, not stirred by ambition, not inspired by reading, worked sullenly day by day and skylarked around at night. They hated and despised their work, which to them was disagreeable because the mind was not applied.

When old enough to escape parental restraint some of the boys quit the farms, one for this thing, one for that, and not one has amounted to anything. The boys in one family made a try at merchandising and ruined their father, who lost his farm and all he had. One boy in another family went to the bad in another way. His father tried to save him. To-day that father is desolate and lives, though an old man, in a hut. The parents of two families are dead, the boys racing about or fighting one another for the division of the farm. Others of these boys went to the city. They are driving street cars or clerking or laboring at odd jobs.

READING FAMILY PROSPERED.

Recently I was talking to a boyhood friend who knew the families. He said that not a single child, except the three children of the reading family, had amounted to anything. What a difference it would have made had a few dollars been spent by each of these families each year for books and papers! Does it pay to rob young people of reading matter? I believe in reading in the home, but I do not believe that agricultural department reports, station bulletins and similar dry stuff represent the kind of mental food that boys and girls of the farm require.

I am satisfied that outside of the high ideals, and the power of integrity and character that were taught me by my father and mother, nothing has been so helpful in directing the course of my life as the books and papers that were bought as regularly by my father and mother as were clothes.

Caring for Paint Utensils

OFTEN in painting things on the farm the entire contents of the can is not used up. If left for a time the paint dries out and soon is useless. All this may be prevented by pouring melted paraffin over the contents left in the can. A thin layer will be sufficient. This is done in manner similar to to the use of melted paraffin for covering jellies, etc. When the paint is needed again, lift the cold layer of paraffin forming the covering, stir the contents and proceed with the painting. If the paint is too thick, thin down with turpentine, oil or dryer.

The paint brush may also be protected after using by covering the bristles with melted paraffin. The paraffin may be chipped off or soaked in hot water. In case the bristles for any reason get dried up with old paint, the bristles usually can be restored for further service by soaking in strong vinegar. These simple remedies should be remembered.

Cow Peas Grown More

Most of the cultivated crops now widely grown in the United States were thoroughly tried out before the Declaration of Independence. It is, however, only within recent years that cowpeas and soy beans have become extensively grown. The cowpea especially, has taken a place among the standard crops of the South.

Walks and Talks on the Farm

Brussels Sprouts For Every Farm Garden.

WE had an example of a fair supply of Brussels sprouts this past season. One day I was in a nearby city and found sprouts selling at 35 cents a quart. I spoke to the vegetable man about them. "Sprouts are a luxury," he said; "only the well-to-do can afford to buy them." That may be so in the city, but we surely have enjoyed an abundance at our house. We had them until after Thanksgiving and, instead of frost injuring them, it added to their quality.

I have seen very few sprouts growing in farm gardens; and yet they are as easy to grow as cabbage. They really are tiny cabbages that grow on the main stem of the Brussels sprout plant. These sprouts will thrive in any soil that will grow any other member of the cabbage family. A rich soil is not best, since the plants are liable to produce rather loose sprouts instead of the compact, round buttons that are wanted. These buttons grow along the stalk in the axils of the leaves and may be gathered when the size of a walnut. We always gather the larger ones first, the smaller ones being left to acquire full growth.

We grew our plants from seed started in April. When they were large enough for transplanting we set them out in rows two feet apart, the plants being placed one and a half feet apart in the row. We cultivated these plants during the Summer, keeping the weeds out, and a fairly good surface mulch. As the late Fall approached we broke off all the leaves, except those forming the umbrella-shaped crown at tne top. This lets the sunshine in and helps mature the buds. Persons who have grown sprouts commercially tell me that if the crown leaves are removed the buds tend to open and are less firm.

I feel that we on the farm should endeavor to lengthen the season of fresh vegetables. We can do this by using such a delicious plant as Brussels sprouts; by better storage of cabbage; by always having parsnips and salsify or oysters; by planning storage of celery and rhubarb for more or less continuous use, and by providing cellars and storage pits in the ground to put away many fruits and odds and ends for late Winter and early Spring use. City people do not have these opportunities for providing food products for other than immediate use and must subsist on foods bought from day to day. Fast transportation now brings fresh fruits and vegetables from all directions, but the cost is high, and farmers can save that expenditure and have fresh fruits and vegetables all the year 'round.

C. W. B.

LIVE FACTS ABOUT FARMING

Money Can Be Saved by Using Winter to Prepare for Spring

Proper Employment of Spare Time During Cold Months Will Surely Add to Farm Income for Next Season.

By AMOS BRADFORD.

WE are again moving into Winter. Not bitter Winter yet, but much shorter days, longer nights, frozen ground and a lot of outside things dead or resting for the Spring ressurection. Except for the livestock farms there is not as much pressing work as during the other seasons of the year. But there is work to do on every farm—whether truck, fruit, grain, cotton, or general farm.

On many farms some Fall plowing was done. That is wise, because it saves Spring work, kills insects, lets water into the soil and gives freezing and thawing a chance to pulverize more effectively the tightly bound-up earth. But, outside of the more northern and snow-bound sections, there is still time to plow.

In the Southern States plowing may be done often throughout the greater part of the Winter. Winter is a good time to look after the tile drains. If any necessary ditching is to be done, that may be looked after, thus giving the best possible chance in the Spring for getting on the land.

Then there are the fences to be repaired, the fruit trees to be pruned, some of them sprayed with the dormant spray, and things fixed up generally about the farm. On bad days the tools are to be gone over; the harness to be cleaned, repaired and oiled; the old manure piles, if such exist, to be transferred to the fields and spread. Last Winter, among other things done, I find the following list of jobs all handled during December and January: Three extra heifer halters made; binder, corn planter and all seeding tools overhauled; knives for mower and binder repaired and ground; a new tongue made for the wagon; all ladders put in ship-shape; a few extra whiffle trees made, and these and old ones painted, besides many other odds and ends.

One of my neighbors last Winter converted an old, unused building into a tool shed. Now everything on the farm is under cover and he has a well-equipped shop for repairing any tool or implement that might get out of repair. This Winter he expects to make several A-shaped hog pens, built on skids, so that the brood sows may spend their late Winter and early Spring days out in the rye field or on an old timothy sod. This type of house can be moved from place to place and is just the thing for hogs. A lantern hung at the top of the building will keep the temperature fairly warm for those sows farrowing while cold weather still hangs on.

Avoiding Unnecessary Expense.

One could continue this list indefinitely, but I must mention butchering, getting in wood, looking after the seed supplies, in addition to the regular chores and necessary work of the farm, depending on its nature and requirements. I have touched upon this list of Winter work because so many farmers do not prepare for the Spring work by doing much of it in Winter. And that makes things costly. To my way of thinking, one of the most practical and sensible ways of increasing the farm income is to cut down on some of the forms of outgo. If we keep ahead of farm work we surely reduce costs. It is when we get behind in our work that things go wrong and we are obliged to spend many extra dollars catching up. Is it not so? Every farmer knows what I have said is true.

Finally, the Winter season is the time for a fuller, more active social life on the farm. We can visit more, attend the various farm meetings, give more attention to our farm accounts, read more, and better fit ourselves for the line of farming we are following. If we fail to make the most of the home life it is our own fault, no one's else. Winter has its recreation, its inspiration, its planning. If we use it as it offers its opportunities we are certain to add to the farm income in more ways than dollars alone.

What Every One Should Know

What's in Salt and Sugar.

SALT is composed of two elements —sodium and chlorine. Hence this substance is known as sodium chloride. It is customarily added to certain foods prepared for eating. In fact, salt is the only substance except water necessary to add to enable them to supply the needs of the human or animal body. When a person goes camping he must provide water, food and salt.

Sugar is composed of three entirely different elements—carbon, hydrogen and oxygen. Salt and sugar look so much alike that it is sometimes necessary to taste them to tell which is sugar and which is salt. Both are readily soluble in water. In all other particulars they are totally unlike. They are composed of different elements, and therefore serve different purposes as food. Sugar burns readily; salt will not burn. A good way to put out a small fire is to dash a handful of salt upon it. Sugar would add fuel to the flames. Salt is an earthy substance, and hence is known as an inorganic substance. Sugar comes only from the growth of plants. Because a plant is a living organism, sugar is called an organic substance. Now you know the difference between organic and inorganic substances.

Good Work Done by Farm Clubs

THE late Secretary of Agriculture Wallace recently stated that as a mean of aiding agriculture the State farm bureau associations employ paid agents in 2,100 counties of the United States. In addition home-demonstration agents are employed in 800 counties and club agents in 200 counties. He estimates that these several agencies, including the United States Department of Agriculture, come in contact each year with about 2,500,000 farm homes.

In the illustration is shown one of the fruits of these educational activities. This boy is raising his own calf. It belongs to him. He feeds it and cares for it, and keeps a record of its gains and what it eats. When it is sold the money will belong to him. This present year over 500,000 boys and girls are enrolled in club work. Last year the value of the products they raised was more than $7,000,000, and this money was their own—to keep, to spend or to invest. This club work is one of the greatest movements in agricultural life, for it has been extended beneficently to acre-plots, canning, poultry and livestock.

Scalding Hogs at Butcher Time

By RUFUS DEFEUBAUGH.

OUR custom is to do two butcherings a year. One early in the season, but after cold weather is at hand, and the second after the holidays in late January or February. This gives fresh meat and fresh sausage over a considerable period of time. Only choice hogs are used for both lots, and the hogs are finished on corn. This gives a firm, hard pork when cured.

In scalding the hogs, I use a thermometer so as to get the water at a temperature between 145 and 150 degrees. This I think gives the best scald. A teaspoonful of lye or a small shovel of wood ashes is added to about 30 gallons of water to take off the scurf. The hind end of the hog is scalded first. The hog hook is inserted in the lower jaw and the hog moved about in the barrel so that every part of the hide is scalded. When the hair comes off easily the hog is drawn out of the hogshead and the hair on the hind legs and thighs scraped off as quickly as possible.

The next step is to cut the tendons in the hind legs, insert a gambrel and, turning the hog, scald the front end. As before, when the hair slips easily the hog is taken out of the barrel and placed on the platform. The front part of the carcass is now gone over and if the hair sticks additional hot water is poured over. Old burlap or hair may be used for retaining the water a bit. The head and feet are hardest to clean and should be gone over first, before they get cool. When hung up, a few pails of hot water are thrown over the carcass to aid in finishing the scraping. The final week is rinsing with cold water and scraping the carcass with the back of a knife, using upward strokes.

Window Gardens

Rooms with a temperature averaging 70 degrees, will grow abutilon, begonia, bouvardia, caladium, canna, cape, jassamine, coleus, fuchsia, gloxina, heliotrope, roses and smilax. The plants should be washed occasionally with soapsuds and then rinsed. When the soil is dry, water it. Beware of too much water.

Neglect Taking Its Toll—By BIEDERMANN

Machinery Left to Rust in the Open, and Cattle Left Exposed to the Elements Cause an Annual Heavy Loss to Negligent Farmers.

Fewer Steers but Better Feed in Winter Found to Pay Best

CATTLE feeders in all parts of the country may derive some benefits from the results of the experimental work carried on by the Federal Department ofAgriculture in co-operation with the West Virginia station, especially those who Winter steers with the intention of finishing them on pasture the following Summer. Most of the beef in this particular section is finished on grass alone.

The steers are wintered on dry feed, such as hay, corn stover and wheat straw, and to a less extent on corn silage. During the Winter on this type of feeding the steers lose in weight. The next Summer they are pastured, largely on blue grass pasture, and later sold as stockers, feeders or finished steers. The experiments during a three-year period show that if cattle are to be marketed early in the Summer it is a bad practice to let them lose in weight during the previous Winter.

Furthermore, larger Summer gains are always made if the cattle are kept steadily on the gain, rather than allowed to stay at an even weight or to lose in flesh. It follows, therefore, that beef production is a growth proposition and not a mere feeding venture to carry along a reasonable number of cattle until a certain age has been attained.

The best results are obtained when a fairly liberal Winter ration is provided for the steers. Better a lesser number liberally fed than too many half starved. This applies regardless of how plentiful and nutritious the Summer pasture may be. It applies, also, for all sections of the country.

Wintering Colts for Growth

By CHARLES RARICK

OATS and clover are generally considered the best feed on which to feed the colts the first winter. Oats are a handy feed and are relished at all times, giving good results. This year oats are higher than for several years; on some farms there will not be enough to meet feeding requirements; but bran mixed with them will give good results. In my experience, half of oats and half of bran is the proper proportions. If timothy hay is used, I always put in the bran and like to include about a quarter of a pound of linseed meal daily, also.

Corn stover may also be used. This roughage is nearly as nutritious as timothy and it is appetizing if bright and unspoiled. It adds to variety and helps to carry the colt through the winter in good condition. During the day the colt should have ample opportunity for exercise in the open air. For this reason I feed the stover in the barn yard. When the weather is very stormy I keep the colt in the stable.

If the colts are well fed, and they certainly should be, they will enjoy the run in the open each day and keep up a continuous growth from fall to spring. This applies to mule as well as horse colts.

A colt that is kept growing continuously makes a horse with better form and greater capabilities than the one can make that is half starved while young.

Growing Pop Corn

There is a place for a square of four or five hills of pop corn in the garden. The stalks grow 5 to 7 feet in height, and have a tendency to bear several ears. The ears are 5 to 6 inches in length and weigh from three to four ounces. A pound of seed will plant an acre. The usual period of growth is from 90 to 135 days.

Victoria Swine Breed Has Merit

AMONG the minor breeds of swine the Victoria is one that possesses much merit. It is white in color, but small in size compared with any of the major breeds. The sows are prolific and good mothers. They are less subject to sunscald and for this reason are finding popularity in the South. As will be seen in the illustration, the pigs are thrifty-looking and well-proportioned.

These hogs, if properly fed, will reach a weight of 300 to 400 pounds when 10 to 12 months old. They make excellent family meat and are often preferred by local butchers because of the smaller size and less fat in the carcass. The ears are erect and the feet and legs strong and dependable. While this breed is not extensively grown, it has a host of friends who prefer it over any other breed for home requirements.

Fast transportation now brings fresh fruits and vegetables from all directions, but the cost is high, and farmers can save that expenditure and have fresh fruits and vegetables all the year 'round.

C. W. B.

Runyon Says

Cobb Greatest Sports "Actor."
He Always Gave a Great Show.
"Punch-'em" Paul Is a Thrill.
Hitchcock Makes You Happy.
He Is Greatest Show of All.

BY DAMON RUNYON.

(Copyright, 1924, by King Features Syndicate, Inc.

EVERY follower of sport has his favorite performers, as the movie fan, or the devotee of the drama has his favorite actors.

Who are YOUR favorites in sport? That is, what individuals in the different fields do you like to see?

Who gives you your greatest entertainment in sport?

What ONE performer in sport would you rather watch than any other?

Here is the writer's list—see if you agree with him on any of them:

Baseball—Babe Ruth.
Boxing—Paul Berlenbach.
Polo—Tommy Hitchcock.
Bicycling—Al Goullet.
Wrestling—Strangler Lewis.
Tennis—Vincent Richards.
Golf—Bobby Jones.
Billiards—Alfredo de Oro.
Football—Bunnell of Yale.

There are present day golfers. Each of them has his certain thrill for the writer in his manner of performing.

They give him "a good show" in their different fields, though in naming these names he has discarded memories of far more entertaining performers in some branches.

The most diverting tennis player of many years, in the writer's opinion, was McLoughlin, the redheaded Californian. He was spectacular, showy. He made more of tennis as an entertainment than any man since his time, though others may have had greater ability.

Richards is young, brilliant. He gives a fine performance. The writer would rather watch him than any other tennis player of the present day. But Richards doesn't give quite the "kick" the titian-haired McLoughlin did.

To the writer, Tyrus Raymond Cobb, at his best, was the most theatrical ball player of them all. Ruth puts a lot of drama and some comedy into his performance. But Ruth can be disappointing—uneven, as the dramatic critics would say. Cobb rarely failed the spectator.

He did everything in a showy way. He was real baseball entertainment, a great diamond actor, until time whittled away much of the speed that was essential to his best performance.

Tris Speaker, too, was a great performer. He was more of a specialist than Cobb, an artist of the outfield. The Texas Ranger put a gasp in nearly every play in which he figured.

John Honus Wagner, the Pittsburgh short-fielder, was still another stirring performer in his day.

He owed something to his physical appearance. He was a gnarled, awkward looking fellow, who had instant appeal when he walked upon the stage of baseball events. He had a faculty for making just a little bit more of his situations than the situation called for.

Wagner could take a simple theme such as a slow roller, and turn it into thundering drama. You get your money's worth watching the great "Flying Dutchman," in the field or at the bat.

But Wagner lacked Cobb's grace, his fire, his dash. Cobb, at his best, was magnificent. The writer doubts that he will see his like again.

Jim Thrope, the Indian, was in a class by himself as football entertainment.

The writer has heard cold-blooded football experts say that Thrope really wasn't as great a player as the world thinks.

This may be quite true. But no football expert will deny that Thrope gave the greatest show for the spectator of any football player of many years past.

He had tremendous ability on the gridiron. He presented that ability in a spectacular manner. He was seldom far from the center of the stage in any football performance in which he was cast.

The writer hasn't seen "Red" Grange, but from what he has been told has no doubt that Grange is the greatest individual performer in football today—that he is real entertainment.

Adam Walsh, of Notre Dame, gave this reporter a nice thrill in his performance against the Army. But the player the writer found himself looking for in the big games toward the close of the season, the player who was giving him the best show was Bunnell, the little quarterback of Yale.

This isn't saying Bunnell is the greatest player. Perhaps he isn't even one of the greatest. But somehow he puts something into his role that makes him a most satisfying performer. He has that certain something that makes him a good gridiron actor. Anyway, he is just now the writer's favorite.

Paul Berlenbach, called "Punch-'em Paul," is probably a long way from being a great fighter.

He is an ox in the ring, slow painfully deliberate. In pugilistic manner he is most uncouth. But somehow the writer gets more entertainment from Berlenbach's performance than from any other fighter in the ring.

Perhaps it's Berlenbach's fistic uncouthness that is the attraction. Louis Wolheim in "The Hairy Ape" was cast in an uncouth role, yet it was great theatrical entertainment. There are a lot of artistic fighters the writer wouldn't walk around the corner to see.

Al Goullet, the great six-day bicycle rider, didn't figure very strongly in the last race at Madison Square Garden. Perhaps Goullet is about "through."

But none of the other riders displayed the showmanship that made Goullet the greatest six-day attraction of the past ten years. He still returns much of his old-time power to thrill to satisfy the seeker of this form of entertainment.

Akron Club May Land 1925 Amateur Golf Tourney

Brookside Is Ready to Turn Event Over to Portage, Report

Wells, in This Case, Will Defend State Honors on Rubber City Course Latter Part of June; Canton Club, Which Was Awarded Meet Originally, Unable to Place New Course in Proper Shape.

Joseph M. Wells, of Newell, who last summer won the Ohio amateur golf championship at the Scioto Country club, Columbus, will defend his laurels over the course of the Portage club in Akron, in 1925, if negotiations now under way are matured successfully by Portage promoters.

Officially the state amateur tournament is still the property of the Brookside club, of Canton, to which it was awarded at the close of last summer's event at Columbus.

Unofficially it's Portage's event, with everything over but the shouting, in the minds of Akronites.

Early in the winter, it is said, it began to be talked around the state that the Canton course, comparatively new, would not be in the best of condition for the biggest golfing event in Ohio.

Even members of the club expressed the sentiment that it would be better to forego the tournament another year or so until its greens and fairways could be developed better.

No sooner was this word let out than several clubs in the state started pulling wires secretly. More than a month ago the Portage club appointed a committee composed of H. E. Andress, J. W. Herron and E. O. Handy to put in a bid for Akron.

After the event had seemed almost lost, the Portage committee swung the favor of the Cleveland, Toledo and Youngstown District Golf association as well as the Akron District, and in the past week has practically gained the assurance that the tournament will be awarded to the Akron club.

Youngstown quit the race early after it had obtained the Western Golf association tournament, throwing its support to Akron.

Among the others who have since joined those favoring Akron are Paul Lindenberg, of Columbus, president of the Ohio Golf association; and F. S. Crooks, of Columbus, secretary of the state association.

Most members of the executive committee of the association have given favorable answers to a recent request from the officers that they acquiesce to awarding the tourney to Akron. Their action will be supplemented officially at a meeting of the executive committee early next spring, but this is regarded as a matter of form.

There seems to be no doubt about the award in the minds of Portage officials. They are ready to make plans immediately for the tournament, which will be staged the last week in June.

In anticipation of such a possibility, numerous tees on the course were returfed last fall and several greens have been rebuilt. Lighter work will continue right through the spring months to put the course in perfect shape for the tournament.

The 1924 tourney at Scioto Country club drew 150 entries, and many more than that are expected to compete next year. A large number of Akronites were in the 1924 competition, E. O. Handy reaching the semi-final round before he was eliminated.

TROTTER QUINT 30-17 VICTOR OVER LAUGHLIN

By the count of 30 to 17 the Trotter quintet won from Laughlin 5 in a "Y" industrial basketball league contest last evening. The victors set the pace all the way, leading at the end of the first half by a score of 15 to 5.

In the second half the Laughlin passers played a better brand of basketball and in the final quarter outscored their opponents, but could not overcome the lead that had been rolled up against them.

Watson, McVey and Beeler were the leading point makers for the Trotter squad, while Kinney, Hancock and Sayre were the mainstays for the losing team. The lineup:

Trotter Chevrolets		Laughlin No. 5
Beeler	F	Hancock
Kinney	F	McVey
Watson	C	Sayre
Brooks	G	Carey
R. McConville	G	Manypenny

Substitutions—Bickerton for Manypenny, Manypenny for Hancock.

Field goals — Watson 7, McVey 2, Beeler 2, McConville, Hancock 2, Kinney 2, Sayre 2, Carey.

Foul goals—McVey 3, Watson 2, McConville, Kinney 2, Manypenny.

Referee, Davies; timer, Hamilton; scorer, Barnhart.

NO ADVANCE WORK FOR BATTERYMEN

CHICAGO, Dec. 27.—Battery men of the Chicago National league baseball club will not undertake preliminary work at the Catalina island training camp next spring and the entire team will leave Chicago Feb. 26, to begin workouts March 2, according to William Veeck, club president. In previous years the pitchers and catchers have begun practice a week or so before the remainder of the team.

Tentative plans for exhibition games call for about 20 games, mostly against Pacific coast league teams at Los Angeles, Long Beach and Oakland, and the Kansas City American association club, with no pre-season barnstorming tour.

HI MYERS SLATED FOR MINORS

RICKEY PLANS TRANSFER OF VETERAN STAR

HY MYERS

The curtain is about to drop on another major league baseball career.

Hi Myers, East Liverpool's contribution to the diamond "big time" is nearing the close of a highly successful record in the national pastime. He is slated for a minor league berth by Manager Branch Rickey, of the Cardinals.

Max Flack and several other veterans of the Rickey club are also to be presented with release slips, it is understood.

It has been understood here for several weeks that action by the St. Louis club looking toward the release of Myers to a minor league outfit was contemplated. It is expected that the deal will go through.

Rickey, it is understood, intends to dispose of the well used timber that he has had on hand for several seasons and replace it with new material he has on the squad.

Ralph Shinners, obtained from the Indianapolis club, is in line for a job. Charles Hafey, slugger from the Fort Smith club in the Western association is another who will be given serious consideration.

Myers joined the Cardinals in the spring of 1923 in a trade with the Brooklyn Dodgers. Jacques Fournier left the St. Louis club and hung his hat in the Brooklyn clubhouse in exchange for Myers.

Rickey wanted a hard hitting right handed outfielder to balance his attack. Myers played brilliantly during the 1923 season but his work tapered off last summer to such an extent that he occupied the bench frequently in favor of Roscoe Holm, a catcher, who was transferred to the outfield. Myers was used only at intervals by Rickey.

Myers has been in baseball a long time, from his start on the sandlots of East Liverpool.

He was really the discovery of Alex Sweeney who started him on the road to baseball fame.

He has been wintering at his home near Kensington, and in that vicinity is said to have acquired real estate holdings in addition to his farm property.

Champions All in a Year of Brilliant Golf

By Norman E. Brown.

America is sitting more firmly on the top of the golfing world than ever before in the history of the Scottish game. Europe's women alone saved Uncle Sam's children from a clean sweep of the golfing honors of Europe.

Here about what happened, as the main golfing events of the year are recalled.

Walter Hagen lead the golfers of the world and contiguous territories by winning the British open championship—emblematic of the world title—and the United States professional championship. His playing made him the outstanding figure of the year.

Cyril Walker, adopted son of Uncle Sam, won the U. S. open championship, turning back Bobby Jones, last year's champ, other American stars and the foreign contingent.

Bobby Jones, Atlanta golfer, after a vain struggle for years, won the national amateur championship with some of the most brilliantly consistent golf displayed during the entire 12 months.

Dorothy Campbell Hurd, champion of the links 15 years ago, returned to the center of the stage by defeating Glenna Collett, Edith Cummings and others of the younger set and Mary Browne, another star of yesteryear returned to form.

Harrison R. Johnston dethroned Chick Evans, eight times champion, in the western amateur event and won that championship.

Captain Bob Gardner led his team of American amateurs to victory over the invading British team in the Walker Cup matches.

Across the Pond.

In Europe these were the outstanding events, in addition to Hagen's triumph.

Joyce Wethered, who comes from a family of golfers apparently, won the British women's crown by turning back the American invaders and Cecil Leitch, long called queen of the British links.

Miss Leitch, to show that the loss of the title had not halted her, went to France and promptly won the French open title, the second biggest prize on the other side.

Cyril Tolley, British amateur star, gave Walter Hagen a taste of defeat by outplaying him by two strokes in winning the French amateur headpiece.

Leo Diegel, modest club wielder of Washington, D. C., came in for no small measure of fame by defeating Gene Sarazen and other stars in winning the Canadian open title at Mount Bruno, Quebec, early in August. This tourney was made unusually novel when Carl Anderson of Buffalo made a hole in one of the second round of play.

Bad Year for Champs.

It was a bad year for holdover champions. Only one major champion of 1923 in the major tourneys of Europe or America retained his title. That one was E. W. E. Holderness, who retained the British amateur title despite formidable opposition.

Holderness' work, however, is not given as much attention as the showing made by E. R. Whitcombe, who came within two strokes of winning the British open title. He finished just one stroke behind Hagen. He led Hagen through most of the play. Later, in what is regarded as the national professional tourney in England he gave an exhibition of golf that drew the praise of the critics and the admiration of his fellow players.

Last Night's Fights

New York—Paul Berlenbach knocked out Larry Estridge, colored middleweight champion, in less than two rounds at Madison Square Garden, Jack Delaney, Bridgeport, won decision over Pat Reed, Boston. Eddie Elkins got decision over Sid Keppen. Stracey Ferguson knocked out Mike Carrier fifth round. Tommy Jordan won decision over Barney Shaw.

At Buffalo—Frankie Schoell and Tiger Flowers fought six rounds to a draw.

At Atlanta—Mike McTigue, world's light heavyweight champion, scored technical knockout, fourth round over Johnny King, New Orleans.

PENN SCHEDULES 28 BALL GAMES

PHILADELPHIA, Dec. 27. — The University of Pennsylvania baseball schedule for next spring, made public today, contains 28 games and provides for trips to the south and to New England. After opening the season here on April 4, with Drexel Institute, the team will leave for the south. Games are scheduled with the University of Virginia at Charlottesville on April 8 and 9; Lynchburg, April 10, Washington and Lee, April 11; Richmond, April 12, and Catholic university at Washington April 15.

Silence Zill, Muzzle Press On Ring News

Commish' Rules No Publicity Until Forfeits are Posted.

YOUNGSTOWN, Dec. 27.—Placing a silencer on Promoter Al Zill and with it a muzzle on the press, the latest edict of the Youngstown boxing commission, if it holds good, would, according to its terms, send boxing fans and the newspapers out of town in order to get their fistic news.

Fight fans read in a Cleveland morning paper that Carl Tremaine and Frankie Fasano have been matched to box 12 rounds in the main bout of the card Zill has billed for January 5 at the Rayen-Wood auditorium. When this was called to the attention of the Youngstown promoter, the latter, by way of explanation, produced this letter:

Youngstown, Ohio, Dec. 19, 1924.
Mr. Al Zill,
Promoter of Boxing.

After Jan. 1, 1925, promoter shall have application filed with Youngstown boxing commission 14 days previous to date of contest. Seven days previous to date of contest check or money order covering forfeit for weight or appearance shall be in the hands of the commission; if not, show will be called off. Should forfeit come later fight cannot take place till seven days after receiving forfeit.

Commission will not o. k. any contest till after receiving forfeit of main and semi-final bouts.

Should notice or advertisement be given to newspapers before commission received forfeits, and O. K.'s the proposed boxing contest, the said boxing contest will be immediately called off.

Kindly keep this on file for your information; this is to be rigidly enforced. Respectfully,

SAMUEL BUTLER,
Secretary Youngstown Boxing Commission.

Runyon Says

Cobb Greatest Sports "Actor."
He Always Gave a Great Show.
"Punch-'em" Paul Is a Thrill.
Hitchcock Makes You Happy.
He is Greatest Show of All.

BY DAMON RUNYON.

(Copyright, 1924, by King Features Syndicate, Inc.

EVERY follower of sport has his favorite performers, as the movie fan, or the devotee of the drama has his favorite actors.

Who are YOUR favorites in sport? That is, what individuals in the different fields do you like to see?

Who gives you your greatest entertainment in sport?

What ONE performer in sport would you rather watch than any other?

Here is the writer's list—see if you agree with him on any of them:

Baseball—Babe Ruth.
Boxing—Paul Berlenbach.
Polo—Tommy Hitchcock.
Bicycling—Al Goullet.
Wrestling—Strangler Lewis.
Tennis—Vincent Richards.
Golf—Bobby Jones.
Billiards—Alfredo de Oro.
Football—Bunnell of Yale.

There are present day golfers. Each of them has his certain thrill for the writer in his manner of performing.

They give him "a good show" in their different fields, though in naming these names he has discarded memories of far more entertaining performers in some branches.

The most diverting tennis player of many years, in the writer's opinion, was McLoughlin, the redheaded Californian. He was spectacular, showy. He made more of tennis as an entertainment than any man since his time, though others may have had greater ability.

Richards is young, brilliant. He gives a fine performance. The writer would rather watch him than any other tennis player of the present day. But Richards doesn't give quite the "kick" the titian-haired McLoughlin did.

To the writer, Tyrus Raymond Cobb, at his best, was the most theatrical ball player of them all. Ruth puts a lot of drama and some comedy into his performance. But Ruth can be disappointing—uneven, as the dramatic critics would say. Cobb rarely failed the spectator.

He did everything in a showy way. He was real baseball entertainment, a great diamond actor, until time whittled away much of the speed that was essential to his best performance.

Tris Speaker, too, was a great performer. He was more of a specialist than Cobb, an artist of the outfield. The Texas Ranger put a gasp in nearly every play in which he figured.

John Honus Wagner, the Pittsburgh short-fielder, was still another stirring performer in his day.

He owed something to his physical appearance. He was a gnarled, awkward looking fellow, who had instant appeal when he walked upon the stage of baseball events. He had a faculty for making just a little bit more of his situations than the situation called for.

Wagner could take a simple theme such as a slow roller, and turn it into thundering drama. You get your money's worth watching the great "Flying Dutchman," in the field or at the bat.

But Wagner lacked Cobb's grace, his fire, his dash. Cobb, at his best, was magnificent. The writer doubts that he will see his like again.

Jim Thrope, the Indian, was in a class by himself as football entertainment.

The writer has heard cold-blooded football experts say that Thrope really wasn't as great a player as the world thinks.

This may be quite true. But no football expert will deny that Thrope gave the greatest show for the spectator of any football player of many years past.

He had tremendous ability on the gridiron. He presented that ability in a spectacular manner. He was seldom far from the center of the stage in any football performance in which he was cast.

The writer hasn't seen "Red" Grange, but from what he has been told has no doubt that Grange is the greatest individual performer in football today—that he is real entertainment.

Adam Walsh, of Notre Dame, gave this reporter a nice thrill in his performance against the Army. But the player the writer found himself looking for in the big games toward the close of the season, the player who was giving him the best show was Bunnell, the little quarterback of Yale.

This isn't saying Bunnell is the greatest player. Perhaps he isn't even one of the greatest. But somehow he puts something into his role that makes him a most satisfying performer. He has that certain something that makes him a good gridiron actor. Anyway, he is just now the writer's favorite.

Paul Berlenbach, called "Punch-'em Paul," is probably a long way from being a great fighter.

He is an ox in the ring, slow painfully deliberate. In pugilistic manner he is most uncouth. But somehow the writer gets more entertainment from Berlenbach's performance than from any other fighter in the ring.

Perhaps it's Berlenbach's fistic uncouthness that is the attraction. Louis Wolheim in "The Hairy Ape" was cast in an uncouth role, yet it was great theatrical entertainment. There are a lot of artistic fighters the writer wouldn't walk around the corner to see.

Al Goullet, the great six-day bicycle rider, didn't figure very strongly in the last race at Madison Square Garden. Perhaps Goullet is about "through."

But none of the other riders displayed the showmanship that made Goullet the greatest six-day attraction of the past ten years. He still returns much of his old-time power to thrill to satisfy the seeker of this form of entertainment.

Akron Club May Land 1925 Amateur Golf Tourney

Brookside Is Ready to Turn Event Over to Portage, Report

Wells, in This Case, Will Defend State Honors on Rubber City Course Latter Part of June; Canton Club, Which Was Awarded Meet Originally, Unable to Place New Course in Proper Shape.

Joseph M. Wells, of Newell, who last summer won the Ohio amateur golf championship at the Scioto Country club, Columbus, will defend his laurels over the course of the Portage club in Akron, in 1925, if negotiations now under way are matured successfully by Portage promoters.

Officially the state amateur tournament is still the property of the Brookside club, of Canton, to which it was awarded at the close of last summer's event at Columbus.

Unofficially it's Portage's event, with everything over but the shouting, in the minds of Akronites.

Early in the winter, it is said, it began to be talked around the state that the Canton course, comparatively new, would not be in the best of condition for the biggest golfing event in Ohio.

It has been understood here for several weeks that action by the St. Louis club looking toward the re-release of Myers to a minor league outfit was contemplated. It is expected that the deal will go through.

Rickey, it is understood, intends to dispose of the well used timber that he has had on hand for several seasons and replace it with new material he has on the squad.

Ralph Shinners, obtained from the Indianapolis club, is in line for a job. Charles Hafey, slugger from the Fort Smith club in the Western association is another who will be given serious consideration.

Myers joined the Cardinals in the spring of 1923 in a trade with the Brooklyn Dodgers. Jacques Fournier left the St. Louis club and hung his hat in the Brooklyn clubhouse in exchange for Myers.

Rickey wanted a hard hitting right handed outfielder to balance his attack. Myers played brilliantly during the 1923 season but his work tapered off last summer to such an extent that he occupied the bench frequently in favor of Roscoe Holm, a catcher, who was transferred to the outfield. Myers was used only at intervals by Rickey.

Myers has been in baseball a long time, from his start on the sandlots of East Liverpool.

He was really the discovery of Alex Sweeney who started him on the road to baseball fame.

He has been wintering at his home near Kensington, and in that vicinity is said to have acquired real estate holdings in addition to his farm property.

Runyon Says

Cobb Greatest Sports "Actor."
He Always Gave a Great Show.
"Punch-'em" Paul Is a Thrill.
Hitchcock Makes You Happy.
He is Greatest Show of All.

BY DAMON RUNYON.

(Copyright, 1924, by King Features Syndicate, Inc.

EVERY follower of sport has his favorite performers, as the movie fan, or the devotee of the drama has his favorite actors.

Who are YOUR favorites in sport? That is, what individuals in the different fields do you like to see?

Who gives you your greatest entertainment in sport?

What ONE performer in sport would you rather watch than any other?

Here is the writer's list—see if you agree with him on any of them:

Baseball—Babe Ruth.
Boxing—Paul Berlenbach.
Polo—Tommy Hitchcock.
Bicycling—Al Goullet.
Wrestling—Strangler Lewis.
Tennis—Vincent Richards.
Golf—Bobby Jones.
Billiards—Alfredo de Oro.
Football—Bunnell of Yale.

There are present day golfers. Each of them has his certain thrill for the writer in his manner of performing.

They give him "a good show" in their different fields, though in naming these names he has discarded memories of far more entertaining performers in some branches.

The most diverting tennis player of many years, in the writer's opinion, was McLoughlin, the redheaded Californian. He was spectacular, showy. He made more of tennis as an entertainment than any man since his time, though others may have had greater ability.

Richards is young, brilliant. He gives a fine performance. The writer would rather watch him than any other tennis player of the present day. But Richards doesn't give quite the "kick" the titian-haired McLoughlin did.

To the writer, Tyrus Raymond Cobb, at his best, was the most theatrical ball player of them all. Ruth puts a lot of drama and some comedy into his performance. But Ruth can be disappointing—uneven, as the dramatic critics would say. Cobb rarely failed the spectator.

He did everything in a showy way. He was real baseball entertainment, a great diamond actor, until time whittled away much of the speed that was essential to his best performance.

Tris Speaker, too, was a great performer. He was more of a specialist than Cobb, an artist of the outfield. The Texas Ranger put a gasp in nearly every play in which he figured.

John Honus Wagner, the Pittsburgh short-fielder, was still another stirring performer in his day.

He owed something to his physical appearance. He was a gnarled, awkward looking fellow, who had instant appeal when he walked upon the stage of baseball events. He had a faculty for making just a little bit more of his situations than the situation called for.

Wagner could take a simple theme such as a slow roller, and turn it into thundering drama. You get your money's worth watching the great "Flying Dutchman," in the field or at the bat.

But Wagner lacked Cobb's grace, his fire, his dash. Cobb, at his best, was magnificent. The writer doubts that he will see his like again.

Jim Thrope, the Indian, was in a class by himself as football entertainment.

The writer has heard cold-blooded football experts say that Thrope really wasn't as great a player as the world thinks.

This may be quite true. But no football expert will deny that Thrope gave the greatest show for the spectator of any football player of many years past.

He had tremendous ability on the gridiron. He presented that ability in a spectacular manner. He was seldom far from the center of the stage in any football performance in which he was cast.

The writer hasn't seen "Red" Grange, but from what he has been told has no doubt that Grange is the greatest individual performer in football today—that he is real entertainment.

Adam Walsh, of Notre Dame, gave this reporter a nice thrill in his performance against the Army. But the player the writer found himself looking for in the big games toward the close of the season, the player who was giving him the best show was Bunnell, the little quarterback of Yale.

This isn't saying Bunnell is the greatest player. Perhaps he isn't even one of the greatest. But somehow he puts something into his role that makes him a most satisfying performer. He has that certain something that makes him a good gridiron actor. Anyway, he is just now the writer's favorite.

Paul Berlenbach, called "Punch-'em Paul," is probably a long way from being a great fighter.

He is an ox in the ring, slow painfully deliberate. In pugilistic manner he is most uncouth. But somehow the writer gets more entertainment from Berlenbach's performance than from any other fighter in the ring.

Perhaps it's Berlenbach's fistic uncouthness that is the attraction. Louis Wolheim in "The Hairy Ape" was cast in an uncouth role, yet it was great theatrical entertainment. There are a lot of artistic fighters the writer wouldn't walk around the corner to see.

Al Goullet, the great six-day bicycle rider, didn't figure very strongly in the last race at Madison Square Garden. Perhaps Goullet is about "through."

But none of the other riders displayed the showmanship that made Goullet the greatest six-day attraction of the past ten years. He still returns much of his old-time power to thrill to satisfy the seeker of this form of entertainment.

Akron Club May Land 1925 Amateur Golf Tourney

Brookside Is Ready to Turn Event Over to Portage, Report

Wells, in This Case, Will Defend State Honors on Rubber City Course Latter Part of June; Canton Club, Which Was Awarded Meet Originally, Unable to Place New Course in Proper Shape.

Joseph M. Wells, of Newell, who last summer won the Ohio amateur golf championship at the Scioto Country club, Columbus, will defend his laurels over the course of the Portage club in Akron, in 1925, if negotiations now under way are matured successfully by Portage promoters.

Officially the state amateur tournament is still the property of the Brookside club, of Canton, to which it was awarded at the close of last summer's event at Columbus.

Unofficially it's Portage's event, with everything over but the shouting, in the minds of Akronites.

Early in the winter, it is said, it began to be talked around the state that the Canton course, comparatively new, would not be in the best of condition for the biggest golfing event in Ohio.

Even members of the club expressed the sentiment that it would be better to forego the tournament another year or so until its greens and fairways could be developed better.

No sooner was this word let out than several clubs in the state started pulling wires secretly. More than a month ago the Portage club appointed a committee composed of H. E. Andress, J. W. Herron and E. O. Handy to put in a bid for Akron.

After the event had seemed almost lost, the Portage committee swung the favor of the Cleveland, Toledo and Youngstown District Golf association as well as the Akron District, and in the past week has practically gained the assurance that the tournament will be awarded to the Akron club.

Youngstown quit the race early after it had obtained the Western Golf association tournament, throwing its support to Akron.

Among the others who have since joined those favoring Akron are Paul Lindenberg, of Columbus, president of the Ohio Golf association; and F. S. Crooks, of Columbus, secretary of the state association.

Most members of the executive committee of the association have given favorable answers to a recent request from the officers that they acquiesce to awarding the tourney to Akron. Their action will be supplemented officially at a meeting of the executive committee early next spring, but this is regarded as a matter of form.

There seems to be no doubt about the award in the minds of Portage officials. They are ready to make plans immediately for the tournament, which will be staged the last week in June.

In anticipation of such a possibility, numerous tees on the course were returfed last fall and several greens have been rebuilt. Lighter work will continue right through the spring months to put the course in perfect shape for the tournament.

The 1924 tourney at Scioto Country club drew 150 entries, and many more than that are expected to compete next year. A large number of Akronites were in the 1924 competition, E. O. Handy reaching the semi-final round before he was eliminated.

TROTTER QUINT 30-17 VICTOR OVER LAUGHLIN

By the count of 30 to 17 the Trotter quintet won from Laughlin 5 in a "Y" industrial basketball league contest last evening. The victors set the pace all the way, leading at the end of the first half by a score of 15 to 5.

In the second half the Laughlin passers played a better brand of basketball and in the final quarter outscored their opponents, but could not overcome the lead that had been rolled up against them.

Watson, McVey and Beeler were the leading point makers for the Trotter squad, while Kinney, Hancock and Sayre were the mainstays for the losing team. The lineup:

Trotter Chevrolets		Laughlin No. 5
Beeler	F	Hancock
Kinney	F	McVey
Watson	C	Sayre
Brooks	G	Carey
R. McConville	G	Manypenny

Substitutions—Bickerton for Manypenny, Manypenny for Hancock.

Field goals — Watson 7, McVey 2, Beeler 2, McConville, Hancock 2, Kinney 2, Sayre 2, Carey.

Foul goals—McVey 3, Watson 2, McConville, Kinney 2, Manypenny.

Referee, Davies; timer, Hamilton; scorer, Barnhart.

NO ADVANCE WORK FOR BATTERYMEN

CHICAGO, Dec. 27.—Battery men of the Chicago National league baseball club will not undertake preliminary work at the Catalina island training camp next spring and the entire team will leave Chicago Feb. 26, to begin workouts March 2, according to William Veeck, club president. In previous years the pitchers and catchers have begun practice a week or so before the remainder of the team.

Tentative plans for exhibition games call for about 20 games, mostly against Pacific coast league teams at Los Angeles, Long Beach and Oakland, and the Kansas City American association club, with no pre-season barnstorming tour.

HI MYERS SLATED FOR MINORS

Champions All in a Year of Brilliant Golf

By Norman E. Brown.

America is sitting more firmly on the top of the golfing world than ever before in the history of the Scottish game. Europe's women alone saved Uncle Sam's children from a clean sweep of the golfing honors of Europe.

Here about what happened, as the main golfing events of the year are recalled.

Walter Hagen lead the golfers of the world and contiguous territories by winning the British open championship—emblematic of the world title—and the United States professional championship. His playing made him the outstanding figure of the year.

Cyril Walker, adopted son of Uncle Sam, won the U. S. open championship, turning back Bobby Jones, last year's champ, other American stars and the foreign contingent.

Bobby Jones, Atlanta golfer, after a vain struggle for years, won the national amateur championship with some of the most brilliantly consistent golf displayed during the entire 12 months.

Dorothy Campbell Hurd, champion of the links 15 years ago, returned to the center of the stage by defeating Glenna Collett, Edith Cummings and others of the younger set and Mary Browne, another star of yesteryear returned to form.

Harrison R. Johnston dethroned Chick Evans, eight times champion, in the western amateur event and won that championship.

Captain Bob Gardner led his team of American amateurs to victory over the invading British team in the Walker Cup matches.

Across the Pond.

In Europe these were the outstanding events, in addition to Hagen's triumph.

Joyce Wethered, who comes from a family of golfers apparently, won the British women's crown by turning back the American invaders and Cecil Leitch, long called queen of the British links.

Miss Leitch, to show that the loss of the title had not halted her, went to France and promptly won the French open title, the second biggest prize on the other side.

Cyril Tolley, British amateur star, gave Walter Hagen a taste of defeat by outplaying him by two strokes in winning the French amateur headpiece.

Leo Diegel, modest club wielder of Washington, D. C., came in for no small measure of fame by defeating Gene Sarazen and other stars in winning the Canadian open title at Mount Bruno, Quebec, early in August. This tourney was made unusually novel when Carl Anderson of Buffalo made a hole in one of the second round of play.

Bad Year for Champs.

It was a bad year for holdover champions. Only one major champion of 1923 in the major tourneys of Europe or America retained his title. That one was E. W. E. Holderness, who retained the British amateur title despite formidable opposition.

Holderness' work, however, is not given as much attention as the showing made by E. R. Whitcombe, who came within two strokes of winning the British open title. He finished just one stroke behind Hagen. He led Hagen through most of the play. Later, in what is regarded as the national professional tourney in England he gave an exhibition of golf that drew the praise of the critics and the admiration of his fellow players.

Last Night's Fights

New York—Paul Berlenbach knocked out Larry Estridge, colored middleweight champion, in less than two rounds at Madison Square Garden, Jack Delaney, Bridgeport, won decision over Pat Reed, Boston. Eddie Elkins got decision over Sid Keppen. Stracey Ferguson knocked out Mike Carrier fifth round. Tommy Jordan won decision over Barney Shaw.

At Buffalo—Frankie Schoell and Tiger Flowers fought six rounds to a draw.

At Atlanta—Mike McTigue, world's light heavyweight champion, scored technical knockout, fourth round over Johnny King, New Orleans.

PENN SCHEDULES 28 BALL GAMES

PHILADELPHIA, Dec. 27. — The University of Pennsylvania baseball schedule for next spring, made public today, contains 28 games and provides for trips to the south and to New England. After opening the season here on April 4, with Drexel Institute, the team will leave for the south. Games are scheduled with the University of Virginia at Charlottesville on April 8 and 9; Lynchburg, April 10, Washington and Lee, April 11; Richmond, April 12, and Catholic university at Washington April 15.

Silence Zill, Muzzle Press On Ring News

Commish' Rules No Publicity Until Forfeits are Posted.

YOUNGSTOWN, Dec. 27.—Placing a silencer on Promoter Al Zill and with it a muzzle on the press, the latest edict of the Youngstown boxing commission, if it holds good, would, according to its terms, send boxing fans and the newspapers out of town in order to get their fistic news.

Fight fans read in a Cleveland morning paper that Carl Tremaine and Frankie Fasano have been matched to box 12 rounds in the main bout of the card Zill has billed for January 5 at the Rayen-Wood auditorium. When this was called to the attention of the Youngstown promoter, the latter, by way of explanation, produced this letter:

Youngstown, Ohio, Dec. 19, 1924.
Mr. Al Zill,
Promoter of Boxing.

After Jan. 1, 1925, promoter shall have application filed with Youngstown boxing commission 14 days previous to date of contest. Seven days previous to date of contest check or money order covering forfeit for weight or appearance shall be in the hands of the commission; if not, show will be called off. Should forfeit come later fight cannot take place till seven days after receiving forfeit.

Commission will not o. k. any contest till after receiving forfeit of main and semi-final bouts.

Should notice or advertisement be given to newspapers before commission received forfeits, and O. K.'s the proposed boxing contest, the said boxing contest will be immediately called off.

Kindly keep this on file for your information; this is to be rigidly enforced. Respectfully,

SAMUEL BUTLER,
Secretary Youngstown Boxing Commission.

During a drouth in Abyssinia in the time of Emperor Menelik, two tribes would battle until rain came.

RICKEY PLANS TRANSFER OF VETERAN STAR

The curtain is about to drop on another major league baseball career.

Hi Myers, East Liverpool's contribution to the diamond "big time" is nearing the close of a highly successful record in the national pastime. He is slated for a minor league berth by Manager Branch Rickey, of the Cardinals.

Max Flack and several other veterans of the Rickey club are also to be presented with release slips, it is understood.

It has been understood here for several weeks that action by the St. Louis club looking toward the release of Myers to a minor league outfit was contemplated. It is expected that the deal will go through.

Rickey, it is understood, intends to dispose of the well used timber that he has had on hand for several seasons and replace it with new material he has on the squad.

Ralph Shinners, obtained from the Indianapolis club, is in line for a job. Charles Hafey, slugger from the Fort Smith club in the Western association is another who will be given serious consideration.

Myers joined the Cardinals in the spring of 1923 in a trade with the Brooklyn Dodgers. Jacques Fournier left the St. Louis club and hung his hat in the Brooklyn clubhouse in exchange for Myers.

Rickey wanted a hard hitting right handed outfielder to balance his attack. Myers played brilliantly during the 1923 season but his work tapered off last summer to such an extent that he occupied the bench frequently in favor of Roscoe Holm, a catcher, who was transferred to the outfield. Myers was used only at intervals by Rickey.

Myers has been in baseball a long time, from his start on the sandlots of East Liverpool.

He was really the discovery of Alex Sweeney who started him on the road to baseball fame.

He has been wintering at his home near Kensington, and in that vicinity is said to have acquired real estate holdings in addition to his farm property.

ESTRIDGE EASY FOR K. O. KING

Berlenbach Stops Colored Battler in Second Round.

By Sid Mercer.

NEW YORK, Dec. 27.—The wisdom of the boxing commission's edict last summer forbidding Paul Berlenbach's opponents from spotting him more than four pounds was vindicated last night when Berlenbach, now a full-fledged light heavyweight, made short work of Larry Estridge, the so-called colored middleweight champion.

Estridge, weighing only 155½ pounds against Berlenbach's 168¾, was no match for paralyzing Paul, who beat him down by sheer strength in less than two rounds. Estridge never started to fight. He was too busy running away, and only once did he attempt to stand up and swap lefts with Berlenbach. That was in the second round.

Boxed in his own corner, Estridge endeavored to weather the storm of blows by crouching and covering. But he could not protect himself against the terrific body digs and at last he straightened up and began to fight back.

Estridge's right shot out and caught Berlenbach on the chin. The punch halted Paul for an instant but Berlenbach immediately returned to the attack and quickly pinned the negro against the ropes. He rained blows on face and right side and in a few moments Estridge sank to the canvas.

The fight should have ended there, as Estridge, though he managed to regain his feet at the count of nine, was hopelessly beaten. With eyes half closed he staggered into the corner and grasped the ropes.

All the fight was out of him as Berlenbach came tearing out of a neutral corner for the K. O. Referee Jack O'Sullivan wasn't quick enough. Before he could intervene, Berlenbach rushed in and delivered a left uppercut to the chin.

The whites of Estridge's eyes gleamed in sick contrast to his dark skin. He was slithering off the ropes to another fall when the referee caught him. Estridge was not put to sleep, but he was thoroughly knocked out. The official end came after two minutes and forty five seconds in the second round.

CHAPMAN TO LEAD HOBART ELEVEN

GENEVA, N. Y., Dec. 27.—Henry C. ("Hal") Chapman, Butte, Mont., varsity quarterback for two years, will captain the 1925 Hobart football team. It was announced recently.

Hobart College athletic authorities are officially confirmed a report from Dartmouth College that the Hobart football team would meet Dartmouth at Hanover, N. H., next Fall.

The Dartmouth game will follow Syracuse on the Orange-and-Purple schedule for 1925, Welch's team meeting the big New Hampshire aggregation on October 3.

A change in the Hobart football schedule for 1925 is seen in the announcement of the Dartmouth game. This year Hobart took Syracuse, Colgate and Lafayette. Next year the season will open, as usual, against Syracuse, and the Dartmouth game will follow these two games for Hobart. The remainder of the schedule will be with teams considered in the same class as Hobart and will end with the usual Thanksgiving Day game with Rochester.

VILLA TO DEFEND FLYWEIGHT TITLE

NEW YORK, Dec. 27.—Pancho Villa, flyweight champion, will defend his crown in a 20-round match at Madison Square Garden the last week in January against Young Sencio, recognized flyweight title holder of the Orient. The match was arranged after the failure of negotiations for a contest between Villa and Johnny Breslin, New York flyweight. Manila promoters refused to grant Breslin's financial demands.

CAGE SCORES

At Columbus—Rochester Clothiers 21, Plain City Cubs, 16.

At Greenfield — McClain High 22, East High, Columbus, 12.

At New Straitsville—Indianaola A. R., Columbus, 33; New Straitsville 30.

Not Interested in Boston.

NEW YORK, Dec. 27. — Manager John J. McGraw today denied a report that he was contemplating purchasing stock in the Boston Braves and that he would succeed Dave Bancroft as manager.

"When I am ready to quit baseball in New York, I am ready to quit baseball for good," McGraw said today.

Kramer-Kaplan to Battle.

NEW YORK, Dec. 27.—Danny Kramer, Philadelphia's crack southpaw, arrived here today to complete training for his 15-round battle with Louis (Kid' Kaplan, next Friday night at Madison Square Garden.

Mme. Edith De Lys dramatic soprano with the San Carlo Grand Opera Company at the Ceramic Thursday evening, Jan. 15th.

OHIO ELEVENS STEPPING OUT

Intersectional Card Biggest Ever Attempted.

COLUMBUS, Dec. 27.—Ohio football teams next fall launch upon the most extensive intersectional gridiron schedule ever arranged for Buckeye elevens. Contests have been arranged with eastern and southern representatives, which promise to be full of color and to help cement Ohio valley friendships with football tradition and lore of those geographical sections.

With numerous schedules still incompleted, to date 15 of these classic contests have been carded, by far the greatest number of such games participated in by Ohio colleges.

Aside from the intersectional frays, a larger number of contests will be played by Ohio schools against Western Conference foes than usual, Indiana alone having scheduled two Ohio Conference teams, Wittenberg and Miami.

Additional games have been secured by Ohio elevens with such strong machines as the University of Detroit, Michigan Aggies and Lombard, Ill. and Hanover, Ind., that will lend more than usual interest to the meetings due to the interstate aspect of the games, although these elevens are representatives of the same part of the nation as Ohio.

Battle scene of the intersectional contests are fairly evenly divided with the south faring worse than the east and middle west.

Most important among the clashes will be the Ohio State-Columbia game, which will be played in the Ohio stadium, Oct. 17, Washington and Jefferson, Penn State and Syracuse, eastern teams, around which gridiron supremacy and tradition is wound, also have selected Ohio opponents. The same is true of Bucknell which this last season more than once upset "wisacre" predictions of probable results of games and more than did its share to help mark the 1924 season as one with the greatest number of upsets in years.

Ohio colleges' intersectional dates follow:

Sept. 26.—Transylvania vs. Cincinnati at Cincinnati.

Oct. 3.—Marietta vs. Washington and Jefferson at Washington, Pa.; Georgetown vs. Miami, at Oxford; Toledo vs. Buffalo, at Buffalo; Transylvania vs. St. Xavier, at Cincinnati.

Oct. 10.—Kentucky Wesleyan vs St. Xavier, at Cincinnati; Georgetown vs. Cincinnati, at Cincinnati.

Oct. 17.—Columbia vs. Ohio State at Columbus; Mareitta vs. Penn State at State College, Pa.

Oct. 24.—Fordham vs. Akron, at Akron.

Oct. 31.—Oberlin vs. Rochester, at Rochester, N. Y.

Nov. 7—Ohio Wesleyan vs. Syracuse at Syracuse, N. Y.

Nov. 21.—Toledo vs. Louisville, at Louisville, Ky.

Nov. 26.—(Thanksgiving) Haskell Indians vs. St. Xavier, at Cincinnati.

Nov. 28.—Bucknell vs. Dayton, at Dayton.

FEMININE GOLF STARS TO MEET

NEW YORK, Dec. 27.—The ranks of eastern women golfers promise to be well represented in the annual gold vase invitation tournament at Pebble Beach, Cal., Feb. 21 and 23.

Prominent among the invaders are expected to be Miss Marion Hollins, metropolitan titleholder and former national champion, and Miss Glenna Collett, national champion in 1922. Mrs. G. M. Heckscher of New York and Miss Louise Fordyce of Youngstown also are likely entrants.

Checker Stars in Action.

COLUMBUS, Dec. 27.—Elimination games are being played here this morning in connection with the Ohio checker association tournament. The final games will be played this afternoon and tonight. Survivors of elimination contests late yesterday are: Michael Lieber, Toledo, state champion; G. H. Garwood, Columbus, former state champion; Alexander Cameron, Cleveland city champion and J. L. Schiedt, Columbus.

ESTRIDGE EASY FOR K. O. KING

Berlenbach Stops Colored Battler in Second Round.

By Sid Mercer.

NEW YORK, Dec. 27.—The wisdom of the boxing commission's edict last summer forbidding Paul Berlenbach's opponents from spotting him more than four pounds was vindicated last night when Berlenbach, now a full-fledged light heavyweight, made short work of Larry Estridge, the so-called colored middleweight champion.

Estridge, weighing only 155¾ pounds against Berlenbach's 168¾, was no match for paralyzing Paul, who beat him down by sheer strength in less than two rounds. Estridge never started to fight. He was too busy running away, and only once did he attempt to stand up and swap lefts with Berlenbach. That was in the second round.

Boxed in his own corner, Estridge endeavored to weather the storm of blows by crouching and covering. But he could not protect himself against the terrific body digs and at last he straightened up and began to fight back.

Estridge's right shot out and caught Berlenbach on the chin. The punch halted Paul for an instant but Berlenbach immediately returned to the attack and quickly pinned the negro against the ropes. He rained blows on face and right side and in a few moments Estridge sank to the canvas.

The fight should have ended there, as Estridge, though he managed to regain his feet at the count of nine, was hopelessly beaten. With eyes half closed he staggered into the corner and grasped the ropes.

All the fight was out of him as Berlenbach came tearing out of a neutral corner for the K. O. Referee Jack O'Sullivan wasn't quick enough. Before he could intervene, Berlenbach rushed in and delivered a left uppercut to the chin.

The whites of Estridge's eyes gleamed in sick contrast to his dark skin. He was slithering off the ropes to another fall when the referee caught him. Estridge was not put to sleep, but he was thoroughly knocked out. The official end came after two minutes and forty five seconds in the second round.

CHAPMAN TO LEAD HOBART ELEVEN

GENEVA, N. Y., Dec. 27.—Henry C. ("Hal") Chapman, Butte, Mont., varsity quarterback for two years, will captain the 1925 Hobart football team. It was announced recently.

Hobart College athletic authorities are officially confirmed a report from Dartmouth College that the Hobart football team would meet Dartmouth at Hanover, N. H., next Fall.

The Dartmouth game will follow Syracuse on the Orange-and Purple schedule for 1925, Welch's team meeting the big New Hampshire aggregation on October 3.

A change in the Hobart football schedule for 1925 is seen in the announcement of the Dartmouth game. This year Hobart took a Syracuse, Colgate and Lafayette. Next year the season will open, as usual, against Syracuse, and the Dartmouth game will follow these two games for Hobart. The remainder of the schedule will be with teams considered in the same class as Hobart and will end with the usual Thanksgiving Day game with Rochester.

VILLA TO DEFEND FLYWEIGHT TITLE

NEW YORK, Dec. 27.—Pancho Villa, flyweight champion, will defend his crown in a 20-round match at Madison the last week in January against Young Sencio, recognized flyweight title holder of the Orient. The match was arranged after the failure of negotiations for a contest between Villa and Johnny Breslin, New York flyweight. Manila promoters refused to grant Breslin's financial demands.

Not Interested in Boston.

NEW YORK, Dec. 27. — Manager John J. McGraw today denied a report that he was contemplating purchasing stock in the Boston Braves and that he would succeed Dave Bancroft as manager.

"When I am ready to quit baseball in New York, I am ready to quit baseball for good," McGraw said today.

Kramer-Kaplan to Battle.

NEW YORK, Dec. 27.—Danny Kramer, Philadelphia's crack southpaw, arrived here today to complete training for his 15-round battle with Louis (Kid' Kaplan, next Friday night at Madison Square Garden.

Mme. Edith De Lys dramatic soprano with the San Carlo Grand Opera Company at the Ceramic Thursday evening, Jan. 15th.

OHIO ELEVENS STEPPING OUT

Intersectional Card Biggest Ever Attempted.

COLUMBUS, Dec. 27.—Ohio football teams next fall launch upon the most extensive intersectional gridiron schedule ever arranged for Buckeye elevens. Contests have been arranged with eastern and southern representatives, which promise to be full of color and to help cement Ohio valley friendships with football tradition and lore of those geographical sections.

With numerous schedules still incompleted, to date 15 of these classic contests have been carded, by far the greatest number of such games participated in by Ohio colleges.

Aside from the intersectional frays, a larger number of contests will be played by Ohio schools against Western Conference foes than usual, Indiana alone having scheduled two Ohio Conference teams, Wittenberg and Miami.

Additional games have been secured by Ohio elevens with such strong machines as the University of Detroit, Michigan Aggies and Lombard, Ill. and Hanover, Ind., that will lend more than usual interest to the meetings due to the interstate aspect of the games, although these elevens are representatives of the same part of the nation as Ohio.

Battle scene of the intersectional contests are fairly evenly divided with the south faring worse than the east and middle west.

Most important among the clashes will be the Ohio State-Columbia game, which will be played in the Ohio stadium, Oct. 17, Washington and Jefferson, Penn State and Syracuse, eastern teams, around which gridiron supremacy and tradition is wound, also have selected Ohio opponents. The same is true of Bucknell which this last season more than once upset "wisacre" predictions of probable results of games and more than did its share to help mark the 1924 season as one with the greatest number of upsets in years.

Ohio colleges' intersectional dates follow:

Sept. 26.—Transylvania vs. Cincinnati at Cincinnati.

Oct. 3.—Marietta vs. Washington and Jefferson at Washington, Pa. Georgetown vs. Miami, at Oxford; Toledo vs. Buffalo, at Buffalo; Transylvania vs. St. Xavier, at Cincinnati.

Oct. 10.—Kentucky Wesleyan vs St. Xavier, at Cincinnati; Georgetown vs. Cincinnati, at Cincinnati.

Oct. 17.—Columbia vs. Ohio State at Columbus; Mareitta vs. Penn State at State College, Pa.

Oct. 24.—Fordham vs. Akron, at Akron.

Oct. 31.—Oberlin vs. Rochester, at Rochester, N. Y.

Nov. 7—Ohio Wesleyan vs. Syracuse at Syracuse, N. Y.

Nov. 21.—Toledo vs. Louisville, at Louisville, Ky.

Nov. 26.—(Thanksgiving) Haskell Indians vs. St. Xavier, at Cincinnati.

Nov. 28.—Bucknell vs. Dayton, at Dayton.

FEMININE GOLF STARS TO MEET

NEW YORK, Dec. 27.—The ranks of eastern women golfers promise to be well represented in the annual gold vase invitation tournament at Pebble Beach, Cal., Feb. 21 and 23.

Prominent among the invaders are expected to be Miss Marion Hollins, metropolitan titleholder and former national champion, and Miss Glenna Collett, national champion in 1922. Mrs. G. M. Heckscher of New York and Miss Louise Fordyce of Youngstown also are likely entrants.

Checker Stars in Action.

COLUMBUS, Dec. 27.—Elimination games are being played here this morning in connection with the Ohio checker association tournament. The final games will be played this afternoon and tonight. Survivors of elimination contests late yesterday are: Michael Lieber, Toledo, state champion; G. H. Garwood, Columbus, former state champion; Alexander Cameron, Cleveland city champion and J. L. Schiedt, Columbus.

ESTRIDGE EASY FOR K. O. KING

Berlenbach Stops Colored Battler in Second Round.

By Sid Mercer.

NEW YORK, Dec. 27.—The wisdom of the boxing commission's edict last summer forbidding Paul Berlenbach's opponents from spotting him more than four pounds was vindicated last night when Berlenbach, now a full-fledged light heavyweight, made short work of Larry Estridge, the so-called colored middleweight champion.

Estridge, weighing only 155½ pounds against Berlenbach's 168½, was no match for paralyzing Paul, who beat him down by sheer strength in less than two rounds. Estridge never started to fight. He was too busy running away, and only once did he attempt to stand up and swap lefts with Berlenbach. That was in the second round.

Boxed in his own corner, Estridge endeavored to weather the storm of blows by crouching and covering. But he could not protect himself against the terrific body digs and at last he straightened up and began to fight back.

Estridge's right shot out and caught Berlenbach on the chin. The punch halted Paul for an instant but Berlenbach immediately returned to the attack and quickly pinned the negro against the ropes. He rained blows on face and right side and in a few moments Estridge sank to the canvas.

The fight should have ended there, as Estridge, though he managed to regain his feet at the count of nine, was hopelessly beaten. With eyes half closed he staggered into the corner and grasped the ropes.

All the fight was out of him as Berlenbach came tearing out of a neutral corner for the K. O. Referee Jack O'Sullivan wasn't quick enough. Before he could intervene, Berlenbach rushed in and delivered a left uppercut to the chin.

The whites of Estridge's eyes gleamed in sick contrast to his dark skin. He was slithering off the ropes to another fall when the referee caught him. Estridge was not put to sleep, but he was thoroughly knocked out. The official end came after two minutes and forty five seconds in the second round.

CHAPMAN TO LEAD HOBART ELEVEN

GENEVA, N. Y., Dec. 27.—Henry C. ("Hal") Chapman, Butte, Mont., varsity quarterback for two years, will captain the 1925 Hobart football team. It was announced recently.

Hobart College athletic authorities are officially confirmed a report from Dartmouth College that the Hobart football team would meet Dartmouth at Hanover, N. H., next Fall.

The Dartmouth game will follow Syracuse on the Orange-and Purple schedule for 1925, Welch's team meeting the big New Hampshire aggregation on October 3.

A change in the Hobart football schedule for 1925 is seen in the announcement of the Dartmouth game. This year Hobart took Syracuse, Colgate and Lafayette. Next year the season will open, as usual, against Syracuse, and the Dartmouth game will follow these two games for Hobart. The remainder of the schedule will be with teams considered in the same class as Hobart and will end with the usual Thanksgiving Day game with Rochester.

VILLA TO DEFEND FLYWEIGHT TITLE

NEW YORK, Dec. 27.—Pancho Villa, flyweight champion, will defend his crown in a 20-round match at Madison Square Garden the last week in January against Young Sencio, recognized flyweight title holder of the Orient. The match was arranged after the failure of negotiations for a contest between Villa and Johnny Breslin, New York flyweight. Manila promoters refused to grant Breslin's financial demands.

CAGE SCORES

At Columbus—Rochester Clothiers 21, Plain City Cubs, 16.

At Greenfield — McClain High 22, East High, Columbus, 12.

Not Interested in Boston.

NEW YORK, Dec. 27. — Manager John J. McGraw today denied a report that he was contemplating purchasing stock in the Boston Braves and that he would succeed Dave Bancroft as manager.

"When I am ready to quit baseball in New York, I am ready to quit baseball for good," McGraw said today.

Kramer-Kaplan to Battle.

NEW YORK, Dec. 27.—Danny Kramer, Philadelphia's crack southpaw, arrived here today to complete training for his 15-round battle with Louis (Kid' Kaplan, next Friday night at Madison Square Garden.

Mme. Edith De Lys dramatic soprano with the San Carlo Grand Opera Company at the Ceramic Thursday evening, Jan. 15th.

OHIO ELEVENS STEPPING OUT

Intersectional Card Biggest Ever Attempted.

COLUMBUS, Dec. 27.—Ohio football teams next fall launch upon the most extensive intersectional gridiron schedule ever arranged for Buckeye elevens. Contests have been arranged with eastern and southern representatives, which promise to be full of color and to help cement Ohio valley friendships with football tradition and lore of those geographical sections.

With numerous schedules still incompleted, to date 15 of these classic contests have been carded, by far the greatest number of such games participated in by Ohio colleges.

Aside from the intersectional frays, a larger number of contests will be played by Ohio schools against Western Conference foes than usual, Indiana alone having scheduled two Ohio Conference teams, Wittenberg and Miami.

Additional games have been secured by Ohio elevens with such strong machines as the University of Detroit, Michigan Aggies and Lombard, Ill. and Hanover, Ind., that will lend more than usual interest to the meetings due to the interstate aspect of the games, although these elevens are representatives of the same part of the nation as Ohio.

Battle scene of the intersectional contests are fairly evenly divided with the south faring worse than the east and middle west.

Most important among the clashes will be the Ohio State-Columbia game, which will be played in the Ohio stadium, Oct. 17, Washington and Jefferson, Penn State and Syracuse, eastern teams, around which gridiron supremacy and tradition is wound, also have selected Ohio opponents. The same is true of Bucknell which this last season more than once upset "wisacre" predictions of probable results of games and more than did its share to help mark the 1924 season as one with the greatest number of upsets in years.

Ohio colleges' intersectional date follow:

Sept. 26.—Transylvania vs. Cincinnati at Cincinnati.

Oct. 3.—Marietta vs. Washington and Jefferson at Washington, Pa.; Georgetown vs. Miami, at Oxford; Toledo vs. Buffalo, at Buffalo; Transylvania vs. St. Xavier, at Cincinnati.

Oct. 10.—Kentucky Wesleyan vs St. Xavier, at Cincinnati; Georgetown vs. Cincinnati, at Cincinnati.

Oct. 17.—Columbia vs. Ohio State at Columbus; Mareitta vs. Penn State at State College, Pa.

Oct. 24.—Fordham vs. Akron, at Akron.

Oct. 31.—Oberlin vs. Rochester, at Rochester, N. Y.

Nov. 7—Ohio Wesleyan vs. Syracuse at Syracuse, N. Y.

Nov. 21.—Toledo vs. Louisville, at Louisville, Ky.

Nov. 26.—(Thanksgiving) Haskell Indians vs. St. Xavier, at Cincinnati.

Nov. 28.—Bucknell vs. Dayton, at Dayton.

FEMININE GOLF STARS TO MEET

NEW YORK, Dec. 27.—The ranks of eastern women golfers promise to be well represented in the annual gold vase invitation tournament at Pebble Beach, Cal., Feb. 21 and 23.

Prominent among the invaders are expected to be Miss Marion Hollins, metropolitan titleholder and former national champion, and Miss Glenna Collett, national champion in 1922. Mrs. G. M. Heckscher of New York and Miss Louise Fordyce of Youngstown also are likely entrants.

Checker Stars in Action.

COLUMBUS, Dec. 27.—Elimination games are being played here this morning in connection with the Ohio checker association tournament. The final games will be played this afternoon and tonight. Survivors of elimination contests late yesterday are: Michael Lieber, Toledo, state champion; G. H. Garwood, Columbus, former state champion; Alexander Cameron, Cleveland city champion and J. L. Schiedt, Columbus.

CHURCHES TO HOLD WATCH NIGHT MEET

Union watch night services will be held next Wednesday evening at the Second Presbyterian church. Pastors of the various churches of this section of the city will take part in the program which will begin several hours before midnight. The meeting is expected to be largely attended by members of the respective congregations.

MUSICAL PROGRAM IN U. P. CHURCH

Annual Christmas musical program will be given tomorrow evening at the Second United Presbyterian church. Fine program has been arranged under the direction of Mrs. John L. Robins.

Special music will be featured at the evening services at the Pennsylvania Avenue Methodist Episcopal church.

Sunday school pupils of the Boyce Methodist Episcopal church will be given the annual Christmas treat tomorrow morning at the close of the Sunday school.

Official Board Meeting.

Members of the official board of the Boyce Methodist Episcopal church will meet next Tuesday evening. Number of important matters concerning the work for the coming year will be discussed.

Motorists Warned.

Definite announcement was made yesterday at Harrisburg that the time period for securing auto licenses in Pennsylvania would not be extended after January 1. Motorists who violate this law face a fine of $10 and upwards at the discretion of the sitting magistrate.

More than 600,000 owners of pleasure cars had obtained tags up to the close of business Wednesday.

Seek Road Improvements.

Beaver county commissioners received two more requests this week for a portion of the money to be derived from the sale of bonds authorized at the November election for improvement of bridges and highways in the county. Number of others will likely be received after the first of the year from other townships.

"City That Never Sleeps," Paramount Feature, is Coming

It is safe to assume that there isn't a man, woman or child in these United States who would be unable to give the correct answer to the question: Which is "the city that never sleeps?" And because everyone does know the answer, James Cruze's latest Paramount picture that bears this alluring title, is awaited with more than ordinary interest by local film fans.

The "City That Never Sleeps" will be shown at the Ceramic Theater three days, starting Monday.

New York—wonder city of the world—in the good "old days" before the war and before prohibition, with its notorious Bowery, East Side gangsters, cheap saloons and free lunch; and New York in 1924, with its jazz-mad Broadway, its gay White Way, its glittering night life and its fast set—against these two contrasting backgrounds "The City That Never Sleeps" unfolds its poignant story of mother-love and sacrifice.

The picture is an adaptation by Walter Woods and Anthony Coldewey of Leroy Scott's famous story, "Mother O'Day." The action centers about two women, mother and daughter. The mother keeps a cafe and dance hall in the Bowery section of New York. To make sure that her little baby girl will get the proper care and attention, she arranges to have the child adopted by an impoverished but socially prominent society woman to educate and bring up as her very own.

The girl grows up in an age when to have is to spend and the female of the species tries to outdo the male in merry-making. How the mother saves her daughter from her companions and herself provides real gripping drama. From start to finish, the screen play is chuck full of all those elements that go to make rich entertainment.

Director Cruze has provided a cast that is more than acceptable. Louise Dresser, Virginia Lee Corbin, Kathlyn Williams and Ricardo Cortez, who are featured, need no introduction, and the supporting players are equally well known. The fact that the picture was made by the producer of "The Covered Wagon" is a guarantee of its worth from a directorial standpoint.

YOUR HEALTH

Perspiration a Great Aid in Uremic Poisoning Cases

By ROYAL S. COPELAND, M. D.,
United States Senator from New York,
Former Commissioner of Health, New York City.

DR. COPELAND

EVERY once in a while we hear about somebody who died of uremic poisoning. It really is a dreadful ailment, but it need not be fatal.

This condition, called "uremia" by the doctors, is most likely to be associated with inflammation of the kidneys. In some instances it comes with suppression of the urine.

In short, failure of the kidneys to throw off certain poisons which they should banish, will be followed by the distressing symptoms of uremia.

Science has not yet determined what these poisons are. However, there appear to accumulate in the blood some substances which ordinarily would be disposed of by the kidneys. While there are other theories, this one satisfactorily accounts for the symptoms.

The attacks of uremia are not all alike. The disturbance takes several different forms. For instance, it may involve the digestive organs.

The first sign may be violent and uncontrollable vomiting. Without warning this painful symptom appears. In other cases there may be nausea and profuse diarrhea.

Sometimes the tongue and the lining membrane of the mouth and lips may become very red and swollen. Swallowing is difficult and chewing may be almost impossible.

There is a second form of uremia in which the breathing is disturbed. It is extremely difficult at times to catch the breath. The victim may awaken with a sense of suffocation. It may act like asthma, coming on in spells or the difficulty in breathing may be continuous.

There is a third form that is more distressing than the others. In this the brain bears the brunt of the attack. Almost without warning the victim becomes delirious. He talks and sings, is restless and sleepless and may carry on like a maniac. He may suffer from melancholy and even functional insanity.

Convulsions are likely to occur. There may be a succession of fits. Between attacks the patient says he can't see, having what is called "uremic blindness."

Following protracted headaches, there may be a lapse into unconsciousness. But even then there is hope of recovery.

Since the kidneys are not working as they should, the skin must be set at the job of eliminating the poisons. Free sweating is demanded. In the country they give the patient a "corn pack," wrapping steaming ears of corn in pieces of cloth and packing them around the sick person. Great care must be taken not to burn him.

Hot baths and hot rectal injections of salt and water are useful.

Of course the doctor should be called. He will direct the treatment. Prompt action is needed, so the doctor should be asked to hurry.

Answers to Health Questions

R. B. Q.—About two weeks ago I fell on my face, causing red marks on the face. How can I make these marks less noticeable?

A.—These marks will probably disappear in time. Hot-water compresses applied to the face for fifteen minutes every few hours will help to make them less noticeable.

• • •

AN INTERESTED READER. Q.—What causes dark circles under the eyes? How can this condition be remedied?

A.—Dark circles under the eyes are usually due to eyestrain, loss of sleep, nervousness, indigestion or constipation. Find the cause and correct it, then the symptoms will disappear.

• • •

Dr. Copeland will answer for readers of this paper questions on medicinal, hygienic and sanitation subjects that are of general interest. Where the subject of a letter is such that it cannot be published in this column, Dr. Copeland will, when the question is a proper one, write you personally if a self-addressed, stamped envelope is enclosed. Address ALL INQUIRIES to Dr. Royal S. Copeland, in care of this office.

And because everyone does know the answer, James Cruze's latest Paramount picture that bears this alluring title, is awaited with more than ordinary interest by local film fans.

The "City That Never Sleeps" will be shown at the Ceramic Theater three days, starting Monday.

New York—wonder city of the world—in the good "old days" before the war and before prohibition, with its notorious Bowery, East Side gangsters, cheap saloons and free lunch; and New York in 1924, with its jazz-mad Broadway, its gay White Way, its glittering night life and its fast set—against these two contrasting backgrounds "The City That Never Sleeps" unfolds its poignant story of mother-love and sacrifice.

The picture is an adaptation by Walter Woods and Anthony Coldewey of Leroy Scott's famous story, "Mother O'Day." The action centers about two women, mother and daughter. The mother keeps a cafe and dance hall in the Bowery section of New York. To make sure that her little baby girl will get the proper care and attention, she arranges to have the child adopted by an impoverished but socially prominent society woman to educate and bring up as her very own.

The girl grows up in an age when to have is to spend and the female of the species tries to outdo the male in merry-making. How the mother saves her daughter from her companions and herself provides real gripping drama. From start to finish, the screen play is chuck full of all those elements that go to make rich entertainment.

Director Cruze has provided a cast that is more than acceptable. Louise Dresser, Virginia Lee Corbin, Kathlyn Williams and Ricardo Cortez, who are featured, need no introduction, and the supporting players are equally well known. The fact that the picture was made by the producer of "The Covered Wagon" is a guarantee of its worth from a directorial standpoint.

COMING "PETER PAN"

YOUR HEALTH

Perspiration a Great Aid in Uremic Poisoning Cases

By ROYAL S. COPELAND, M. D.,
United States Senator from New York,
Former Commissioner of Health, New York City.

DR. COPELAND

EVERY once in a while we hear about somebody who died of uremic poisoning. It really is a dreadful ailment, but it need not be fatal.

This condition, called "uremia" by the doctors, is most likely to be associated with inflammation of the kidneys. In some instances it comes with suppression of the urine.

In short, failure of the kidneys to throw off certain poisons which they should banish, will be followed by the distressing symptoms of uremia.

Science has not yet determined what these poisons are. However, there appear to accumulate in the blood some substances which ordinarily would be disposed of by the kidneys. While there are other theories, this one satisfactorily accounts for the symptoms.

The attacks of uremia are not all alike. The disturbance takes several different forms. For instance, it may involve the digestive organs.

The first sign may be violent and uncontrollable vomiting. Without warning this painful symptom appears. In other cases there may be nausea and profuse diarrhea.

Sometimes the tongue and the lining membrane of the mouth and lips may become very red and swollen. Swallowing is difficult and chewing may be almost impossible.

There is a second form of uremia in which the breathing is disturbed. It is extremely difficult at times to catch the breath. The victim may awaken with a sense of suffocation. It may act like asthma, coming on in spells or the difficulty in breathing may be continuous.

There is a third form that is more distressing than the others. In this the brain bears the brunt of the attack. Almost without warning the victim becomes delirious. He talks and sings, is restless and sleepless and may carry on like a maniac. He may suffer from melancholy and even functional insanity.

Convulsions are likely to occur. There may be a succession of fits. Between attacks the patient says he can't see, having what is called "uremic blindness."

Following protracted headaches, there may be a lapse into unconsciousness. But even then there is hope of recovery.

Since the kidneys are not working as they should, the skin must be set at the job of eliminating the poisons. Free sweating is demanded. In the country they give the patient a "corn pack," wrapping steaming ears of corn in pieces of cloth and packing them around the sick person. Great care must be taken not to burn him.

Hot baths and hot rectal injections of salt and water are useful.

Of course the doctor should be called. He will direct the treatment. Prompt action is needed, so the doctor should be asked to hurry.

Answers to Health Questions

R. B. Q.—About two weeks ago I fell on my face, causing red marks on the face. How can I make these marks less noticeable?

A.—These marks will probably disappear in time. Hot-water compresses applied to the face for fifteen minutes every few hours will help to make them less noticeable.

• • •

AN INTERESTED READER. Q.—What causes dark circles under the eyes? How can this condition be remedied?

A.—Dark circles under the eyes are usually due to eyestrain, loss of sleep, nervousness, indigestion or constipation. Find the cause and correct it, then the symptoms will disappear.

EAST END

CHURCHES TO HOLD WATCH NIGHT MEET

Union watch night services will be held next Wednesday evening at the Second Presbyterian church. Pastors of the various churches of this section of the city will take part in the program which will begin several hours before midnight. The meeting is expected to be largely attended by members of the respective congregations.

MUSICAL PROGRAM IN U. P. CHURCH

Annual Christmas musical program will be given tomorrow evening at the Second United Presbyterian church. Fine program has been arranged under the direction of Mrs. John L. Robins.

Special music will be featured at the evening services at the Pennsylvania Avenue Methodist Episcopal church.

Sunday school pupils of the Boyce Methodist Episcopal church will be given the annual Christmas treat tomorrow morning at the close of the Sunday school.

Official Board Meeting.

Members of the official board of the Boyce Methodist Episcopal church will meet next Tuesday evening. Number of important matters concerning the work for the coming year will be discussed.

Motorists Warned.

Definite announcement was made yesterday at Harrisburg that the time period for securing auto licenses in Pennsylvania would not be extended after January 1. Motorists who violate this law face a fine of $10 and upwards at the discretion of the sitting magistrate.

More than 600,000 owners of pleasure cars had obtained tags up to the close of business Wednesday.

Seek Road Improvements.

Beaver county commissioners received two more requests this week for a portion of the money to be derived from the sale of bonds authorized at the November election for improvement of bridges and highways in the county. Number of others will likely be received after the first of the year from other townships.

"City That Never Sleeps," Paramount Feature, is Coming

It is safe to assume that there isn't a man, woman or child in these United States who would be unable to give the correct answer to the question: Which is "the city that never sleeps?" And because everyone does know the answer, James Cruze's latest Paramount picture that bears this alluring title, is awaited with more than ordinary interest by local film fans.

The "City That Never Sleeps" will be shown at the Ceramic Theater three days, starting Monday.

New York—wonder city of the world—in the good "old days" before the war and before prohibition, with its notorious Bowery, East Side gangsters, cheap saloons and free lunch; and New York in 1924, with its jazz-mad Broadway, its gay White Way, its glittering night life and its fast set—against these two contrasting backgrounds "The City That Never Sleeps" unfolds its poignant story of mother-love and sacrifice.
